Goal:
• What are we working towards achieving?
• How will we know when we get there?
• SMART goal (specific, measurable, attainable, realistic, and time-bound)
Reality:
• What is happening now?
• What is going well?
• What is challenging or not meeting the goal?
Opportunity:
• Brainstorm Session of Solutions to the challenges or blocks to reaching the goal.
• What else could you do? What is that constraint were removed – would it change things?
• What are the advantages and disadvantages of each option?
Way Forward:
• What will you do?
• What is the plan or the commitment?
• How will you stay accountable?
• When will you touch base again?
