SUPERVISOR EVALUATION

EVALUATE PERFORMANCE AND ACHIEVED GOALS

Goal 1: Expand the knowledge and use of virtual platforms

- Leverage available technology to promote the work done with hosts and show the impact generated through the program.

Haven't seen much of this effort throughout the year, but I have noticed communication with stakeholders via emails I've been copied in. To better meet this goal, can plan to provide already finalized content for the organization to publish in its online platforms.

Goal 2: Management of Field Office administrative activities

- Create Calendar of contractual renewals for 2021-2022
- Maintain current files on SharePoint.
- Arrange in person meetings with USAID Mission and Peace Corps periodically

Michelle has done well in managing these administrative activities. Has looped me in on emails and set u p calls with USAID Mission and Peace Corps representatives and has been good at providing periodic updates to all to keep the communication flowing.

Goal 3: Monitor agreed host recommendations against adopted host recommendations

- Work with staff to ensure that recommendations are achievable within given time frame
- Check every three months in sessions with staff / hosts
- Where not adopted, follow up with hosts to achieve 100% adoption
- Where necessary, recheck recommendations / circumstances to ensure host is suitable of receiving F2F assistance

In follow up calls with Michelle, I've learned she has kept her team accountable in this area of recommendations. Still unclear how she has the team ensure the hosts are adopting at 100%

DISCUSS AREAS OF EXCELLENCE

- Professionalism – exudes great customer service responses and handles difficult situations very gracefully and humbly.
- Clear & Concise – delivers clear and well thought out insights when sharing innovative ideas or expressing opinions on a matter.
- Follows instructions – captures and understands instructions with minimal follow up questions.

DISCUSS OPPORTUNITIES FOR GROWTH

- Time Management – related to organizing priorities, is making sure external commitments not associated to work (ex: family care) do not interfere with time dedicated to work.
- Attention to Detail – has not spent sufficient time reviewing content from team members before it is passed on to headquarters. There are many errors, missing important information, and inconsistencies in versions of documents used for final presentation.

PROVIDE ANY ADDITIONAL FEEDBACK

Michelle has done a great job and is eager to contribute in other ways. Just needs to be mindful of balancing priorities and managing time. Here is additional feedback from some of her colleagues:

- Easy going and diplomatic
- Knowledgeable in a wide range of topics
- Sometimes needs to be more assertive
- Well organized
- Keeps constant and full communication with teams
- Provides clear and useful information
- Proactive & innovative in problem solving

CHARACTERISTICS

QUALITY	RATING SCALE	COMMENTS
Works to Full Potential (not distracted & able to complete quality work)	4	I believe she works well and has done her best to adjust working remotely. She meets expectations though it is not at full potential during COVID season
Takes Initiative (doesn't wait to be asked to start doing his/her work)	4	I have not witnessed circumstances in which she takes initiative, but she does get her work done.
Time Management (consistently meets deadlines with quality & accuracy)	3	There have been requests from HQ that require reminders by the deadline date or thereafter (i.e. success stories, candidate interviews, etc.) This leads me to believe she needs to work on time management and that of her field team
Communication (responds promptly & accurately to requests)	2	There have been moments where she is not online (Teams) and its not marked as Leave or in a meeting on her Outlook calendar so I've had to contact her via WhatsApp and get better response this way. Otherwise, it has taken a few hours or a whole day to receive a response on Teams
Accountability (follows policies & procedures)	3	Has done okay following policies & procedures though she needs to refer back to the Supplemental Manual as I've caught things that aren't according to policy - most recently is making sure procuring a minimum of 3 vendors for expenses ovr USD $2,500
Financial Management (accurate & responsibly handeling funds)	3	Most expense reports in 2020 were okay but still presented some questions by the F&A department.
Coworker Relations (interacting respectfully & in good behaviour with staff)	4	She has kept a very good relationship with her field office and HQ office
Attendance & Punctuality (is on time to work - in the field of office, and has excused absences)	4	No tardiness or missed meetings

COUNTRY DIRECTOR TECHNICAL ROLE

Designed well-written country project strategies	5	Does not apply in this phase of the project
Identifiies local host organizations	5	Does not apply in this phase of the project, however, it is still good during this slow time due to COVID to be researching potential new hosts
Onboards field staff - review Field Office Manual & POA policies	5	In 2020 it was not necessary to carry out orientation with personnel, however, the team should be regularly reviewing the manual to ensure that everyone is following the POA policies well.

Ensures project Scopes of Work meet the country's project strategy	**3**	**Taking into account that the office had to adapt how to complete assignments during this COVID season, she meets expectation on getting her field team to work on SOWs. However, SOWs are not well written**
Oversees in-country travel & logistics for volunteers & staff	**5**	**At the moment, it does not apply**
Produces comprehensive & well-written content to POA for reports	**2**	**Some content (i.e. SOWs and highlights for USAID reports) that comes from the field office requires revisions/edits, which leads me to think she is not fully reviewing these (if produced by field staff) or she is not giving attention to detail for well written content before submitting to HQ.**
Establishes relationships with hosts, partners, & other stakeholders	**4**	**I believe she does this but will be good to know the frequency of communication with hosts & partners as a way to maintain the relationships**
Follows POA's instructions and implements updates	**3**	**Is quick to implement updates/revisions upon request**
Successfully supervises field staff & keeps them accountable	**2**	**She has had difficulties managing 1 low performing employee. While that employee's behavior is not her responsibility, taking measures to record, track, properly address the matter is an area for improvement.**
Monitors & evaluates the quality & impact of volunteer assignments	**3**	**I believe she does this, but will be good to know the strategy used (i.e. # of follow ups with hosts)**
OVERALL SCORE /90	**64**
