Conflict of Interest Policy

The following Conflict of Interest Policy has been adopted by the Partners International Board of Directors. Each board member, officer, employee, volunteer, intern, and independent contractor of Partners must sign this statement annually to reflect the absence of any relationships or financial interests described in the policy or disclose any which do or may exist.

For this policy the definition of "personal relationship" is as follows: grandparents, parents, stepparents, in-laws, spouse, spouse's family, sibling, sibling's spouses, sibling's in-laws, children, stepchildren, ex-spouse, aunts, uncles, cousins, nieces, nephews, and other close friends.

Partners seeks to avoid any potential conflicts of interest created by close personal relationships between employees and vendors, contractors, beneficiaries, grantees, services providers, or any other organizations/persons working or planning to work with Partners. Individuals are prohibited from providing assistance or services through any Partners program, such as materials, money, or other goods, services, or resources to anyone with whom they have a close personal relationship. Employees are also prohibited from supervising and participating either directly or indirectly in the hiring, promotion, or evaluation of any individual with whom they have a close personal relationship.

Contracts or transactions (i) between Partners and one or more of its board members, officers, or employees, or (ii) between Partners and any corporation, partnership, association or other organization in which one or more of its board members, officers or employees are directors or officers, or have a financial interest, shall not be void or voided solely for this reason, or solely because the board member, officer or employee is present at or participates in any meeting which authorizes the contract or transaction, or solely because his, her, or their votes are counted for such purpose, if:

I. The material facts regarding the relationship or interest are disclosed or are known to Partners and/or the Board of Directors and in good faith authorized the contract or transaction by the affirmative votes of a majority of the disinterested board members or officers, even though the disinterested board members or officers may then become less than a quorum; or
II. The material facts regarding the relationship or interest are disclosed or are known to the Partners and/or Board of Directors and officers voting on the contract or transaction is specifically approved in good faith by a vote; or
III. The contract or transaction is fair to Partners as of the time it is authorized, approved or ratified.

Common or interested Board members or officers may be counted in determining a quorum at any meeting which authorizes the contract or transaction, provided, however, that the interested person or persons shall be excluded from the room during the discussion of the contract or transaction in question and during the vote.
The policy requires all individuals to immediately notify their supervisor, the HR Department at poahr@partners.net or the Compliance Team at compliance@partners.net in writing of any potential issues that may arise during the performance of their work, which may constitute a conflict of interest.

When informed of a close personal relationship in accordance with this policy, supervisor and/or the Compliance Team will recommend steps to eliminate any potential conflict of interest. In the case of a supervisor-subordinate close personal relationship, a reasonable effort will be made to reassign one of the employees to another position.

Failure to disclose the existence of a close personal relationship in accordance with this policy may be cause for termination. Any employee who believes this policy is being violated should report the concern to their supervisor, the HR Department at poahr@partners.net or the Compliance Team at compliance@partners.net.

Partners intends to provide for its employees, and non-employees (such as interns, volunteers, consultants and independent contractors), a work environment that is pleasant, healthful, comfortable, and free from intimidation, hostility or other offenses which might interfere with their performance. No Partners employees, non-employees or members of the Partners network shall threaten or insinuate, either explicitly or implicitly, that any person's refusal to submit to sexual advances will adversely affect the work.

Other sexually harassing conduct in the workplace is also prohibited. Such conduct includes, but is not limited to: a) unwelcome sexual flirtations, touching, advances, or propositions; b) verbal abuse of a sexual nature; c) graphic or sexually suggestive comments; d) sexually degrading words to describe an individual; and e) the display, storage or transmission of sexually suggestive objects or pictures.

Sexual Exploitation and Abuse Prevention Code of Conduct

No code of conduct or policy can anticipate every situation that may arise. Accordingly, this code is intended to serve as a source of guiding principles and to complement already established policies, not to act as an exhaustive list. Individuals who work under awards that have their own codes of conduct on this subject are expected to abide by those codes as well. Partners of the Americas (POA) reserves the right to make all decisions on a case-by-case basis.

Sexual Exploitation & Abuse Prevention

POA is committed to providing a safe and supportive working environment, free from sexual abuse, exploitation, and harassment for all program beneficiaries (hereafter referred to as "Participants") who attend or participate in programs, activities, and/or events sponsored by the organization. Sexual exploitation and abuse (SEA) of any sort – verbal or physical – is prohibited and will not be tolerated by POA. Moreover, POA will not tolerate acts of SEA by any employee, non-employee, members of the Board of Directors, members of a partner organization with a contractual relationship with POA, or members of the POA network, including but not limited to consultants, volunteers, and Chapter members implementing programs on behalf of POA (hereafter referred to as a "POA Affiliate"). This policy applies to all POA Affiliates interacting with Participants.

POA recognizes the unequal power dynamic that may exist between POA Affiliates and Participants, and therefore the potential for exploitation in its work. POA further recognizes that exploitation undermines the credibility of its work and severely harms victims of these exploitative acts and their families and communities. No POA Affiliate shall threaten or insinuate, either explicitly or implicitly, that any person's refusal to submit to sexual advances will adversely affect them.

POA Affiliates will respond to Participants with respect, consideration, and equal treatment, regardless of sex, gender, race, religion, sexual orientation, culture, ability, or socio- economic status. POA Affiliates must conduct themselves in a professional manner as representatives of the organization, consistent with the standards for U.N. employees in Section 3 of the U.N. Secretary

General's Bulletin-Special Measures for Protection from Sexual Exploitation and Sexual Abuse (ST/SGB/2003/13). Thus, as a condition of their employment or engagement, POA Affiliates must acknowledge and agree to the following core principles which are consistent with Section 3 of the U.N. Secretary-General's Bulletin (ST/SGB/2003/13):

- Sexual exploitation and abuse by a POA Affiliate constitute acts of gross misconduct and are therefore grounds for termination of employment and/or relationship.
- Sexual activity with children (defined according to the Convention on the Rights of the Child as all persons under the age of 18) is prohibited regardless of the age of majority or age of consent locally. Mistaken belief in the age of a child is not a defense.
- Exchange of money, employment, goods, or services for sex, including sexual favors or other forms of humiliating, degrading, or exploitative behavior, is prohibited. This includes exchange of assistance that is due to beneficiaries.
- Sexual relationships between POA Affiliates and Participants are prohibited since they are based on inherently unequal power dynamics. Such relationships undermine the credibility and integrity of humanitarian aid work.
- Where a POA Affiliate develops concerns or suspicions regarding sexual abuse or exploitation by another POA Affiliate, they must report such concerns via established organizational reporting mechanisms.
- POA Affiliates are obliged to create and maintain an environment that prevents sexual exploitation and abuse and promotes the implementation of this code of conduct. Managers at all levels have a particular responsibility to support and develop systems that maintain this environment.

SEA Complaint Procedure

If you believe you have been subjected to SEA or you are aware of any such conduct, the incident must be reported immediately. POA Affiliates must report all incidents or suspicions of SEA immediately through one of the means listed below.

1. Contact the immediate supervisor, program, or country director of the alleged offender.

2. Contact POA's external and confidential hotline, Foster Thomas, at bbulger@fosterthomas.com. Foster Thomas is an outside party who will relay any concerns to the Ethics Committee of the Board. Reports may be made anonymously.

3. Contact POA's internal HR department at poahr@partners.net.

All complaints will be promptly and thoroughly investigated, and each complaint will be handled confidentially. Complaints will be investigated impartially and if found to be truthful, POA will

take immediate corrective action. Anyone found to have engaged in SEA will be subject to appropriate disciplinary action up to and including termination.

Retaliation for SEA Complaint

POA prohibits any retaliation against anyone who legitimately exercises their rights under this policy, files a complaint, or participates/cooperates in an investigation. There is to be no interference, coercion, discrimination, reprisal, or retaliation against any person for making a valid and truthful complaint or report of a violation. Anyone who believes they are being discriminated against as a result of legitimately filing a complaint or truthfully participating in an investigation should immediately file a report through one of the ways mentioned above.

Anyone who becomes aware of possible harassment or retaliation must immediately file a report so that the organization can investigate in a timely and confidential manner. POA will take action against anyone, whether they are the subject of a complaint or not, who seek or carry out retaliatory action against complainants, witnesses, or victims. Employees may be subject to disciplinary action, up to and including termination of employment. Others who work with POA may have their relationship with POA terminated.

Please refer to the SEA Prevention Policy for further information and guidance.

Child Safeguarding Code of Conduct

No code of conduct or policy can anticipate every situation that may arise. Accordingly, this code is intended to serve as a source of guiding principles and to complement already established policies, not to act as an exhaustive list. Individuals who work under awards that have their own codes of conduct on this subject are expected to abide by those codes as well. Partners of the Americas (POA) reserves the right to make all decisions on a case-by-case basis.

Child Safeguarding

POA is committed to providing a safe, nurturing working environment and protecting children who participate in programs and/or events sponsored by the organization. POA is committed to supporting victims, improving safeguarding capacity, and ensuring that children are safe when participating in POA programs and/or events sponsored by the organization. Child Safeguarding is preventative actions to ensure that all children are protected from deliberate or unintentional acts that lead to the risk of or actual harm by POA Affiliates who come into contact with children or impact them through our development interventions, humanitarian responses, and operations. POA takes a zero-tolerance approach to child exploitation and/or abuse by any POA Affiliates. This policy applies to all POA Affiliates interacting with children.

POA's current programs support activities with children, who are particularly vulnerable to abuse and exploitation. This is due to the inherent power differential that exists between aid organizations and impacted communities, which heightens the risk of abuse and exploitation. In order to protect all program beneficiaries against this power differential, the Child Safeguarding Policy, the Sexual Exploitation and Abuse Prevention Policy, and the Sexual Harassment Policy serve to transform POA's values into behaviors to which all POA Affiliates are expected to conform.

POA's capacity to achieve its vision and mission depends upon all POA Affiliates. Therefore, all POA Affiliates must uphold and promote the highest standards of ethical and professional

conduct. POA prohibits any act of child abuse, child exploitation, child neglect, economic exploitation, bullying and cyberbullying, or ill treatment. The following core principles are to be followed by all POA Affiliates:
