GENERAL DESCRIPTION AND INTRODUCTION

This Sub-agreement is entered into by and between Partners of the Americas, Inc., located at 1424 K Street NW, Suite 700, Washington, DC 20005, hereinafter referred to as "POA " and Centro de los Derechos del Migrante, Inc (CDM), located at 10 E North Ave. Baltimore, MD 21202, hereinafter referred to as "Sub-Awardee". Both together hereinafter referred to as "the Parties."

Introduction

POA has been granted the Mexico Awareness Raising project, funded by the U.S. Department of Labor (USDOL) under award number IL-35868-21-75-K, to strengthen awareness of the Mexican labor justice reform among workers, employers, and union leaders.

The project will aim to achieve the following outcomes:

- Outcome 1: Increase understanding by workers, employers, and union leaders on how to utilize Mexico's new labor systems to protect labor rights and effectively address labor disputes.
- Outcome 2: Build the capacity of the federal and state level Secretariat of Labor and Social Welfare (Secretaría del Trabajo y Prevención Social or STPS) staff and constituents from key institutions to conduct outreach regarding labor rights and implementation of the labor reforms among target audiences.

The Sub-Awardee has been identified through the proposal process as having certain required corporate and technical capabilities necessary to support POA' implementation of the agreement, and POA has determined that it is in their best interest to obtain assistance from Sub-Awardee for the performance of the work/services set forth in the grant agreement with the U.S. Department of Labor (USDOL). The Sub-Awardee, acting as an independent recipient and not as an agent or partner of POA, is willing, able and qualified to perform said work/services upon the terms hereafter provided and based on a work plan to be jointly developed by POA and Sub-Awardee.

The Sub-Awardee has agreed to perform the specified work and/or services as outlined in the program description (Annex A) and based on a work plan to be jointly developed by POA and Sub-Awardee. Sub-Awardee shall be automatically bound by any modifications issued by POA to such rules and policies adopted after the Effective Date if, and to the extent that, such modifications are applicable to POA under the Cooperative Agreement.

The provisions of this Sub-Award shall be read together and applied in a consistent manner. In the event of ambiguity or apparent conflict or inconsistency, Sub-Awardee shall notify and obtain guidance from POA before proceeding. If Sub-Awardee fails to do so, it shall be bound by POA' interpretation.

In consideration of the covenants, agreements, representations, warranties, terms, and provisions herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

Once received, the Sub-Awardee expense submissions will be reviewed for approval and certification by POA within 10 business days. The Sub-Awardee will be advanced for services directed by POA in accordance with its normal business practice, and after the liquidation of the previous month's advance is fully completed. POA will advance the Sub-Awardee's estimated projected costs within 30 days of receiving the previous month's expense report (or an Invoice) from the Sub-Awardee.

All payments made by POA to the Sub-Awardee are subject to an audit or attestation by POA and USDOL. The Sub-Awardee agrees to refund promptly to POA any payments by POA that are suspended or disallowed. The failure of POA to enforce at any time or from time to time any provision of this Sub-agreement shall not be construed as a waiver thereof.

ARTICLE 22. Applicable Laws

An extension of this agreement may be negotiated based on available funding and the agreement of each of the two parties and USDOL approval, if necessary.

ARTICLE 24. Cost Share (If applicable)
a. During the period of this award, the recipient agrees to spend an amount of funds from non-U.S. Government sources specified as Cost Share, as provided in the award budget. Any Cost Share restrictions contained in the award budget take precedence over the terms of this provision.

b. The recipient's Cost Share under this award may include project costs incurred by the recipient from its own funds, or project costs financed with cash, services, or property contributed or donated to the recipient from other non-U.S. Government sources, including Sub-awardees. Not all Cost Share requires cash outlays by the recipient; examples are depreciation and use charges for buildings and equipment.

c. The recipient's Cost Share contributions, both cash and in-kind, must meet all of the following criteria:
1. Are verifiable from the recipient's records;
2. Are not included as cost share contributions for any other U.S. Government (USG)-assisted program;
3. Are necessary and reasonable for proper and efficient accomplishment of this award's objectives;
4. Are allowable under the Standard Provision, "Allowable Costs";
5. Are not unallowable, as per the Standard Provision, "Unallowable Costs";
6. Are not paid by the USG under another grant or agreement (unless the grant or agreement is authorized to be used for Cost Share); and
7. Are included in the approved budget.

d. The source, nationality, and restricted goods requirements do not apply to cost share expenditures. The value of non-U.S. Government in-kind contributions applied to Cost Share is established by the following procedures:
1. Volunteer services must be an integral and necessary part of an approved program. Rates for volunteers must be consistent with those paid for similar work in the recipient's organization, or consistent with those paid for similar work in the labor market in which the recipient competes. Volunteer services furnished by others must be valued at the employee's regular rate of pay, exclusive of overhead costs,

provided these services are of the same skill for which the employee is normally paid. In any case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

2. The assessed value of donated supplies and equipment must be reasonable and must not exceed the fair market value of the property at the time of the donation.
3. The value of donated property must be determined in accordance with the usual accounting policies of the recipient with the following qualifications:
    I. If the purpose of this award is to assist the recipient in the acquisition of equipment, buildings, or land, the total value of the donated property may be claimed as Cost Share.
    II. If the purpose of this award is to support activities that require the use of equipment, buildings, or land, normally only depreciation or use charges for equipment and buildings may be made. However, the USG Agreement Officer (AO) may approve the charge of the full value of equipment or other capital assets and fair rental charges for land.
    III. The value of donated land and buildings must not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser.
    IV. The value of donated equipment must not exceed the fair market value of equipment of the same age and condition at the time of donation.
    V. The value of donated space must not exceed the fair rental value of comparable space and facilities in a privately owned building in the same locality, as determined by adequate market research.
    VI. The value of loaned equipment must not exceed its fair rental value.

e. The recipient must provide supporting records for in-kind contributions from third parties.

1. Volunteer services must be documented and, to the extent feasible, supported by the same methods used by the recipient for its employees.
2. The basis for determining the valuation for personal services, material, equipment, buildings, and land must be documented.

f. If the recipient expends less than the agreed upon Cost Share as specified in this award, the AO may apply the difference to reduce the amount of USDOL funding for the following funding period, require the recipient to refund the difference to USDOL when this award expires or is terminated, or reduce the amount of cost share required under the award.

g. In the event of any disallowance of expenditures from USDOL award funds, the recipient may substitute expenditures made with funds provided from non-U.S. Government sources, provided they are eligible in accordance with all the Standard Provisions of this award.

ARTICLE 25. Resolution of Conflicts

Conflicts between any of the Attachments of this sub-award shall be resolved by applying the following descending order of precedence:

a. Applicable appropriations
b. Applicable federal statutes and regulations
c. The terms and conditions of this Sub-Award, including Annexes A, B, C, D, and E
d. Most recent USDOL Management Procedures and Guidelines (MPG)
e. Annex F: POA Standard Provisions

ARTICLE 26. Suspension

The Sub-Agreement may be suspended in whole or in part, at any time or from time to time:

1. by mutual agreement;
2. by POA decision in response to USDOL termination, suspension, or other limitation of POA' funding; or
3. for Sub-Awardee's default or substantial non-compliance with the requirements of the Sub-Agreement. In each case, written notice will be issued stating the effective date of the action and what funds, if any, will be available to support expenditures after such date.

The Corrective period shall be effected by written notice to the Sub-Awardee, which notice shall identify the basis for possible termination, the reason(s), therefore, the effective date of the action, a statement identifying

which part (or all) of the remainder of the Sub-Agreement Term or the program activities subject to possible termination, and procedures and standards, as appropriate, for phasedown costs and submission of final invoices. The notice shall be effective on the date stated in the notice, or the date the notice is delivered to Sub-Awardee, whichever is later.

The Sub-Awardee shall have thirty (30) days to correct all issues as identified in the notice, failing such deadline POA may terminate the Sub-Agreement in whole or part effective on such date.

ARTICLE 27. Termination
In addition to the requirements in Annex F, the POA Standard Provisions, the Sub-Awardee shall also adhere to the following provisions on Termination and Suspension:

1. POA may unilaterally terminate this Sub-Agreement at any time, in whole or in part, for either of the following reasons:
   a. material Sub-Awardee's noncompliance; or
   b. the Sub-Awardee's financial insolvency, bankruptcy, assignment in favor of creditors, or similar or comparable status; or
   c. the termination or non-funding of all or part of the Prime Award; or
   d. Termination for Convenience - Either party may terminate this Sub-grant for convenience upon thirty (30) days prior written notice to the other party

2. The Parties may mutually agree to terminate the Sub-Agreement at any time, in whole or in part, upon such terms and conditions as may be agreed between them.

3. Termination shall be effected by written notice to the terminated Party, which notice shall identify the basis for termination, the reason(s) therefore, the effective date of the action, a statement identifying which part (or all) of the remainder of the Sub-Agreement Term or the program activities is terminated, and procedures and standards, as appropriate, for phasedown costs and submission of final invoices.

4. The termination shall be effective on the date stated in the notice.

5. If at any time USDOL determines that continuation of all or part of the funding for a program should be suspended or terminated because such assistance would not be in the national interest of the United States or would be in violation of an applicable law, then USDOL may directly or through POA, following notice to the Sub-Awardee, suspend or terminate this award in whole or part and prohibit the Sub-Awardee from incurring additional obligations chargeable to this award other than those costs specified in the notice of suspension during the period of suspension. If the situation causing the suspension continues for 60 days or more, then USDOL, directly or through POA, may terminate this award on written notice to the Sub-Awardee and cancel that portion of this award which has not been irrevocably committed to third parties.

6. POA and USDOL reserve the right to terminate this Sub-Award or take other appropriate measures if the Sub-Awardee or a key individual of the Sub-Awardee is found to have violated any of USDOL's Standard Provisions.

7. Termination and Suspension Procedures. Upon receipt of and in accordance with a termination notice as specified above, the Sub-Awardee shall take immediate action to minimize all expenditures financed by this award. Unless otherwise stated in the termination notice, or as otherwise approved on a case by case basis, POA shall not be obligated to reimburse the Sub-Awardee for any expenses incurred after the termination or suspension effective date. The Sub-Awardee shall, with due regard to economy, effect an expeditious but orderly phasedown of program activities and implementation efforts (including, without limitation, subcontracts and lower-tier sub-awards). Notwithstanding termination, POA' obligation to reimburse termination costs under this article shall in all respects be subject to USDOL funding and, if required, USDOL approval.

8. *Remedies for Noncompliance.* If a Sub-Awardee materially fails to comply with the terms and conditions of this Sub-Agreement, whether stated in a Federal statute, regulation, assurance, application, or notice of Sub-Agreement, POA may impose any of the following actions, as appropriate in the circumstances:

a. Temporarily withhold cash payments pending correction of the deficiency by the Sub-Awardee or more severe enforcement action by POA ;
b. Disallow all or part of the cost of the activity or action not in compliance;
c. Wholly or partly suspend or terminate the current Sub-Agreement;
d. Take other remedies that may be legally available;

9. *Effects of suspension and termination*. Costs of obligations incurred during a suspension or after termination of the Sub-Agreement are not allowable unless POA expressly authorizes them in the notice of suspension or termination or subsequently. Other costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

a. The costs result from obligations which were properly incurred before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancelable, and the costs would be allowable if the Sub-Agreement were not suspended or expired normally at the end of the funding period in which the termination takes effect.

10. *Force Majeure Circumstances*: Neither POA or the Sub-Awardee shall be liable for the violation of its obligation, if such violation is caused due to military actions, violations of public order, prohibitory acts of government, fires, floods, epidemics, or other circumstances which cannot be foreseen and have Force Majeure character, being beyond reasonable control. The party is released from liability for any such violation during the period of the Force Majeure circumstances if the other party is immediately notified in writing concerning the existence of such circumstances. In the case where Force Majeure circumstances continue to exist for more than 60 days, either of the parties can terminate this Agreement.

ARTICLE 28. General Provisions
To the extent applicable hereto in accordance with the regulations of USDOL governing POA' prime agreement, the POA Standard Provisions (Annex F) are incorporated in this Sub-agreement by this reference with the same force and effect as though set forth at length herein.

- All consultancies, contracts, and purchase orders over 10,000 USD
- Equipment purchases over 5,000 USD (unitary cost per equipment)

If prior written approval is not received by the Sub-Awardee, the costs will be disallowed and not reimbursed to the Sub-Awardee.

To request prior approval, Sub-Awardee will submit the written request including the following:

- Full procurement package in accordance with Sub-Awardee procurement policy and compliance with USDOL procurement standards.

If the procurement package is not complete, or not in accordance with USDOL, then POA will deny the request until the proper supporting documentation can be provided.

Funding is provided by the United States Department of Labor under cooperative agreement number IL-35868-21-75-K. XX percentage of the total costs of the project or program is financed with federal funds, for a total of XX dollars.

Projects funded under an umbrella cooperative agreement could include individual project amounts in lieu of the total umbrella agreement amount. Generally, acknowledgements for a global project should reference the full umbrella agreement amount, while acknowledgements for particular country projects should reference the country project amounts.

The Sub-Awardee must also clearly state the percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources unless it is clearly inferable from the statement above.

In addition, the Sub-Awardee is required to include a disclaimer in publications, reports, and other materials that have been directly funded by USDOL and that are produced, edited and published for distribution beyond the Sub-Awardee and USDOL (i.e., to other donors, organizations, or the general public) as follows:

This material does not necessarily reflect the views or policies of the United States Department of Labor, nor does mention of trade names, commercial products, or organizations imply endorsement by the United States Government.

If there are any reasons preventing the Sub-Awardee from including the USDOL acknowledgment or disclaimer in the publications, reports, or other materials listed above, the Sub-Awardee must discuss the issue with the POA prior to publication to obtain appropriate guidance from the Grant Officer on the matter.

Subject to prior POA and USDOL approval, the Sub-Awardee may apply the USDOL seal to USDOL-funded material prepared for distribution, including posters, videos, pamphlets, research documents, national survey reports, impact evaluations, best practices reports, and other publications of global interest. The Sub-Awardee must consult with the POA with sufficient advanced notice on whether the seal may be used on any such items

prior to final draft or final presentation for distribution. POA will obtain USDOL written permission before placing the USDOL seal on any item.

ARTICLE 33. Funding Restrictions and/or other Conditions of Award
The following funding restrictions and/or other conditions of award apply unless prior written approval is received:

- Award funds must not duplicate existing foreign government activities or substitute for activities for which such governments have already assumed responsibility. Any award funds budgeted to support activities by host country governments during the life of the award require USDOL prior approval in accordance with the MPG.
- POA will discuss with ILAB/OTLA any union engagement that is being considered for this project. Prior approval must be provided by both POA and USDOL before the Sub-Awardee has any union engagement.

ANNEX A: PROGRAM DESCRIPTION AND OBJECTIVES

Mexico Awareness Raising
Partners of the Americas and Centro de los Derechos del Migrante
Scope of Work

Partners of the Americas (POA) presents the *Mexico Awareness Raising Project*, a project **to increase workers', employers', and union leaders' understanding of Mexico's new labor systems and strengthen the capacity of institutions monitoring labor rights and reform implementation.** The project aims to reach this goal through the following two objectives: increasing understanding by workers, employers, and union leaders of how to utilize Mexico's new labor systems to protect labor rights and effectively address labor disputes; and strengthen the capacity of federal and state level Secretariat of Labor and Social Welfare staff and constituents from key institutions to conduct outreach regarding labor rights and the implementation of labor reforms among targeted audiences.

Centro de los Derechos del Migrante (CDM) will work as a sub-awardee to implement various project activities. As part of the project activities, CDM will maintain and develop strong relationships with key civil society actors, unions, and workers that will participate in the implementation of this project.

CDM will contribute to popular education methods for workers, employers, unions, and labor rights stakeholders to improve their understanding of Mexico's new labor system under Objective 1. CDM will participate in the development of media strategies and informative and accessible materials to reach target populations.

The activities below are designed to complement existing initiatives. Activities will be overseen by a CDM Project Coordinator and supported by a Project Specialist and are intended to be sustainable after the implementation period.

In support of the project's **Long-Term Outcome 1:** ***Increased understanding by workers, employers, and union leaders on how to utilize Mexico's new labor systems to protect labor rights and effectively address disputes,*** activities are designed to expand awareness about the labor reform to target groups and to promote the use of its new procedures and protections by these groups. The project will improve understanding of labor reform content for workers, labor rights organizations and employers, and will work with employers and union leaders to apply best practices in accessing new labor reform processes through:

- Expanded learning about the reform among workers, employers, and union leaders through enhanced worker education programming, union leadership training, public forums, and employer webinars and workshops.
- Improved dissemination and development of content for workers, unions, and labor rights organizations through social and mass media campaigns.
- Application of best practices in assisting employers and unions in implementing new labor reform and transparency processes.
- Improved dialogue and exchanges of best practices on reform processes between business associations and employers via communications platforms, sectoral association summits, and employer and workplace exchanges.

CDM's activities under Outcome 1 will include:

Medium-Term Outcome (MTO) 1.1: Improved understanding of labor reform content for workers and labor rights organizations

Short-Term Outcome (STO) 1.1.1: Expanded learning about the reform among workers and union leaders through educational programming

Conduct public forums and workshops

- CDM will develop and design 21 material packets, one per forum, with at least 4 materials each, which can include: agenda, invitation, infographics, how to use USDOL's Spanish language USMCA hotline, "Know Your Rights" cards, workplace posters on specific technical aspects of reform implementation in the workplace, and other printed materials to disseminate at public forums and as part of the mass media campaign.

- CDM will develop and design 6 material packages developed in 6 indigenous languages, one per language, containing at least 15 materials each, for programming in selected states.

- CDM will assist POA, union confederations, and NGLOs to leverage media contacts for press conferences at public forums held by FAT and FESIIAAAN, to generate interest in these events and disseminate the content of the reform and its implementation through news outlets.

STO 1.1.2: Improved communications strategies and content for unions and Labor Rights Organizations on using the new labor systems to protect labor rights and effectively address labor disputes

Reach workers through social media campaign

- CDM will work with POA and STPS to create and manage a comprehensive social media campaign geared towards reaching workers, with content including the key themes related to issues of the labor reform: authentication of existing collective bargaining agreements, union democracy and rights to unionize, union transparency, gender proportionality in union leadership, and protocols on gender-based violence at work.

- CDM will develop 368 materials for social communication, including video clips and infographics directed at workers as part of the social media campaign. These materials will be related to authentication of collective bargaining agreements, union democracy and rights to unionize, union transparency, gender proportionality in union leadership, and protocols on gender-based violence at work and other key themes related to the reform.

- CDM will use, and in consultation with STPS and POA, adapt material publicly available on STPS websites on the labor reform, as well as assess the creation of a project Facebook page dedicated to the reform, with the intention of transitioning control of the page by the STPS communications staff. The project's Facebook page will be designed for mobile usability to reach the highest number of workers.

- CDM will provide 14 training sessions for at least 84 participants from 24 unions, confederations, and non-governmental labor rights organizations (NGLOs), and government agencies on developing social media strategies and content creation about the labor reform's

major themes to build NGLOs' capacity to use their own social media channels and websites as strategic communications tools and content creation.

- CDM will work with at least the three project resource partner unions /confederations, Frente Auténtico del Trabajo (FAT); FESIIAAAN, and Los Mineros, to assist with co-development of content and messaging for union websites, Facebook pages and other social media platforms.

- Beginning in September 2021, and on a quarterly basis thereafter, CDM will create and disseminate project-wide success stories to use for blog postings on partner websites and social media channels as part of the social media campaign. CDM will share summaries of success stories with POA in September and March throughout the life of project for inclusion in technical reports to USDOL.

Generate widespread awareness through mass media campaign

- CDM will establish selection criteria for POA's engagement of a mass media firm, which will manage production and roll out of a mass media campaign that will include print, radio, press and other mediums to spread basic information about the reform.

- CDM will participate in the selection of the mass media firm and participate in the interviewing process.

- On a twice monthly basis, CDM will provide input on content and strategy for the nation-wide mass media campaign.

- CDM will provide oversight on the creation of mass media materials for mass media campaigns, including input to mass media companies on the formats, content and strategies to best reach key worker audiences.

- CDM will design and publicize know-your-rights materials on collective bargaining, as well as news items and access to remedies when workers' rights have been violated as part of the mass media campaign. These materials will contain information on issues related to the labor reform, including authentication of existing collective bargaining agreements, union democracy and rights to unionize, union transparency, gender proportionality in union leadership, and protocols on gender-based violence at work.

- CDM will create a minimum of 18 radio spots directed at workers, partnering with civil society organizations in Mexico as part of the mass media campaign.

- CDM will work with at least three project resource partner unions/confederations/organizations, Frente Auténtico del Trabajo (FAT), Comité Fronterizo de Obreras (CFO), FESIIAAAN, and Los Mineros to assist with co-development of content and messaging for union websites, Facebook pages and other social media platforms.

Other technical tasks:

- CDM will monitor and report on improvements in knowledge on use of social media channels and websites, strategic communications tools and ability of NGLOs to develop content.

- CDM will participate and support the development of the Semi-Annual Technical Progress Report (TPR) for USDOL-funded projects. As a part of TPR reporting, CDM will contribute key best practice and success stories.
- CDM will participate in virtual and in-person meetings with key stakeholders.
- CDM will be responsible for collecting and providing accurate data for project monitoring per the Project's Monitoring Plan (attached) and USDOL requirements.
- CDM will participate, as needed and appropriate, in external mid and final evaluations, and audits, as required by POA and/or USDOL.
- CDM will submit a detailed work plan upon signing a Sub-Agreement. The detailed work plan must be approved by POA prior to the start of activities.

Sustainability and Risk Mitigation Strategy

POA places great emphasis on sustainability and risk mitigation which are detailed in a sustainability strategy. For each project long-term objective, the project has identified high-probability / high-impact risks to sustainability and a mitigation strategy for each of these. For objective 1, on increasing understanding of the reform, we identified several risks, including lack of access to digital technology, resistance of employers and corporatist unions to reforms, potential retaliation against workers, and the potential that non-independent unions may intentionally communicate misinformation on labor reform issues to workers. For objective 2, on building the capacity of the federal and state level STPS staff and constituents from key institutions, risks identified included issues related to steep budget reductions, human resource capacity constraints and staff turnover, as well as the potential that key government institutions may not coordinate as expected. CDM will ensure sustainability of project activities as outlined in the project's sustainability strategy.

This right also includes timely and reasonable access to personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but must last as long as records are retained.

[END OF PROVISION]

XIV. SUBAWARDS AND CONTRACTS

Applicable to all

Subawardees and contractors have no relationship with the Donor under the terms of this award.

Notwithstanding any other term of this award, subawardees and contractors have no right to submit claims directly to the Donor and the Donor assumes no liability for any third party claims against the recipient.

[END OF PROVISION]

XV. AWARD TERMINATION AND SUSPENSION

Applicable to all

A. The Donor or POA may terminate this award at any time, in whole or in part, upon written notice to the other party. The termination notice must contain the reason(s) for the termination; the effective date; and, in the case of a partial termination, the portion to be terminated. If the termination is based on non-compliance, note that this termination decision may be considered in selection for future awards.

B. In the event the recipient or any of its employees, subrecipients, or contractors are found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined below, POA reserves the right to terminate this award, in whole or in part, or take any other appropriate measures including, without limitation, refund or recall of any award amount. Additionally, the recipient must make a good-faith effort to maintain a drug-free workplace and POA reserves the right to terminate or suspend this award if the recipient materially fails to do so.

C. Termination and Suspension Procedures. Upon receipt of a termination or suspension notice from POA as specified above, the recipient must take immediate action to minimize all expenditures and, in the event of termination, cancel all obligations financed by this award to the greatest extent possible. The recipient is not entitled to costs incurred after the effective date of termination unless prior approval is provided by POA.

D. Within 30 calendar days after the effective date of such termination, the recipient must repay POA all unexpended Donor funds from this award as of the effective date of termination, which are not otherwise obligated by a non-cancelable legally binding transaction applicable to this award.

E. The recipient must, to the greatest extent possible, include a provision in all subawards, including subawards and contracts, affording the recipient the right to terminate the subaward in the event POA or the Donor terminates this award, including the refund requirement in paragraph d.

[END OF PROVISION]

XVI. POA RULES FOR PROCUREMENT OF GOODS AND SERVICES

Applicable only when contract/agreement includes Procurement of Goods and Services

Recipient shall follow its policies on procurement of Goods and Services under this award. These must be in compliance with USG procurement procedures. RECIPIENT must provide a copy of their procurement policy upon request.

If RECIPIENT does not have procurement procedures in compliance with USG, POA expects competition in all procurements of goods and services to the maximum extent practical. For transactions valued at $10,000 USD or above, the Organization expects competition in the procurements of goods and services to the maximum extent practical. The Organization requires that an appropriate competitive process be utilized and fully documented (e.g., market research for commodities/off-the shelf items; three quotes for lower expected values; full and open competition/tender for higher expected values, etc.). At a minimum, for a proper procurement transaction at $10,000 or above, POA requires:

1. Specifications, scope of work or technical requirements for the goods or services to be purchased.

2. A defined criterion for selecting a good or service provider (e.g., price, capacity to deliver on time, quality of output, past performance where applicable, etc.).

3. Approval from the donor to make the purchase when required.

4. Solicitations of three (3) quotes or request for proposals from a pool of qualified providers or candidates.

    a. In the absence of three submitted quotes or proposals, then a clear documented memo for justification demonstrating that efforts were taken to obtain three quotes or proposals must be prepared and submitted as part of the procurement documentation.

5. A memo that clearly documents the approved bid/proposal and analysis that documents the "procurement story" behind how the preferred supplier was selected and how the evaluation criteria were utilized.

Ineligible Suppliers are any firms or individuals that do not comply with the requirements in "Debarment and Suspension" and "Preventing Terrorist Financing" must not be used to provide any commodities or services funded under this award.

[END OF PROVISION]

XVII. RECIPIENT AND EMPLOYEE CONDUCT

Applicable to all sub-awards

The recipient must have written policies and procedures in place to prevent personal conflicts of interest and to prevent its officers, employees, or agents from using their positions for personal gain or presenting the appearance of a personal conflict of interest. A personal conflict of interest is a situation in which an officer, employee, or agent of the recipient has a financial interest, personal activity or relationship that could impair the employee's ability to act impartially when performing under the award. The recipient's written policy must be provided upon request.

The recipient or any member of an employee's immediate family cannot receive a sub-award, or have a financial or other interest in the entity selected for a sub-award without disclosing the conflict and following the recipient's written policies and procedures for mitigating the conflict. In addition, the officers, employees, and agents of the recipient must neither solicit nor accept gratuities, favors, or anything of monetary value from sub-recipients or prospective sub-recipients. Any outside business dealings of the recipient's employees must be legal and not conflict in any manner with this award. Outside business dealings include, but are not limited to, any investments, loans, employment, or business ownership by the recipient's employees, other than work to be performed under this award.

In the event the conduct of any recipient employee is not in accordance with this provision or this award, the recipient must coordinate with POA to resolve the situation with regard to such employee including, if necessary, termination of the employee.

[END OF PROVISION]

XVIII. DEBARMENT AND SUSPENSION

Applicable to all

The recipient must not transact or conduct business under this award with any individual or entity that has an active exclusion on the System for Award Management (SAM) (www.sam.gov). The list contains those individuals and entities that the U.S. Government has suspended or debarred based on misconduct or a determination by the U.S. Government that the person or entity cannot be trusted to safeguard funds. If the recipient has any questions about listings in the system, these must be directed to POA.

POA may disallow costs, annul or terminate the transaction, debar or suspend the recipient, or take other remedies as appropriate, if the recipient violates this provision. Although doing so is not automatic, POA may terminate this award if a recipient or any of its principals meet any of the conditions listed below. If such a situation arises, POA will consider the totality of circumstances—including the recipient's response to the situation and any additional information submitted—when POA determines its response.

The recipient must notify POA immediately upon learning that it or any of its principals, at any time prior to or during the duration of this award:

(1) Are presently excluded or disqualified from doing business with the U.S.;

(2) Have been convicted or found liable within the preceding three years for committing any offense indicating a lack of business integrity or business honesty such as fraud, embezzlement, theft, forgery, bribery or lying;

(3) Are presently indicted for or otherwise criminally or civilly charged by any governmental entity for any of the offenses; or

(4) Have had one or more agreements terminated for cause or default within the preceding three years.

Principal means—

(1) An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or

(2) A recipient or other person, whether or not employed by the participant or paid with Donor funds, who—

E. Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment;

F. Charging employees recruitment fees; or

G. Providing or arranging housing that fails to meet the host country housing and safety standards.

[END OF PROVISION]

XXI. AWARDS TO FAITH BASED AND COMMUNITY ORGANIZATIONS

Applicable to all sub-awardees

Accordingly, in providing services supported in whole or in part by this agreement or in its outreach activities related to such services, the entity may not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice. If the entity makes sub-awards under this agreement, faith-based organizations should be eligible to

participate on the same basis as other organizations, and should not be discriminated against on the basis of their religious character or affiliation.

The entity must ensure that its personnel take into account in their work the considerations reflected in the International Religious Freedom Act concerning country-specific conditions, the right to freedom of religion, methods of religious persecution practiced in foreign countries, and applicable distinctions within a country between the nature of and treatment of various religious practices and believer.

[END OF PROVISION]

XXII. NONDISCRIMINATION

Applicable to all

No one shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination on the basis of race, color, national origin, age, disability, or sex under any program or activity funded by this award.

Additionally, POA is committed to achieving and maintaining a diverse and representative workforce and a workplace free of discrimination. POA prohibits discrimination, including harassment, in its own workplace on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, disability, age, veteran's status, sexual orientation, genetic information, marital status, parental status, political affiliation, and any other conduct that does not adversely affect the performance of the employee. In addition, POA strongly encourages its grantees and their subrecipients and vendors (at all tiers), performing both in the U.S. and overseas, to develop and enforce comprehensive nondiscrimination policies for their workplaces that include protection for all their employees on these expanded bases, subject to applicable law.

Furthermore POA requires that the recipient not discriminate against any beneficiaries in implementation of this award, such as, but not limited to, by withholding, adversely impacting, or denying equitable access to the benefits provided through this award on the basis of any factor not expressly stated in the award. This includes, for example, race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), national origin, disability, age, genetic information, marital status, parental status, political affiliation, or veteran's status. Nothing in this provision is intended to limit the ability of the recipient to target activities toward the assistance needs of certain populations as defined in the award.

[END OF PROVISION]

XXIII. PILOT PROGRAM FOR ENHANCEMENT OF GRANTEE EMPLOYEE WHISTLEBLOWER PROTECTIONS

- Information or data of a personal nature about an individual that, if released, would constitute a clearly unwarranted invasion of personal privacy.

In addition to the types of confidential information described above, information which might require special consideration with regard to the timing of its disclosure may derive from studies or research, during which public disclosure of preliminary invalidated findings could create erroneous conclusions, which might threaten public health or safety if acted upon.

“Internal confidentiality agreement or statement” means a confidentiality agreement or any other written statement that the recipient requires any of its employees or subrecipients to sign regarding nondisclosure of recipient information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that recipient employees or subrecipients sign.

The recipient must not require its employees, subrecipients, or contractors to sign or comply with internal confidentiality agreements or statements that prohibit or otherwise restrict employees, subrecipients, or contractors from lawfully reporting waste, fraud, or abuse related to the performance of an award to POA.

The recipient must notify current employees and subrecipients that prohibitions and restrictions of any preexisting internal confidentiality agreements or, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this provision, are no longer in effect.

[END OF PROVISION]
