2018 Performance Review Process Guide

Part I: Review of 2018

1) Beginning mid-November 360 Peer Evaluations will be assigned for each employee. The President, in coordination with the supervisors, will identify 2-3 peers, utilizing the following criteria:
    i) One peer from outside the department
    ii) One peer from within the department, if applicable; otherwise, a second peer from outside the department
    iii) One subordinate for staff in a supervisory role

Note to supervisors: these 360 reviews should NOT be shared directly with the employee it pertains to, but rather used as constructive feedback as part of the review process.

360 Peer Evaluations are due to Supervisors by close of business on November 30th, 2018.

2) While 360 Peer Evaluations are being collected, ALL employees should complete their self – evaluation. All employees should use the 2018 Employee Performance Self -Evaluation to complete their self-review. The self-evaluation we will be used during your discussions with your supervisors as a comparison of your self-ranking versus that of your supervisors.

3) Supervisors will complete the 2018 Supervisor Evaluation of Employee Performance for each employee they supervise. Please note this is the same format as the employee's self – evaluation forms. These forms will be the final basis for any salary increase. The percent listed under part C. Overall Performance, will be the percentage increase for the following year. Please note that any percentage increased will be in proportion to number of months worked in 2018 (eg. if an employee based on the 2018 Supervisor Evaluation Employee Goals & Performance form receives a 4% increase but only worked 6 months in 2018, the resulting increase will be 2% (6 months worked/12 total months X percent increase)).
    i) After the 360 Peer Evaluations and the 2018 Employee Goals & Performance Self - Evaluation are received and reviewed, supervisors must schedule their one-on-one consultation meeting with each of their staff to share the 2018 Supervisor Evaluation of Employee Goals & Performance. This meeting should conclude with final ratings

ii) for the year; however if additional meetings are required, they should be scheduled accordingly.
iii) Any salary increase recommendations should be indicated at this time as part of the review. Once the 2018 Supervisor Evaluation of Employee Goals & Performance is reviewed and approved by the President & CEO, if applicable HR will follow up with any additional paperwork as necessary for the increase and/or flat rate increase.
iv) Please note all salary increases are subject to funding and approval by the President & CEO and will go into effect January 1st, 2019.
