GLOBAL MEDICAL PLAN

Prescription Drugs		International (outside the U.S.)	Cigna Pharmacy Management	
			Participating	Non Participating
Retail (each 30 day supply)	Generic	90%	$5 copay	In-Network Coverage Only
	Brand Name		$30 copay	
	Non-Preferred Brand		$90 copay	
Mail Order (each 90 day supply) **Service only available In-Network U.S.*	*Generic	n/a	$15 copay	
	*Brand Name		$90 copay	
	*Non-Preferred Brand		$270 copay	
Dispense as Written (DAW)/Member Pay Difference		n/a	If a customer receives a brand name drug when there is a generic equivalent, the customer pays the generic copay, plus the cost difference between the brand and generic drug. However, if the prescribing physician indicates, "Dispense as Written – DAW" on the prescription, the penalty does not apply, and the brand copay applies.	
Patient Assurance Program		n/a	Your plan includes the Patient Assurance Program, which waives the deductible, if applicable, and reduces the amount you owe for certain medications used to treat chronic conditions included in the program. Additionally: Any amount you pay for these medications only count toward meeting your out-of-pocket maximum, if applicable. Any discount provided by a pharmaceutical manufacturer for these medications only count toward meeting your out-of-pocket maximum, if applicable.	
Utilization Management		n/a	Protection Packages focused on getting the most clinically appropriate and cost effective medication to the patient.	

Global Wellness Programs

Cigna Wellbeing App™	As part of our overall value proposition, we are including access to our Cigna Wellbeing App™. Global Telehealth services are included. Your employees and their dependents will have access to licensed doctors around the world – by phone or video – for non-emergency health issues. Simply arrange a telephone or video consultation from the Cigna Wellbeing App™. Appointments are often scheduled for the same day you contact us. There may be limitations regarding the type of care that can be provided through Telehealth as opposed to a traditional face-to-face visit.
Pre-Departure Medical Assessment	Cigna Global Health Benefits' pre-departure medical assessment program is a unique clinical program that offers comprehensive case management, care coordination, impatient management, evacuation assistance, and online expert second opinions for employees and dependents either in the U.S. or abroad. The tool can be accessed prior to or during assignment through Cigna's secure web portal, www.cignaenvoy.com. Employees that utilize the pre-assignment assistance program are more likely to have a successful assignment.

Global Wellness Programs

Health Assessment and Targeted Risk Assessment

Our health assessment (HA) provides employees the opportunity to find which areas of health they are doing really well in and which need attention. After completion of the online assessment via Cigna's secure online portal, Cigna Envoy, every participant gets their own highly personalize report that provides practical tips and advice on making relevant lifestyle improvements.

Based on an employee's answers to the Health Assessment, an invitation to complete a Targeted Risk Assessment (TRA) for each identified risk factor is immediately sent online. These lifestyle risk factors include sleep, stress, nutrition, and physical activity. TRAs provide an in-depth assessment for each lifestyle risk and a highly personalized report with actionable recommendations

"My Library" the online library which supports these assessments, provides articles and recipes tied to assessment results. The articles are evidence based, and recipes are written by a qualified nutritionist. These materials are translated and culturally adapted in 38 localizations. Additionally, employees will now have access to an engagement kit that allows for a four week campaign, encouraging participation and education around health and wellbeing. Afterwards there will be ongoing communication featuring articles on health and wellness.

The Health Assessment, Targeted Assessments and "My Library" are all mobile friendly.
