2. Interim Reports

a. Program
J/TIP requires grantees to compile program progress reports according to the goals and objectives of the project as outlined in the approved proposal. J/TIP strongly recommends grantees to use the Progress Report Template that will be sent by the Program Officer upon start of the award. Section 1.1 of the report should include a summary of progress towards the overall goal, and progress towards each objective and activity under each objective. All components of the report should be completed including unplanned results, budget expenditures, staffing, key issues and challenges, continued relevance and proposed course correction, and the work plan for next quarter. As an appendix to your quarterly report

template, please include an updated copy of the Common Performance Indicator (CPI) document tracking progress against the J/TIP indicators incorporated in your project and attach a copy of your updated Results Performance Monitoring Plan (RPM) where you report on progress made towards each objective, and the associated indicators. As additional appendices, please include copies of training materials, presentations, press clippings, CVs or resumes of new staff, copies of contracts signed with new consultants or contactors, etc., if relevant to your work in the reporting period.

The Recipient acknowledges that the Grants Officer or Grants Officer Representative will share performance reports with relevant stakeholders within the Department of State and/or relevant agencies.

b. Financial
Form FFR SF-425 shall be submitted within 30 days following each calendar year quarter in accordance with the format suggested in the DOS "Terms and Conditions." This report must be certified by the Recipient's Chief Fiscal Officer or an officer of comparable rank.

3. Final Report

The Recipient must submit, within 120 calendar days after the project period end date, all financial performance, and other reports as required by the terms and conditions of the award. The TIP Office will provide further guidance on the expectations of the final report post-award.

a. Program
The Recipient is required to submit a final narrative progress report, a final Common Performance Indicator tracking sheet, a final RPM, and copies of any major grant deliverables (e.g. publications, training curriculum, etc.) The narrative progress report should describe how the goals and objectives of the award were met, problems encountered, resolutions, the likelihood that the project will be sustained after the end of J/TIP funding, and an overview of any new plans or projects that have been developed by the Recipient or other NGOs to address the problem. J/TIP has a recommended template for this final submission that the Program Officer will send closer to the project end date.

b. Financial
Form FFR SF-425 shall be submitted within 120 days after the expiration date of this Agreement. This report must disclose cost sharing and be certified by the Recipient's Chief Fiscal Officer or an officer of comparable rank.

B. Definition of Trafficking

The U.S. government defines “trafficking in persons” as:

• Sex Trafficking – when a trafficker uses force, fraud, or coercion to compel a person to engage in a

commercial sex act or when a trafficker causes a child who has not attained 18 years of age to engage in a commercial sex act.
• Forced Labor – when a trafficker recruits, harbors, transports, provides, or obtains a person for labor or services by using force, fraud, or coercion.

Trafficking in persons does not require the movement of a person. Under the Trafficking Victims Protection Act (TVPA) and generally consistent with the UN Protocol to Prevent, Suppress and Punish Trafficking in Persons (Palermo Protocol), individuals may be trafficking victims regardless of whether they once consented, they participated in unlawful acts their traffickers compelled them to commit, someone transported them into the exploitative situation, or they were simply born into a state of servitude. The Office will not support projects that use alternate definitions of trafficking.

C. Prior Approval Requirements

1) Written prior approval is required, by way of a formal amendment (DS-1909A) through MyGrants, from J/TIP's GO for:

• Change in scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval);
• Extension of period of performance;
• Recipients must request approval for a no cost extension within 90 days, and no later than 45 days prior to end of the project period.
• The sub-award, transfer, or contracting out of any work under the award not previously approved in the grant agreement (this provision does not apply to the acquisition of supplies, material, equipment or general support services);
• Changes in the approved cost-sharing or matching;
• Re-budgeting more than 10% of the total approved award between direct cost categories.

2) Written prior approval is required, by way of an email, from J/TIP's GO for:
• Change in key personnel specified in the application or award document;
1. Key personnel are defined as individuals who contribute to the program development or execution of a project in a substantive measurable way, whether or not they request salaries or compensation.
2. Project Director/Principal Investigators (PD/PI(s)) are always considered key personnel, other key personnel include individuals that are considered critical to the project, i.e. their absence from the project would have a significant impact on the approved scope of the project.
3. Resumes or CVs and level of effort greater than zero are all required of key personnel.
• The absence of more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator;

D. Equipment

Equipment is herein defined as an article of non-expendable, tangible, personal property having a useful life of more than one year and an acquisition cost in excess of $10,000. Items with an acquisition cost of $10,000 or more if allowable as direct costs shall be specifically stated in the award documents.
The Recipient retains title to property acquired with assistance funds. The Recipient is required to furnish the DOS with a listing of all non-expendable property acquired with a current fair market value in excess of $10,000 prior to completion of the project. The final inventory report must be sent to the Grants Officer to request disposition instructions as appropriate.

The Tangible Personal Property form, SF-428-C Disposition Request/Report, should be completed and submitted by the Recipient via the “Post-Award Activities” section in MyGrants.

E. Intellectual Property

The Recipient may copyright any work that is subject to copyright and was developed or acquired under a Federal award. However, the Department reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize other entities, including other non-Federal entities, to do so. In addition, the Federal Government has the right to obtain, reproduce, publish, or otherwise use data produced under a Federal award.

F. Travel

All international travel charged to this Agreement must be on an American flag carrier. If travel was on a foreign flag carrier, a statement justifying the use of a foreign flag carrier, which meets one of the exceptions cited in the "Fly America Act," must be documented and kept for the Recipient’s internal files. The GOR can provide the Recipient with a sample justification letter to use. Any travel on foreign flag carrier, which does not meet one of the exceptions of the Act, will be disallowed.

G. Branding and Marking

All programs, projects, assistance, activities, and public communications to foreign audiences, partially or fully funded by the Department, must be marked appropriately overseas with the standard U.S. flag in a size and prominence equal to (or greater than) any other logo or identity. The recipient may continue to use existing logos or program materials; however, a standard rectangular U.S. flag must be used in conjunction with such logos. Recipients wishing to use the Department of State seal in addition to the U.S. flag must receive prior written permission from the GO.

This requirement does not apply to the recipient’s own corporate communications or in the United States. For general questions about the Department marking policy and overall branding strategy, please contact VisiblyAmerican@state.gov.

The recipient must appropriately acknowledge the U.S. Government support in all dealings with program participants, and in press releases, ceremonies, dedications, interviews, publicity, etc. Furthermore, the recipient must coordinate publicity, ceremonial events, dedications, etc., with the sponsoring Department office or embassy office and public affairs officer.

For all Department funded awards, publications or articles resulting from the award must acknowledge the support of the Department and include a disclaimer of official endorsement as follows: “This [article] was funded [in part] by a grant from the United States Department of State. The opinions, findings and conclusions stated herein are those of the author[s] and do not necessarily reflect those of the United States Department of State.” The recipient must ensure that this disclaimer be included on all brochures, flyers, posters, billboards, or other graphic artwork that are produced under the award.

H. Program Evaluation Policy

J/TIP reserves the right to conduct a baseline assessment and/or rigorous independent evaluation of grant performance, to include the collection and analysis of timely and reliable data and information.

J/TIP has full responsibility for oversight of these evaluations to ensure an unbiased assessment of the grant activities. Recipients are expected to cooperate to the fullest extent possible if selected for an assessment. No additional funds will be made available for your participation, but a J/TIP commissioned evaluation should not add to grantee costs.

J/TIP will notify the Recipient in advance if their grant project is selected for an evaluation. To facilitate review and evaluation related to the performance activity, Recipients shall, whenever appropriate, disclose relevant data and information. The results of the assessment may be used for the development of agency best practices, to document program impact, assess return on investment, and to assure accountability for the American people.

I. Anti-Prostitution Policy and Requirements

The U.S. government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. Grantees are required to agree to the following special conditions prior to a grant being awarded:

(1) None of the funds made available herein may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to combat trafficking in persons, including programs for prevention, protection of victims, and prosecution of traffickers and others who profit from trafficking in persons, by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the

situation that resulted from such victims being trafficked.
(2) The Recipient shall insert this provision in all sub-agreements under this award.

J. Training Certification

An organization receiving funds must agree to the following:

"This organization hereby certifies that, to the extent practicable, persons or entities providing legal services, social services, health services, or other assistance have completed, or will complete, training in connection with trafficking in persons." The Recipient shall insert this provision in all sub-agreements under this award. TVPA sec. 107A(b)(1) (P.L. 110-457).

K. Provision on Safeguarding against Trafficking in Persons

(1) The recipient, subawardee, or contractor, at any tier, or their employees, labor recruiters, brokers or other agents, must not engage in:
• Trafficking in persons during the period of this award;
• Procurement of a commercial sex act during the period of this award;
• Use of forced labor in the performance of this award;
• Acts that directly support or advance trafficking in persons, including the following acts:

i. Destroying, concealing, confiscating, or otherwise denying an employee access to that employee's identity or immigration documents;

ii. Failing to provide return transportation or pay for return transportation costs to an employee from a country outside the United States to the country from which the employee was recruited upon the end of employment if requested by the employee, unless:

a) exempted from the requirement to provide or pay for such return transportation by J/TIP under this award; or
b) the employee is a victim of human trafficking seeking victim services or legal redress in the country of employment or a witness in a human trafficking enforcement action;

iii. Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment;

iv. Charging employees recruitment fees; or

v. Providing or arranging housing that fails to meet the host country housing and safety standards.

(2) In the event of a violation of section (a) of this provision, J/TIP is authorized to terminate this award, without penalty, and is also authorized to pursue any other remedial actions authorized as stated in section 1704(c) of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013).

19) STATE DEPARTMENT LEAHY AMENDMENT VETTING REQUIREMENTS:

Funds provided under this award are subject to Section 620M of the Foreign Assistance Act of 1961, as amended, a provision titled “Limitation on Assistance to Security Forces” (the “Leahy Amendment”). Subsection (a) of that provision states: “(a) In General.—No assistance shall be furnished under this Act [the Foreign Assistance Act] or the Arms Export Control Act to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violations of human rights.” Accordingly, none of the funds under this award may be used to provide training or other assistance to any unit or member of the security forces of a foreign country if the Department of State has credible information that such unit or individual has committed a gross violation of human rights.

In signing this award, the Recipient agrees to exercise due diligence to ensure compliance with the Leahy Amendment provision and Department of State policy, and to cooperate with the Department of State in implementation of the requirement.

The Department of State implements the Leahy Amendment requirement by vetting units or individuals proposed for training or other assistance to check for credible information of a gross violation of human rights by such units or individuals.

To facilitate Department of State vetting, the Recipient must provide the following information for proposed participants at least sixty (60) calendar days prior to commencing award activities. This information should be submitted to the U.S. embassy in the country where the award will be implemented in order to initiate Leahy vetting procedures:

Information needed: Full name, date of birth, country of birth, country of citizenship, gender, rank, title, and organizational affiliation. Please also include the activity and date that the activity will take place—if the person will participate throughout an extended program, please note the timeframe. Participant information should be submitted in the format attached.

Information required for “security forces” personnel: The above information is needed for each member

of a foreign police or military unit (security forces, broadly defined) who will participate in any activity under this award. This includes both civilian and military employees of security forces participating in any activities funded under this award, including training, workshops or meetings, conferences, or other activities.

The Recipient must collaborate with the relevant U.S. embassy on a case-by-case basis to determine if the Leahy requirement applies to specific activities or proposed participants. Individuals who are not members of the security forces but who participate in activities under the award (e.g., politicians, academics, etc.) generally do not need to be vetted.

Submission Deadline: Each candidate must be cleared under Leahy vetting in advance of participation in activities funded under this award. The vetting process typically takes approximately one month but may take longer if there are a large number of candidates or if issues arise. Thus, all information on proposed candidates must be received by the embassy at least sixty (60) days in advance of the training event or other activity.

The Recipient agrees that it will not include any security forces candidate in training or other activities funded under this award until the Department of State advises that the candidate has cleared Leahy vetting and is approved for participation.

The Recipient must submit an updated report if the foreign government reimburses the Recipient for any of the taxes reported in a previous report. The report must include the Recipient's name, contact information, award number, and the amount of foreign taxes assessed by a foreign government.

Taxes to be reported include value-added taxes and customs duties assessed by each foreign government receiving foreign assistance under this award, including under subrecipient awards or subcontracts, (listed separately) on any purchase of goods or services of $500 or more on United States foreign assistance funds under this award. The Recipient is not required to report on individual income taxes assessed to local staff or any taxes assessed by a third-party foreign government, which is not a beneficiary of the foreign assistance funds used to finance this award.
