Time-Off Requests: Supervisors

Approving Time Off for Employees

When a time-off request has been requested by an employee through Employee Self-Service, the time-off supervisor, as well as any other supervisor who is set to receive an email, will receive an email stating the request details.

New Time Off Request

Employee: JACK SHEPHARD
Hours: 3.00
PTO Type: Sick
Dates:
03-21-2013 00:00:00 at 08:00:00
Reason: Doctors appointment

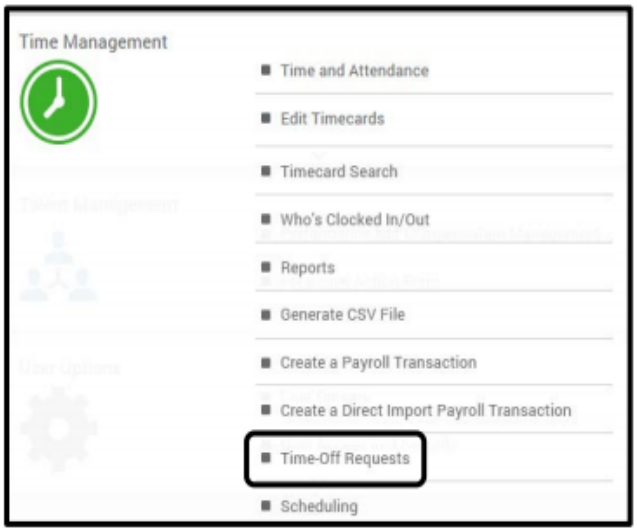
Please log in to Paycom to approve or deny the request.

To approve or deny the request there are a couple options.

Option 1) Time-Off Calendar
Option 2) Quick Approve

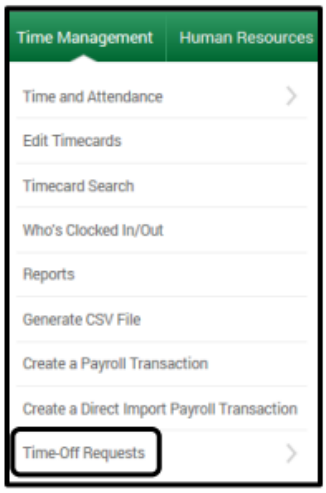
Option 1) Time-Off Calendar

To access the Time-Off Calendar, select Time-Off Requests from the Time Management tile on the Main Menu.

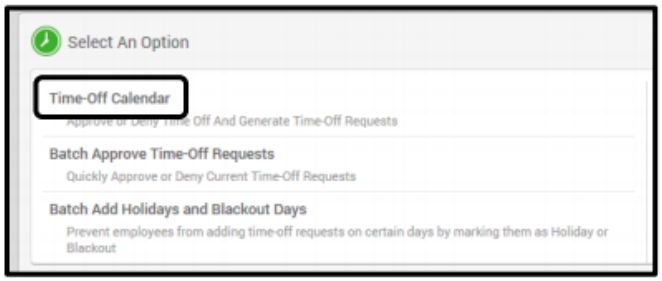


Time-Off Requests: Supervisors

You can also select Time-Off Requests from the Time Management tab in the top, green navigation bar.



The Time-Off Calendar shows the supervisor how many requests have been made on a given day in a calendar view. This option is beneficial if you want to ensure the proper coverage on a given day because the calendar allows you to see all the requests for that particular day. To begin, select "Time-Off Calendar."



Time-Off Requests: Supervisors

You can filter the time-off requests by Department, Employee, Employee Status and Time-Off status. This allows you to see the applicable employees on the calendar.

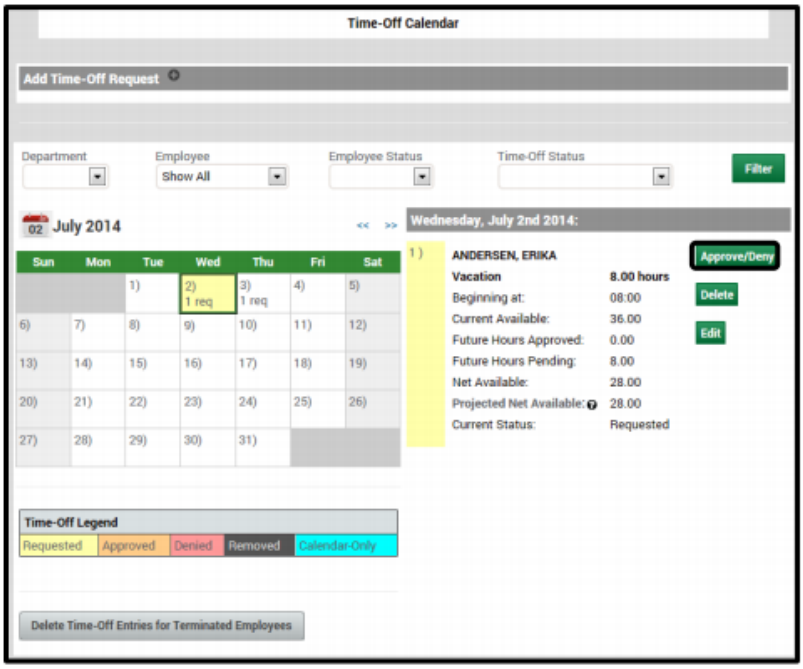
The requests are color coded on the Time-Off Calendar according to status:

- Requested: Yellow
- Approved: Orange
- Denied: Red
- Removed: Black
- Calendar Only: Blue

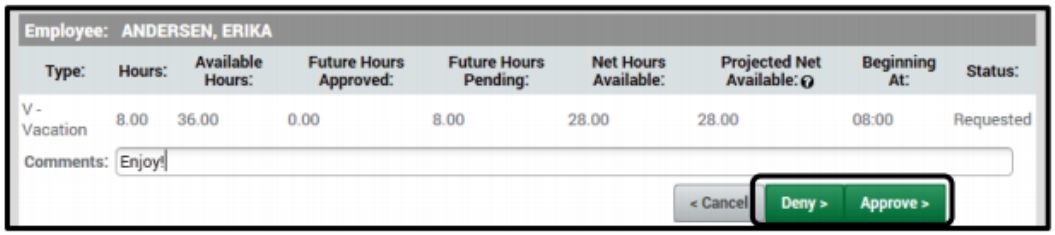
Clicking a specific day will show which employees have requested time off for that day, if the time has been approved or denied and any comments added.

The request will show Available Hours, Future Hours Approved, Future Hours Pending and the Net Available as of the last pay period end date for the employee.

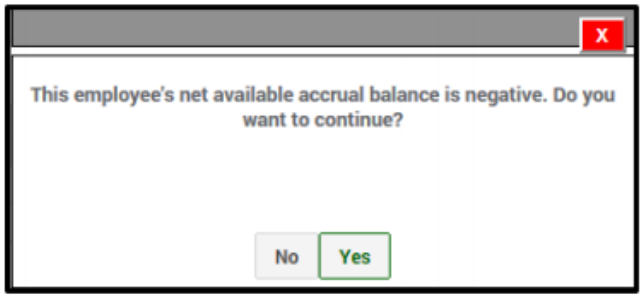
To approve or deny a request, select "Approve/Deny." You also have the ability to delete the request from the Time-Off Calendar or make edits to the request by selecting "Delete" or "Edit."



You have the ability to add comments or simply select “Deny” or “Approve.”

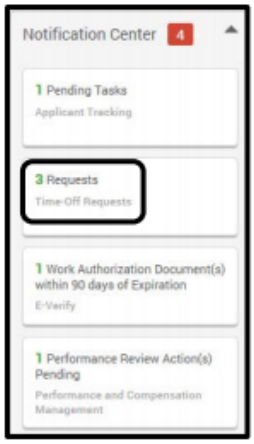


If an employee’s accrual balance is currently negative and you approve their time-off request in the Time-Off Calendar, a pop-up message will appear alerting you of the employee’s negative accrual balance.



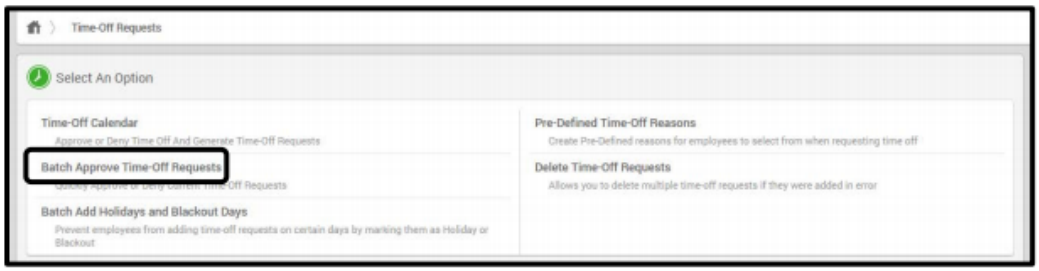
Option 2) Batch Approve Time-Off Requests

The Batch Approve feature allows supervisors to Batch Approve or Batch Deny multiple time-off requests at one time. You can access the Batch Approve screen by selecting the link in the Notification Center on the Main Menu.



Time-Off Requests: Supervisors

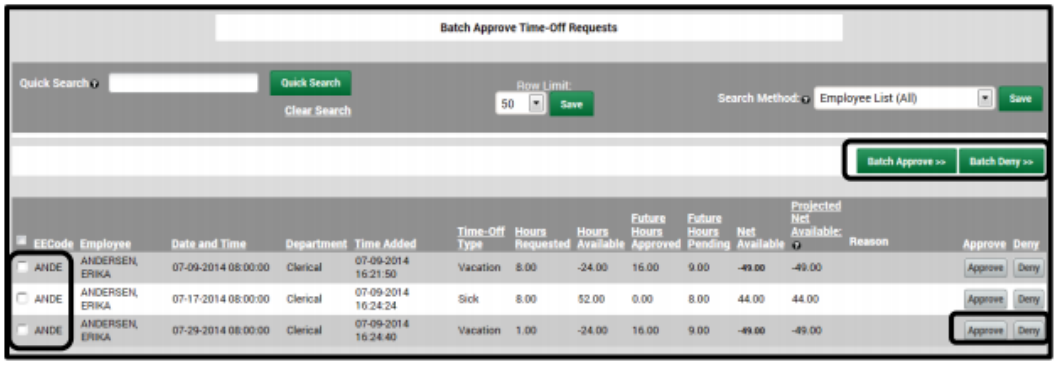
You also can select “Batch Approve Time-Off Requests” from the Time-Off Requests menu.



From this screen you can see all of the information about the request and available hours, as well as approve/deny requests. Check the box next to the name of the employee(s) whose request(s) you are approving/denying and then select either “Batch Approve” or Batch Deny.”

Use the Quick Search or Search Method filters to reduce the number of employees displayed on the screen.

You can also approve/deny requests on an individual basis by selecting the appropriate option for a specific employee.



Time-Off Requests: Supervisors

You have the option to enter any comments. When finished, select “Approve All.

Notifying Employees

An employee can see if a supervisor has approved or denied their request by looking at the color-coded Time-Off Calendar and accompanying time-off legend or by clicking on the specific date on the calendar within Employee Self-Service. The employee will also be able to see any comments the supervisor added.

Once a request has been approved/denied, an email will be sent to the employee.

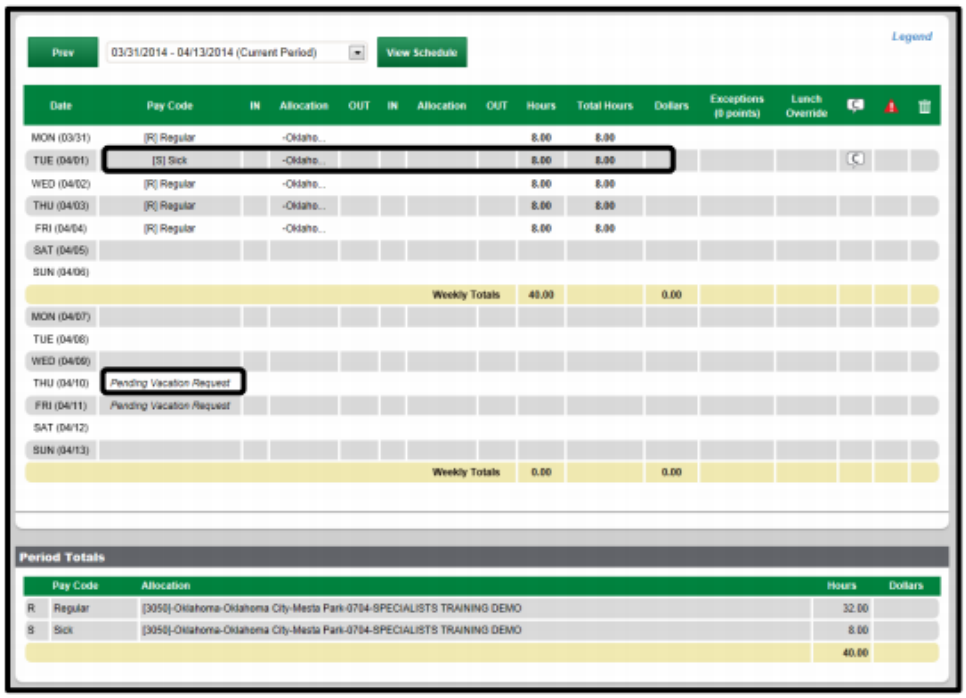
Time-Off Requests: Supervisors

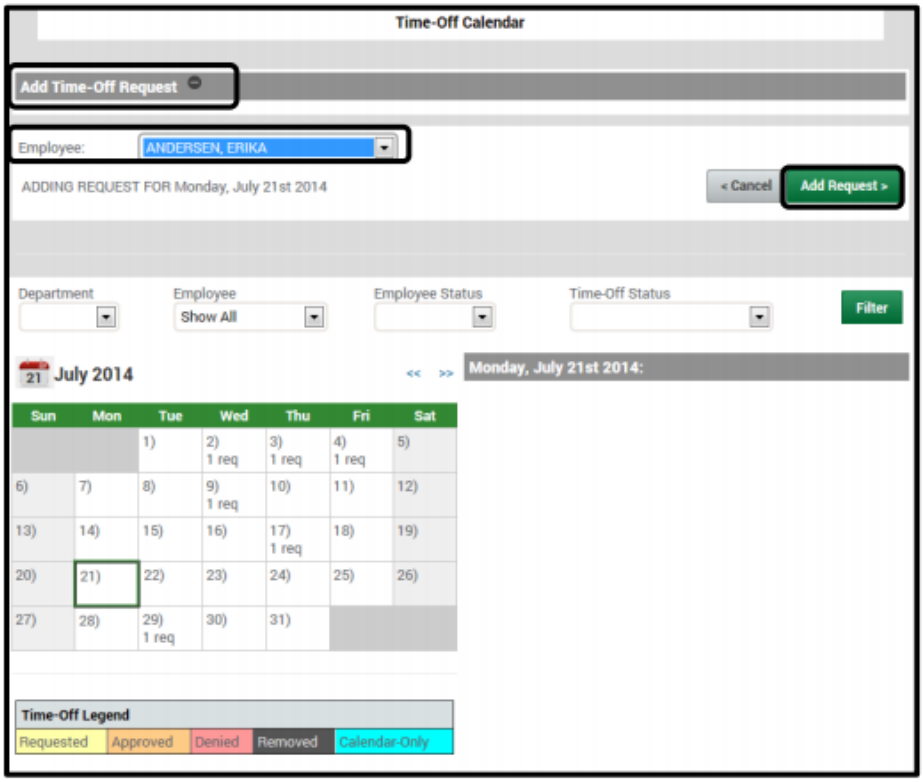
The time off will automatically appear on the employee's timecard. *Note: The time will automatically be applied to the employee's home department* **.However it is allocated to 91L , our benefit pool.**

If the time is later denied, deleted or changed, it will be updated accordingly on the employee's timecard.

You have the ability to allow employees to view pending time-off requests on timecards, ensuring all time has been approved/denied prior to timecards being approved. Contact your dedicated specialist to enable this feature.



Submit a Time-Off Request for an Employee

If provided access, within the "Time-Off Calendar" section there is an option for you to submit a time-off request on behalf of an employee.


Select the date for the request by clicking on the calendar day. Then click the "Add Time-Off Request" header. Choose the employee from the "Employee" drop-down and select "Add Request."
