MEDICAL/RX

The Health Insurance and Rx Plans will now be offered through the DC Health Link. Partners has chosen a Metal Level Option. This means that you will have all the Platinum Plans of all available carriers to choose from for your coverage.

Employee Semi-Monthly Costs :

These will vary depending on the plan you choose. Partners has chosen to set their Employer Contribution based on covering 80% of the cost of a Blue Choice Opt Out Plus Platinum POS Plan. Employees will have the option after you log into the DC Health Link to choose this "reference plan", or they may buy-up or buy-down your coverage based on your needs.

The cost of your portion of the premium will be shown when you log into the Health Link site and will adjust based on the plan you choose. In any case, Partners of the Americas will be covering up to the cost of 80% of a Blue Choice Opt Out Plus Platinum POS Plan for you regardless of your personal plan choice.

For example:

- If you and/or your dependents see only physicians in-network and have no need for the out-of-network option offered in the POS Plan, you have the option of choosing an HMO and lowering your total premium.
- If you and/or your dependents see physicians you know only participate in PPO plans you may choose the PPO option and your overall premium will be higher.

DENTAL

The dental insurance plan is provided by United Concordia. Partners covers 80% of all coverage. Employees are responsible for covering their 20% of their and their dependents coverage (if they are covering dependents). A benefit summary for the PPO dental plan can be found on the following pages.
