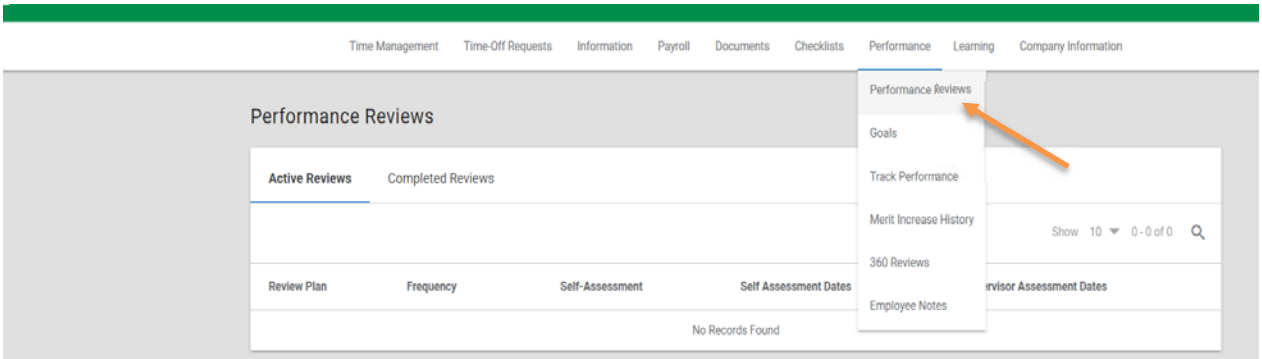
2020 Performance Review Process Guide

Partners is quickly approaching the end of the year, and the time has come again to review our performance, accomplishments, challenges, and plan to grow toward a greater future using the tools and skills we employed during 2020. We are all working in unprecedented conditions outside of our norm. Overcoming the challenges, maintaining operations, and creative solutions to new business challenges need to be acknowledged. Taking this into account, our 2020 performance appraisal process will be implemented with some alterations from the previous process to make it simpler with only three steps: **1) Self-evaluation, 2) Supervisor Evaluation** and **3) President Approval.** Additionally, each employee, along with her/his supervisor, will submit their reviews using PAYCOM as described herein. If you have difficulties with the system, please reach out to Renata to work on an alternative to implementing this performance review process.

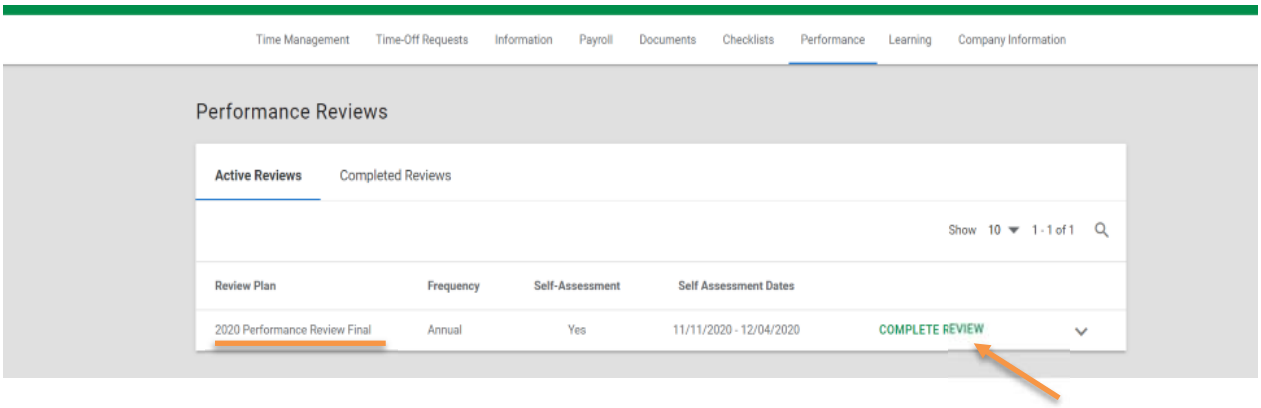
1) Self-Evaluation

Beginning mid-November, the **self-evaluation** will be assigned for each employee using PAYCOM and requires that each one completes the form by answering some basic questions about his/her performance during the 2020 year. The self-evaluation in Paycom must be submitted no later than **December 4th, 2020.**

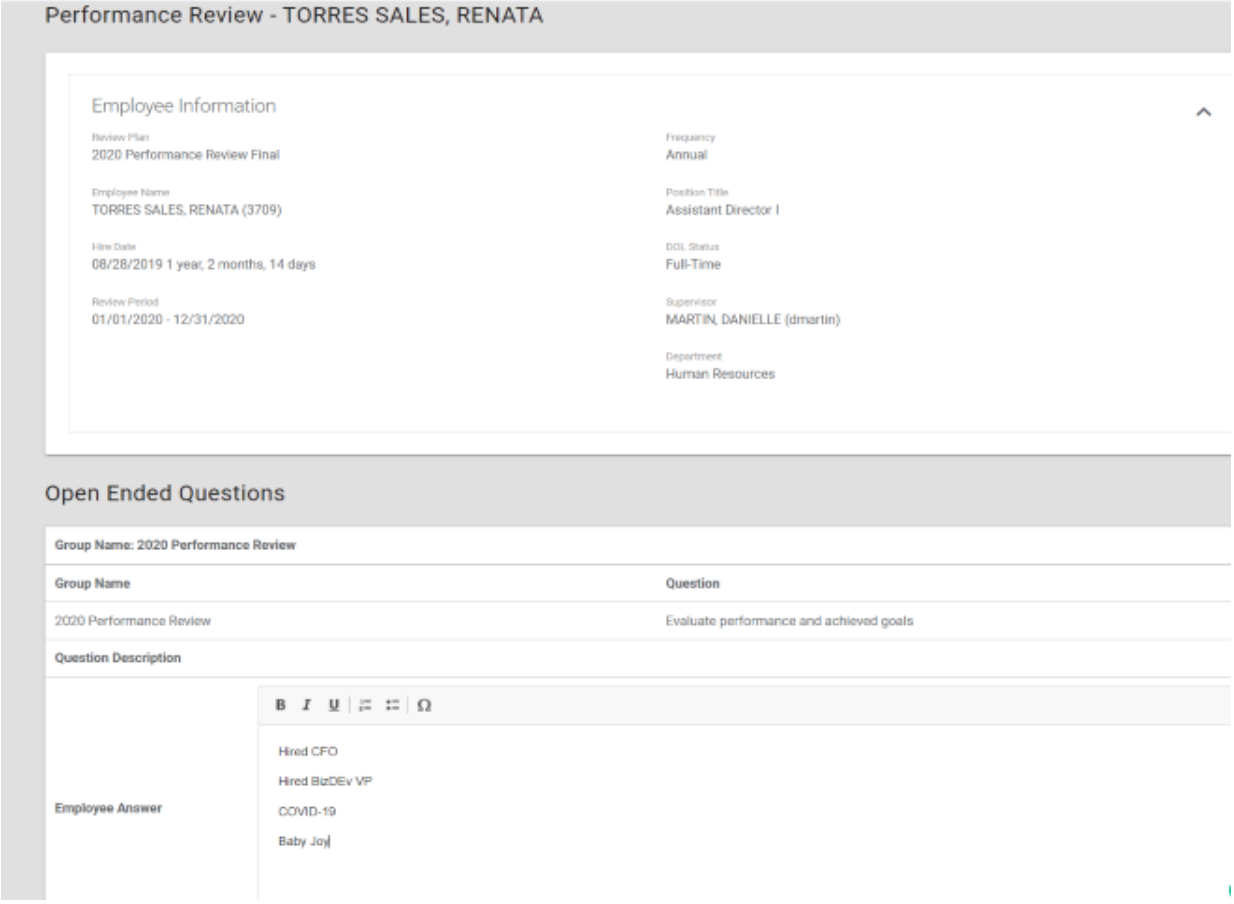
In Paycom, employees should click ***"Performance"*** from the top gray toolbar then click ***"Performance Reviews."***



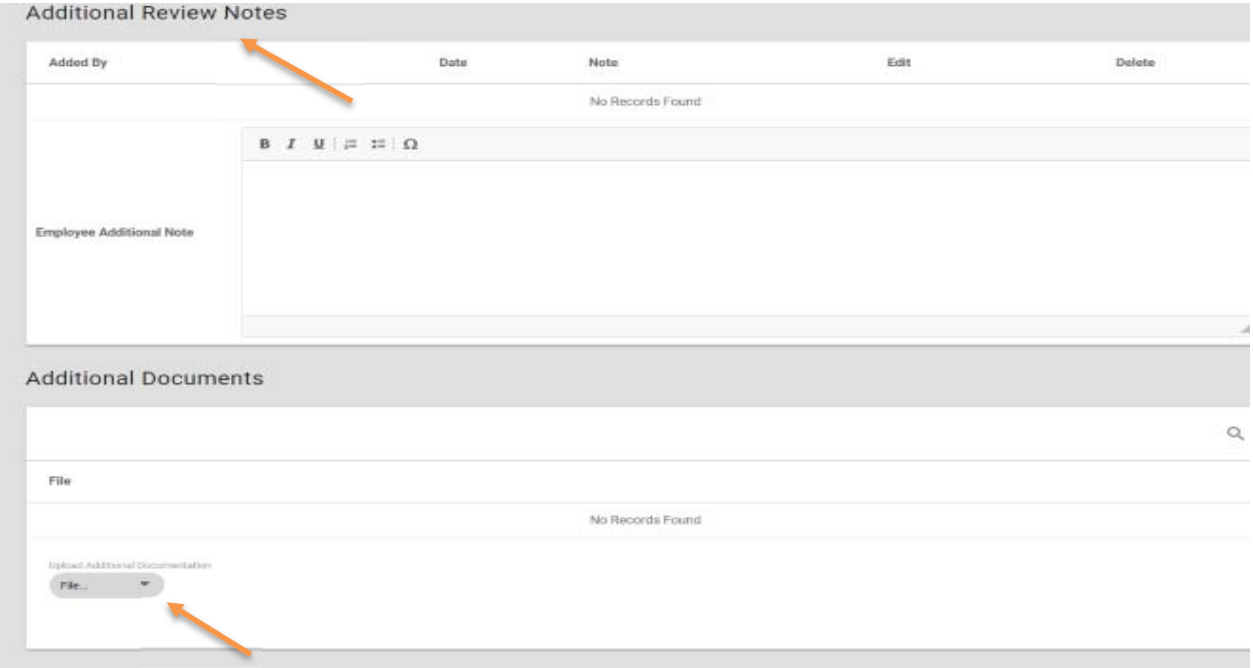
Under **Active Reviews**, employee will see ***"2020 Annual Performance Review"*** as an option, please select ***"Complete Review"*** as indicated in the next image.



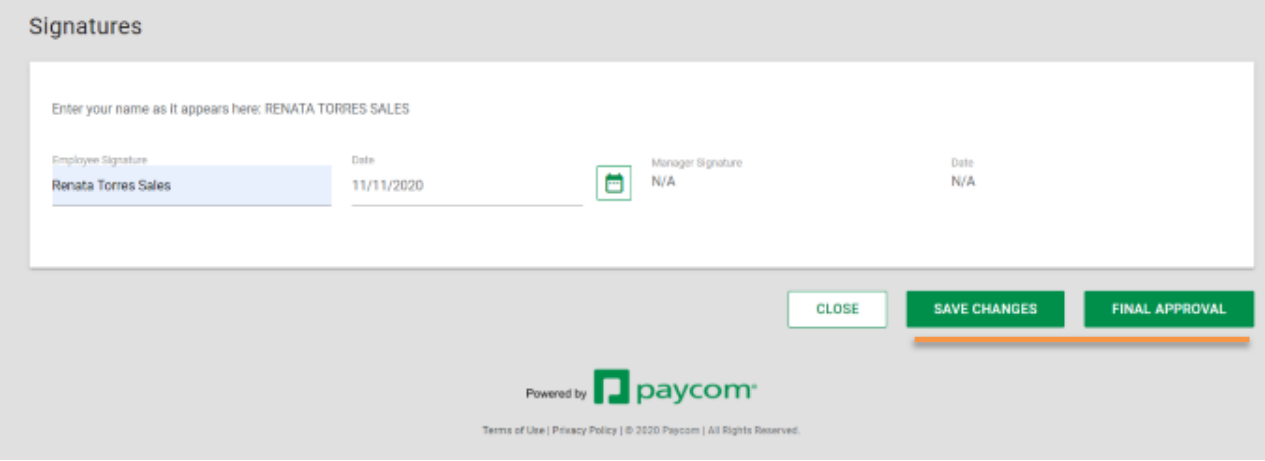
Employees **must** complete each question in the space provided. Please note that employees can ***"Save Changes",*** and resume the review at a later time prior to the deadline, **December 4th, 2020**.



Employees **may include additional notes** to be considered by his/her supervisor under **"Additional Review Notes."** If needed documents can also be upload under "**Additional Documents**", for instance, past performance reviews.



Once the review is completed, employees must fill in their ***name under "Employee signature" add date***, then click ***"Final Approval,"*** as shown below:



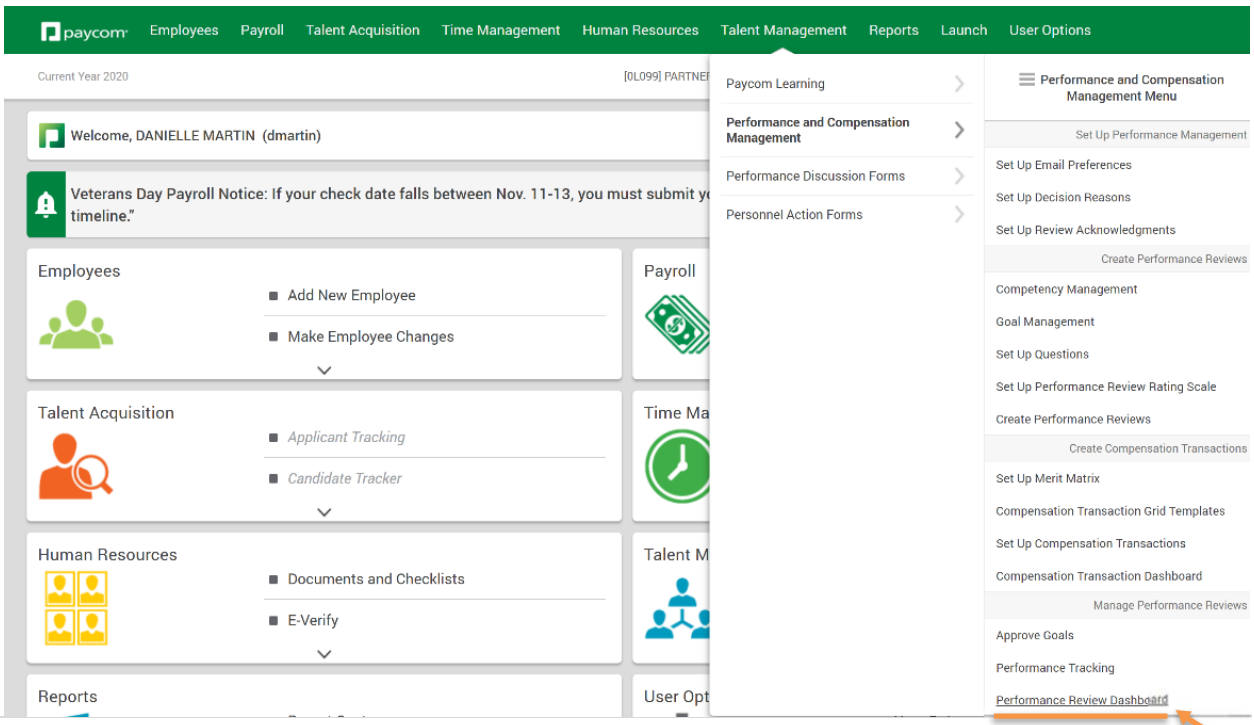
2) Supervisor Evaluation

The supervisor can access the form in Paycom to review and initiate the **supervisor evaluation** process, which is composed of two parts:

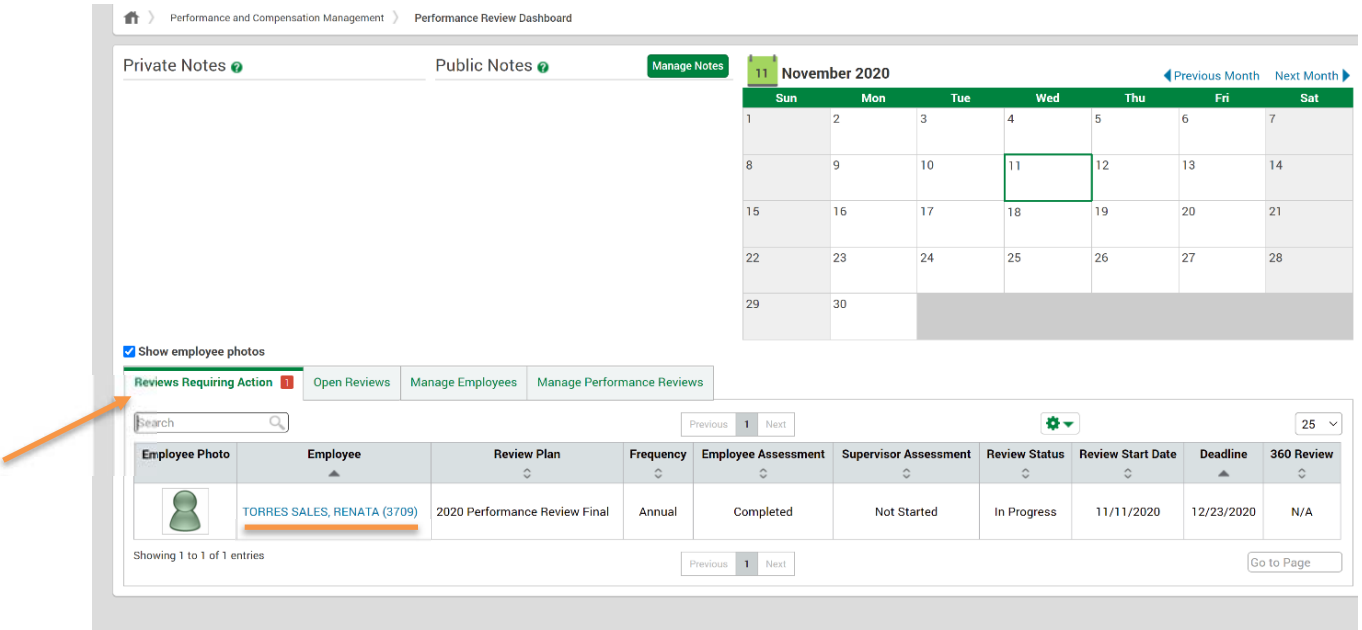
> **Part 1)** After the employee finalizes the self evaluation, , the supervisor will complete the ***"Supervisor Evaluation."***
>
> **Part 2)** Supervisor is required to meet with his/her staff and provide a one-on-one touch base with each one of them, addressing the comments provided in the evaluation form. Note that each supervisor should provide final comments and recommendations to her/his employee, as discussed during the one-on-one meeting. The employee can include additional documentation and/or comments as part of this process.

In PAYCOM the supervisor evaluation will be available immediately. Supervisor can begin their review, but should not finalize until the **Employee self-evaluation** and **the one-on-one touch base** is completed.

To access the **supervisor evaluation**, supervisors should login into their **Client Paycom**.
From the top green toolbar select ***"Talent Management"*** -> ***"Performance and Compensation Management"*** -> and under ***"Manage Performance Reviews"*** click ***"Performance Review Dashboard"***, as shown below:

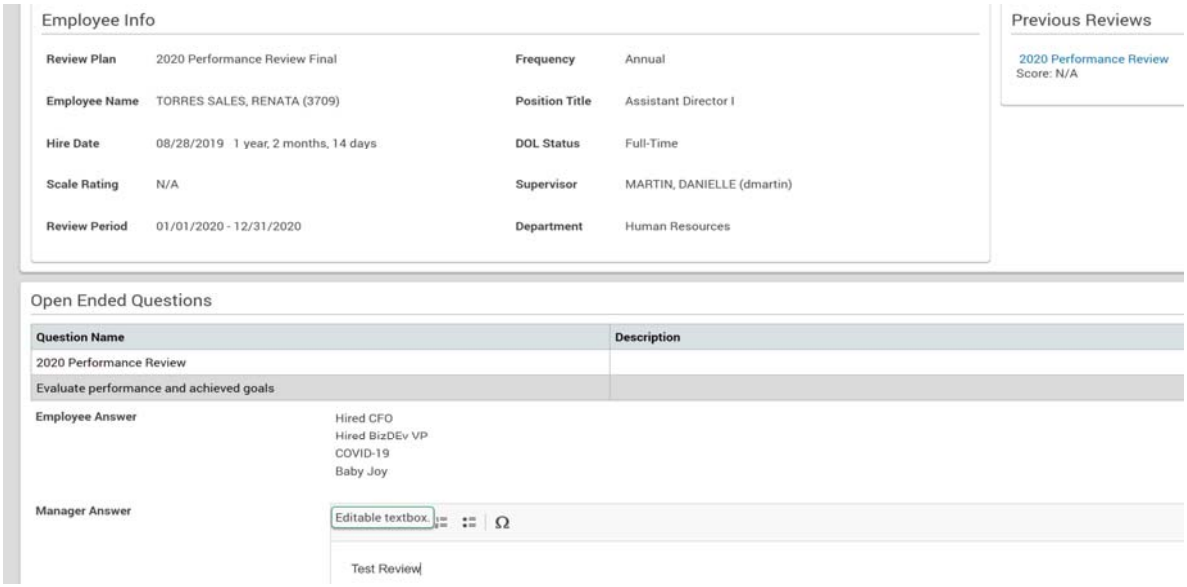


From this screen under the tab ***"Reviews Requiring Action"*** supervisors are able to review all outstanding performance reviews, along with the status, due dates, etc.



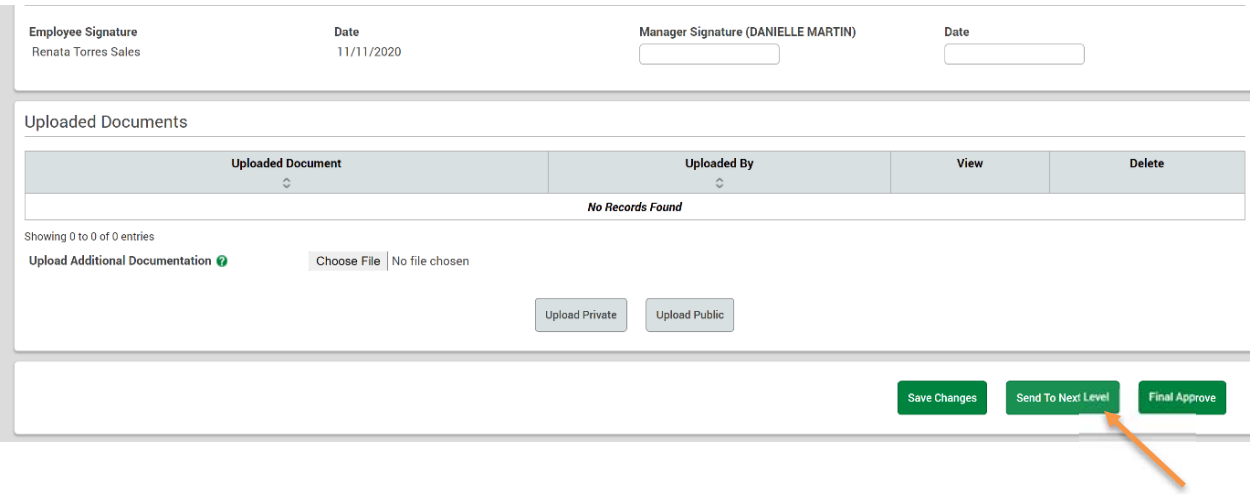
The **Supervisor evaluation** must be completed using PAYCOM and submitted no later than **December 23rd, 2020.**

To begin reviewing, the supervisor should click the employee's name. Please note the supervisor can begin a review, and finish at a later date by clicking ***"Save Changes"***.



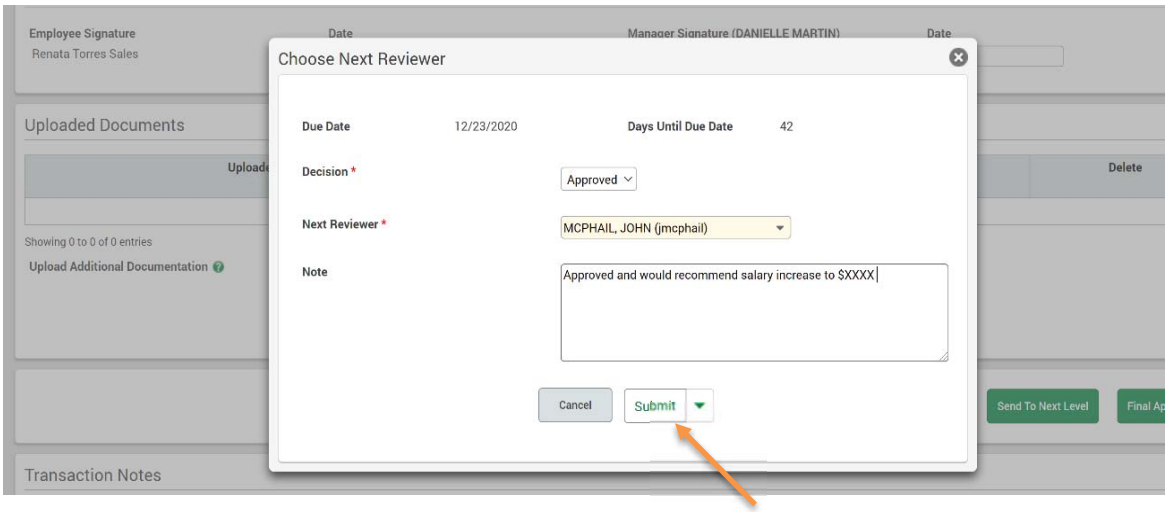
Once the supervisor has completed the one-on-one meeting and the **supervisor evaluation** in Paycom, the the review is ready for **step 3, President approval**.

To submit, the supervisor should click ***"Send to Next Level"*** as shown below:



On the next pop up the supervisor should select the ***decision*** as ***"Approved."*** The ***next reviewer*** should be ***"John McPhail."***

The **supervisor evaluation** will be the final basis for any **salary increase**. Recommendation and any percentage increase should be noted *under "**Note**"* for the CEO and the SLT final approval. Once completed click ***"Submit"***, as shown below:



3) President Approval Process

From **December 28th, 2020 - January 11th, 2021,** the President will review and request in-person meetings with employees and supervisors as needed to finalize the 2020 Review process. The President will finalze all performance reviews in Paycom.

Please note that any percentage increase will be in proportion to the number of months worked in 2020 (eg. If an employee based on the 2020 Supervisor Evaluation Employee Goals & Performance form receives a 4% increase but only worked 6 months in 2019, the resulting increase will be 2% (6 months worked/12 total months X percent increase)).
