1. Introduction

1.1 Welcome to Partners

Welcome to Partners of the Americas!

The field office manual has been prepared specifically for Partners of the Americas employees in Jamaica. It will introduce the organization and information on the rights and obligations the employee has towards the Jamaica Field Office and, at the same time, about the rights and obligations that the Jamaica Field Office has towards the employee. This Manual is therefore a basic information tool for employees working in the Jamaica Field Office.

In this book we try to explain the important topics related to financial, personnel and operational management. The Jamaica Field Office expects that all employees understand and implement all the policies and procedures found within this manual. It is the responsibility of each employee to know the policies and procedures, or when necessary, request clarification. All employees will be required to sign a [certification form](#) confirming that they have reviewed all the policies and that they will adhere to the standards set forth within this document.

When the Jamaica Field Office deems it appropriate to modify the policies and procedures, it will update the necessary parameters which will subsequently be disbursed to each employee in a timely manner. We ask you to contact your immediate superior or the Administrative and Financial Management if you have any doubt about your position or your working relationship with the Partners Jamaica, as many times as necessary.

You are the lifeblood of Partners of the Americas and, as such, we want you to find an interesting and rewarding experience in your work environment.

With all due respect, I wish you every success.

John McPhail, President & CEO

1.2 Objective and Scope

The purpose of this manual is to help its users to work in accordance with the rules and philosophy of Partners of the Americas, adapted to the Labor Code in Jamaica, thus becoming a consultation tool with unified criteria and provide a general framework and standardized set of policies and procedures for financial, personnel and operational management in Partners of the Americas' Jamaica Field Office, herein after referred to as **"Partners Jamaica"**. The supplemental manual addresses country specific laws, regulations and policies in accordance with Jamaica law.

The information presented here contains the main standards of conduct Partners Jamaica and the most common legal regulations in the workplace.

Partners Jamaica is expected to comply with all the policies and procedures set forth in this manual and are encouraged to seek clarifications if questions arise. Partners Jamaica, (including sub-offices), must maintain a printed copy of the manual for reference.

1.3 Management Control – Roles and Responsibilities in Headquarters

The Chief Financial Officer (CFO) is the authority on the Partners Jamaica supplemental manual, or in absence of the CFO, an individual designated by the President and CEO. Partners Jamaica is encouraged to provide input, suggestions and corrections, but may not alter or change any part of this manual.

This manual will be reviewed and updated annually (if applicable) to reflect current circumstances as well as new policies and procedures. Partners Jamaica will be notified of updates by e-mail.

1.4 Implementation Control – Roles and Responsibilities in Jamaica

This manual is for the use and knowledge of all employees without exception. The contents of this manual as well as its updates will be notified to each employee for its understanding and its application. It is the responsibility of all employees to know, understand and apply the contents of this manual in its entirety.

It is not permitted to reproduce the manual for reasons as its consultation is exclusively reserved for the employees of Partners Jamaica. In the event that the employee has suggestions and recommendations related to the manual, these remarks must be communicated in writing to the immediate supervisor so that they can forward it to the management.

Enforcement of this supplemental field office manual will be the responsibility of the positions below.

- Field Office (FO) Director (Project Director, Chief of Party, etc.) – This individual is the lead field office operations director in country. They are responsible for overall project/program management and the operations of the field on a day to day basis. This individual is also responsible for approval of all the finance operations including payment authorizations and internal controls for the in-country field office.
- Field Office (FO) Finance Manager (Admin & Finance Assistant/Manager) – This individual is the person responsible for finance operations, basic data entry, payment processing and entry, and reconciling accounts.

2. Internal Controls

2.1 Purpose and Scope

The purpose of Internal Controls is to provide reasonable assurance that the following objectives are being accomplished:

- Reliability and integrity of information
- Compliance with policies, plans, procedures, laws and regulations
- Safeguarding of assets in Partners Jamaica
- Economical and efficient use of resources
- Accomplishment of established objectives and goals for operations and programs

2.2 Approval Authority

The flowchart below outlines the approval authority matrix at Partners Jamaica. The FO Finance Manager, supported by the FO Director, has responsibility for enforcing approval authority. Partners HQ has approval over the FO Director and must approve his/her payments, etc. In accordance with the procurement policy, all transactions valued at USD \$2,500 will automatically need to be approved by Partners HQ.

2.2.1 Responsibilities of Approval and Review Authorities

It is critical that approval authority holders not only understand what their authority levels are, but also what their responsibilities are in using their authority. The responsibilities for both approval authority holders and financial review are outlined below.

By approving an expenditure, commitment or payment, the signer is confirming that:

1. The expenditure is necessary and appropriate;
2. The item is not currently in stock or available;
3. The technical specifications are correct and adequately detailed;
4. The required forms are complete;
5. Funds are available within the budget;
6. The expenditure is in compliance with Partners HQ's policies and procedures.

Financial review is a compliance check and not an approval authority. The primary purpose of financial review is to ensure that all financial and compliance aspects of the commitment are considered. The FO Finance Manager, when signing off, is confirming that:

1. The expense has been authorized by the appropriate authorizer;
2. The expenditure is within budget guidelines;
3. The expenditure is in compliance with Partners HQ and donor policies;
4. The expense has been coded correctly;
5. The calculations are correct;
6. The required supporting documentation is in order and adequately explains the transaction; and
7. All payments, whether by check, wire transfer, etc. are being paid to the party which appears on the procurement records and/or other approval documentation. Checks or transfers may not be made out to third parties or any Partners' employees (either Partners HQ or Partners Jamaica) to be cashed on behalf of the vendor. Any exceptions must be approved in writing by the Chief Financial Officer (CFO) or President & CEO.
8. All expenses are recorded at full cost and not net of taxes, etc.

An original signature on an original document is the required method of documenting an approval or review. Upward approval is required for all transactions. Under no circumstances may an originator approve their own expenses, including the FO Director.

When the authority holder is not located at Partners Jamaica or where an approval is required due to a temporary absence (travel, vacation, sick, etc.), the next level of authority in that office should be sought for approvals that the absent party would have normally made.

When the authority holder is permanently located outside of the office where an approval is required or is the only one authorized for a particular approval and they are out of office, the document to be signed should be printed, signed and scanned. The scanned copy should be sent back to the office requiring the approval. The scanned document must then be printed and attached.

3. Monthly Reconciliation of Accounts

3.1 Reconciliation of Assets, Liabilities & Cash Accounts

All assets and liabilities accounts (i.e. cash, accounts receivable, accounts payable and other balance sheet accounts) must be properly reconciled on a monthly basis. Evidence of the reconciliation should be maintained in Partners Jamaica and be sent monthly to Partners HQ. This evidence should include all supporting schedules prepared by the FO Finance Manager and approved by the FO Director prior to the submission of the reports to Partners HQ, or presentation to the auditors during the audit process.

All financial reports for both Partners Jamaica and all sub-awardees must be submitted to Partners HQ by the 7th of the following month. If the 7th of the month falls on a holiday or weekend, the submission deadline is the last business day prior to the 7th. Compliance with this timeline is critical to ensure expenditures are recorded in the correct month. If there are any delays or issues with meeting the deadline, field staff must immediately notify Partners HQ of the delay and provide an explanation for the nature of the delay. Partners will provide a template for monthly financial reporting. A financial report must be received each month for all bank accounts held by Partners Jamaica which includes all the following:

- A) Signed bank reconciliation (template provided by Partners HQ, see [Annex C](#))

- B) Copy of the bank statement(s)
- C) Expense report indicating all expenditures in the month (on the template provided by Partners, see [Annex C](#))
- D) Copies of all documentation to support the expenditures listed on the expense report
- E) If reporting is done in local currency, then a copy of the monthly average exchange rates must be submitted from the Bank of Jamaica.

Partners may withhold a cash flow advance request if Partners Jamaica fails to provide timely reporting of expenditures in accordance with the above guidelines.

3.2 System of Award Management (SAM) Check Via Visual Compliance

Partners HQ, in accordance with Federal regulation, requires that Partners Jamaica run a Visual Compliance check on all recipients (individuals and entities) who are receiving any funds. The website for Visual Compliance is: <https://www.visualcompliance.com/> and the necessary login information will be provided by Partner HQ. Proof that the Visual Compliance check was done must be retained and kept along with proof of the payment, **prior to the recipient receiving any funds**. The Visual Compliance check must be run at a minimum, once per calendar year (January – December) on the first payment of the year in order to be compliant.

Each month, Partners HQ will request copies of selected Visual Compliance checks for inspection and to ensure compliance. The transactions will be selected at random.

4. Financial Records, Audits & Record Retention

4.1 Record Retention and Accounting

Partners Jamaica must maintain financial records, supporting documents, statistical records and all other records, to support performance of, and charges to, the project. Such records must comply with accounting principles generally accepted in the U.S and Jamaica.

Partners Jamaica records and any subrecipient records that pertain to the project must be retained in country for a minimum period of three years from the submission date of the final expenditure report. After three years of record retention in country, Partners Jamaica will need to work with Partners HQ to transport the necessary documents to the international office.

4.2 Filing & Records

The FO Director is responsible for establishing guidelines and procedures for filing and tracking. In addition, they are responsible for maintaining the general filing system or appointing another member of the management team to assist in this process. At a minimum all financial records, supporting documents, statistical records and all other records, to support performance of, and charges to, the project must be stored in a fire-proof filing cabinet with a lock. Access to the files should be restricted to the FO Director and FO Finance Manager.

4.3 Audits

Partners Jamaica must have an annual audit conducted in accordance with the "Guidelines for Financial Audits Contracted by Foreign Recipients" https://www.usaid.gov/sites/default/files/documents/1868/591maa_new.pdf, for any fiscal year (January – December) in which Partners Jamaica expends a combined total of USD \$750,000 or more in all Federal awards. Any donor can make a request and has the right to conduct an audit any time during the life of a project/program that the donor funds. Any annual audit must be conducted in coordination with Partners HQ. The terms of reference and the selection of the audit firm must be approved by the CFO at Partners HQ.

Partners HQ retains the right to conduct a financial review, require an audit, or otherwise ensure adequate accountability of organizations expending federal funds, regardless of the audit requirements above.

4.4 Financial Reporting

The FO Finance Manager will provide the FO Director with the below reports monthly:

1. Balance Sheet
2. Income Statement
3. Report on Budget versus Actuals

The FO Director is responsible for the review and approval of the above financial statements. Copies of the approved financial statements must be submitted to Partners HQ quarterly.

5. Inventory Control

5.1 Equipment vs. Supplies

- **Equipment** means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds USD \$5,000.
- **Supplies** means all tangible personal property other than those described in equipment (above). A computing device (e.g. computers, etc.) is a supply if the acquisition cost is less than USD \$5,000, regardless of the length of its useful life.

5.2 Inventory Control Requirements

A physical inventory of Partners Jamaica must be taken, and the results reconciled with Partners Jamaica's records at least once every year in January. The monetary value threshold for accounting of inventory items (furniture, equipment and fixtures) in Jamaica is USD \$500 per item which is the approximate equivalent of approximately 70,280 Jamaican Dollars.

The document "Master Equipment & Supply Listing", found in [Annex A](#) must be submitted to Partners HQ annually no later than January 31st. The FO Finance Manager must certify and reconcile to the books the "Master Equipment & Supply Listing" and the FO Director must review and approve.

5.3 Use of Equipment

Partners Jamaica strives to ensure that its employees have modern and adequate equipment to make their work easier and more efficient.

Responsibilities for the proper use of equipment:

- Handle the assigned equipment with care;
- Monitor the optimal operation of assigned equipment;
- If for any reason equipment from another source is to be used, the employee must ensure that it contains no viruses in order to preserve information on the organization's computer network;
- Report any fault or loss of equipment immediately; and
- Facilitate equipment access to technical and maintenance services.

Partners Jamaica does not authorize the following activities:

- Installation of programs that do not have their corresponding license;
- Use of copied programs that are not for the exclusive use of Partners Jamaica;
- Installation and use of games, movies, etc.;
- Use of programs that may affect the operation of Partners Jamaica network;
- Introduction of elements that damage the equipment;
- Block operating systems without notice;
- Create passwords without sharing them with the systems manager and the Administration Manager, preventing access to working documents;
- Delete, without warning the information necessary for the execution of programs;
- Any conduct with bad faith or destructive intent that interferes with the good work of other employees.

Use of Printing and Copying Equipment

The use of printers and photocopying machines is exclusively reserved for work related to Partners Jamaica projects.

Use of the Internet and Chat Software

Use of the internet should be for work purposes only. Software programs for chatting within the organization such as Skype, WhatsApp, etc. is permitted for office use.

It is strictly forbidden to use chat software such as Facebook, Instagram, or other social media sites, unless for explicit Partners Jamaica work. Access to adult and similar web sites is strictly prohibited. Note that Partners Jamaica reserves the right to monitor all company equipment, emails, etc. to ensure its proper use.

Use of Audio Equipment

The use of radio, tape recorder or CDs is not prohibited. However, employees must refrain from doing so in places where their use may interfere with the normal development of their employees' work. In any case, the volume of the music must be of low intensity.

6. Cash Management

6.1 Petty Cash

This is an imprest system of cash control which is used for day-to-day expenditure of items less than USD \$25.00 or its Jamaican Dollar equivalent. The fixed float amount of petty cash is USD \$300.00 or its Jamaican Dollar equivalent. Unless otherwise delegated, the FO Finance Manager is responsible for the petty cash system, including disbursement and reconciliation.

A petty cash log is to be maintained by the FO Finance Manager. The date and amount of petty cash taken must be recorded on the petty cash log. The FO Finance Manager will complete the details of the expenditure and track all receipts associated with petty cash. At the end of each month, a petty cash count should be completed to confirm the balance; a template is provided in [Annex B](#).

When the balance of the petty cash reaches USD\$50.00, the FO Finance Manager will reconcile the petty cash, ensuring that all receipts and vouchers are accounted for, and replace funds by drawing a check made out to petty cash. When petty cash is reimbursed by check, the transaction is recorded in the accounting software allocating each item to the appropriate line item. The FO Director is responsible for review and approval of the petty

cash reconciliation. The FO Director is also responsible for surprise cash count to be done no less than quarterly and at the end of fiscal year closure.

6.2 Exchange Rates

To report all revenues and expenditures, Partners Jamaica uses a monthly average exchange rate. Proof of exchange rate must be submitted monthly to Partners HQ with the monthly field expenditure reports.

6.3 Bank Accounts

Partners Jamaica is authorized to set up one bank account to receive project funds dominated in Jamaican Dollars. If any additional bank accounts are required, the FO Director must request permission and approval in writing form to the CFO. The goal is to keep Partners Jamaica's bank accounts to the minimum number needed.

The bank accounts should only be used for the purpose of the project and in the name of Partners Jamaica. Transactions related to other projects, etc. will not be permitted. The bank account should have a HQ staff member and a minimum of two signatories, the FO Finance Manager and the FO Director. The FO Director will approve all the payments and sign all checks. For payments and checks exceeding USD \$750.00, the FO Finance Manager must sign as a second signatory.

Information on any new bank account must be sent to Partners HQ and provide the following information: the name on the account, account number, bank name, type of account, list of signatories on the account and current balance. Changes to the signatories on the account must be approved by the FO Director and notification should be provided to Partners HQ. Upon hiring or termination of employee with signatory power, the bank account signatories must be updated accordingly.

6.3.1 Monthly Bank Account Reconciliations

The monthly bank statement will be used to reconcile the account each month. Each bank account should have a separate general ledger account, differentiated by sub-code.

At the end of each month, Partners Jamaica will receive a monthly bank statement from the bank. Note an official statement must be obtained from the bank for each account, regardless of whether any transactions took place during the month. If the reconciliation is done in Jamaica Dollars, then a proof of exchange rate to USD must be provided.

The purpose of the monthly bank reconciliation is to reconcile the balance shown on the bank statement with the ending balance on the general ledger journal. Each transaction (check, wire, advance, etc.) must be recorded separately. A lump sum total will not be permissible. All bank reconciliations must be done on the field report expenditure template and reconciliation, found in [Annex C](#).

The reconciliation tab should not be used to restate the monthly bank activity but should be used to show any outstanding transactions that occurred during the month but have not yet been reflected on the bank statement. The prior month's bank reconciliation must be checked for any items that remain outstanding. Transactions that remain uncleared from previous months should be promptly researched with the bank or the payee. The tab for financial field report of general ledger activities should show all financial transaction occurring in the month.

Once the full bank reconciliation is completed, the FO Finance Manager will be responsible for submitting to Partners HQ the following: bank reconciliation, copy of the bank statement, full financial field report (general ledger report), and copies of all receipts by the 7th of each month for the prior month's expenditures as indicated in [3.1 Reconciliation of Assets, Liabilities & Cash Accounts](#).

6.4 Cash Flow Advances

The Partners Jamaica may request up to 30 days of cash needs based on the monthly cash flow projection. Cash may be drawn once a month on the first of the month. A cash flow request must be used for all cash requests to Partners HQ, the template is provided in [Annex D](#). Funding requests should be sent to Partners HQ by the 7th of the month to be processed on mid-month wire and check release cycle. Partners Jamaica should plan enough lead time when requesting cash to take into account the wire processing time by the bank and Partners

HQ. Cash flow advances must be cleared monthly through submission of a financial report that is submitted to Partners HQ in accordance with [3.1 Reconciliation of Assets, Liabilities & Cash Accounts](#). Often the cash flow advances will not clear entirely each month, and therefore any leftover funds should be taken into consideration as cash on hand when determining the next month's cash flow request. If financial reports are not submitted on time, additional advances to Partners Jamaica may be held at the discretion of the CFO.

6.4.1 Excess Cash on Hand

Excess funds are defined as cash in excess of 60 days for Jamaica operations. As having an excess of funds in the Jamaica can pose a risk, Partners Jamaica should consult with Partners HQ to determine the best course of action to rectify the situation.

6.5 General Cash Handling Policies

Below are the general guidelines that Partners Jamaica is required to meet in order to ensure compliance and safeguarding of cash.

6.5.1 Use of Safes

Partners Jamaica is required to use a fireproof safe for the storage of office cash. Access to the safe should be strictly controlled. A set of keys should be kept by the FO Director only.

6.5.2 Minimizing Cash Transactions

Given the inherent risks associated with cash handling, Partners Jamaica must always use other means of payment whenever possible, such as a bank debit card, checks or wire transfers and avoid use of petty cash and advances. The maximum cash payment that is permissible is USD \$250. Transactions over this threshold must be made with another payment method such as a bank debit card, check or wire transfer.

6.5.3 Evidence of Receipt by Payee

To prevent duplicate payments or claims of discrepancies, all cash payments must be documented by evidence of receipt by the payee. This means that the recipient of the payment must sign that the cash was received in total at the time of payment. A numbered receipt should be prepared in duplicate indicating the amount and date and should be signed

by the recipient. One copy should be given to the payee and one copy should be retained and included with the voucher documentation.

6.5.4 Periodic Cash Counts – Petty Cash Certification

Cash balances should be physically counted periodically to ensure that cash journal/receipts balances match the actual cash on hand. These cash counts should be done in accordance with [Section 6.1 Petty Cash](#). Petty cash certifications should conform to the following general guidelines:

- Cash counts should be done discreetly, out of general view and should be undisturbed.
- Counts should be performed by a minimum of two people. One should serve as the counter and the other as a witness of the count. A template of the Petty Cash Certification can be found in [Annex E](#) which must be completed each time.
- Cash counts should be performed each month and at random. Note that Partners HQ reserves the right to request a Petty Cash Certification at any time.
- Any overages or underages must be recorded in the cash journal at month end in order to reconcile with the final count. Discrepancies may not be held over to future periods. The cause for any overages or underages must be further researched and appropriate action taken to ensure that it does not happen in the future. Partners HQ must be notified of any discrepancies.

7. Partners Jamaica General Policies

The Employee shall not commit any act or do anything which might reasonably be considered: (i) to be immoral, deceptive, scandalous or obscene; or(ii) to injure, tarnish, damage or otherwise negatively affect the reputation and goodwill associated with Partners of Americas and Partners Jamaica.

7.1 Anti-Corruption Policy

Partners Jamaica and its affiliates must have a zero-tolerance against bribery and corruption. The objective of the anti-corruption policy is to ensure that appropriate anti-corruption and

bribery procedures are in place to avoid any violations of relevant laws and regulations. This policy applies to all officers, directors, shareholders, employees and appointed third party representatives. For a copy of the full policy, please reference the Partners General Field Office Manual.

The FO Director and FO Finance Manager should ensure all third parties are supplied with a copy of the anti-corruption policy. Furthermore, any engagements or contracts with third parties should specifically reference this policy.

7.2 Anti-Discrimination

Partners Jamaica defines discrimination as any distinction, exclusion or preference based on race, color, sex, religion, political opinion, disability, sexual orientation, economic situation, national ancestry or social origin, that results in destroying or altering the equality of chances or treatment in employments or occupation. The Jamaican Constitution provides that people are equal before the law and benefit from the same protection and guarantees (Charter of Fundamental Rights and Freedoms, Chapter III). The Jamaican law specifically prohibits discrimination in the following circumstances:

- Any contract termination motivated by the worker's opinion, his/her union activities, religious activities; his/her membership to any authorized association with a social, literary, political, artistic or sport purpose; his/her sex, race (Charter of Fundamental Rights And Freedoms, Chapter III, Section 12(1), and The Trade Union Act);
- Any wage inequality between female and male workers for a work of equal value (The Employment Equal Pay for Men and Women Act, Act 34 of 1975);
- Terminating female workers for the sole reason of pregnancy (The Maternity Leave Act, Act 44 of 1979).

Partners Jamaica promotes diversity and equal opportunity in the workplace in accordance with all applicable local laws. If you believe that you have been the victim of any type of discrimination or are aware of such conduct, you must promptly notify your supervisor, FO Director or Partners HQ. An employee who has made a report of questionable conduct and who subsequently believes he or she has been subjected to retaliation of any kind by any

Partners Jamaica or Partners HQ employee is directed to immediately report it to the FO Director or the appropriate party at Partners HQ. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including termination of employment.

All Partners Jamaica employees have the responsibility to maintain honesty, integrity and efficiency, and to reassure their conduct and commitment to the highest ethical standards. It is important to emphasize that all employees are important. The development and success of Partners Jamaica depends on the interest and creativity of its employees in the work. They must maintain good relationships and treat others kindly, creating a harmonious work environment and excellent employee relationships including equality of opportunity without discrimination or harassment.

7.3 Anti-Sexual Harassment

The Partners Jamaica prohibits all forms of sexual harassment. Sexual harassment refers to any physical behavior, verbal or not, of sexual nature, affecting women and men's dignity, and deemed inappropriate, unreasonable and offensive for the worker.

The evidence of sexual harassment in the workplace is established if the workers perceive that their reaction to such behavior:

1. Is a condition to keep the job and/or;
2. Will have an impact on decisions concerning their job and/or;
3. Will have an impact on their performance.

Sexual harassment can also come from a behavior that creates a hostile, threatening and humiliating environment. Partners Jamaica is committed to providing a work environment free of any form of verbal or physical discrimination and abuse-based race, color, sex, religion, political opinion, disability, sexual orientation, economic situation, national ancestry or social origin, or for any other purpose. It is Partners Jamaica policy to prohibit harassment between employees. The purpose of this philosophy is not to regulate the moral behavior of employees, but rather to ensure professional behavior at work. Employee harassment refers to the use of epithets, nicknames, threats, derogatory comments, offensive

jokes, sexual insinuations, requests for sexual favors, and any other type of verbal or similar physical contact. Any employee who considers that he is subject to discrimination and harassment will have to report this situation to his/her immediate supervisor, FO Director or Partners HQ so that the corresponding investigation can be carried out and that the measures that the case deserves to be taken.

7.4 Anti-Workplace Violence and Bullying

To protect the welfare of our staff from instances of violence in the workplace, Partners Jamaica has implemented a violence prevention policy. Partners Jamaica strongly believes that all employees should be treated with dignity and respect and that each employee is responsible for her or his actions and consequences. Thus, acts of violence and threats of violence will not be tolerated. The carrying of weapons including, but not limited to, firearms and knives on company or client premises is strictly prohibited. Additionally, Partners Jamaica does not allow workplace bullying. Partners Jamaica defines bullying as “repeated inappropriate behavior, either direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the place of work and/or in the course of employment.” Such behavior violates the company Code of Ethics, which clearly states that all employees will be treated with dignity and respect. Bullying may be intentional or unintentional. However, it must be noted that where an allegation of bullying is made, the intention of the alleged bully is irrelevant and will not be given consideration when meting out discipline. As in sexual harassment, it is the effect of the behavior upon the individual that is important. Partners Jamaica considers the following types of behavior examples of bullying:

- Verbal bullying: Slandering, ridiculing or maligning a person or his/her family; persistent name calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks.
- Physical bullying: Pushing, shoving, kicking, poking, tripping, assault or threat of physical assault; damage to a person’s work area or property.

- Gesture bullying: Nonverbal threatening gestures or glances that convey threatening messages.
- Exclusion: Socially or physically excluding or disregarding a person in work-related activities.

Any violation of this policy may lead to disciplinary action, up to, and including termination. Additionally, employees have a “duty to warn” their supervisors, FO Director or Partners HQ of any suspicious workplace activity, situations or incidents that appear problematic. This includes, but is not limited to, threats or acts of violence, aggressive behavior, and threatening comments or remarks. While Partners Jamaica cannot guarantee the safety of employees, all reports will be promptly and thoroughly investigated.

7.4.1 Harassment/Bullying Complaint Procedure

If you believe you have been subjected to prohibited harassment or you are aware of any such conduct, the incident must be reported immediately. We ask that any person who has witnessed or been the subject of harassment contact our independent Human Resource (HR) Consultant, Foster Thomas. A confidential hotline at +1 (202) 247-9610 has been set up for you to report your concern via voicemail message. The voicemail is monitored by an HR Consultant from Foster Thomas who will review all messages and promptly contact you to discuss your concern and to gain a full understanding of the situation. The HR Consultant will then provide an overview of the situation to the Ethics Committee of the Board. The Ethics Committee will then review the case and decide of whether the case should be referred to the President (or, in appropriate circumstances, to another member of Senior Management or the FO Director) for further action. If the complainant provides no identifying information in the message, Foster Thomas will relay the complaint directly to the Ethics Committee for review.

Alternatively, or in addition to the confidential hotline, you may report harassment to your supervisor, FO Director or Partners HQ, as you feel comfortable. Such complaints must be recorded in writing, either by the complainant or by the supervisor/FO Director to whom it is reported. A Harassment Complaint Form is available in [Annex F](#). Any supervisor or FO

Director who becomes aware of possible harassment or retaliation must immediately advise a member of Partners HQ so it can be investigated in a timely and confidential manner.

All harassment complaints will be promptly and thoroughly investigated, and each complaint will be handled as confidentially as possible under the circumstances. Complaints will be investigated impartially and if found to be truthful, Partners Jamaica will take immediate corrective action. Anyone found to have engaged in harassment will be subject to appropriate disciplinary action up to, and including, termination of employment.

No one shall be constrained to be part or not be part of a union, (The Trade Union Act, Section 32, and The Labour Relations and Industrial Disputes Act, Section 4). Agreements and negotiations are possible between workers and employers, following the stipulations of the Labour Relations and Industrial Disputes Act.

1. The material facts regarding the relationship or interest are disclosed or are known to the Board of Directors, and the Board of Directors in good faith authorized the

contract or transaction by the affirmative votes of a majority of the disinterested board members or officers, even though the disinterested board members or officers may then become less than a quorum; or

When the benefit is eventually paid, the payment will clear the liability account.

It is the responsibility of the FO Finance Manager to analyze Partners Jamaica's staff benefits package to determine if a benefit should be accrued. The FO Finance Manager must ensure that benefits accruals are well documented, as these accruals can carry over for an extended period. The contribution rate is fixed at 5% of the employee's gross salary, half of which is paid by the employer and the other half by the insured.

11. Employees

11.1 Job Descriptions

All permanent field staff positions should have job descriptions that are established, accurate and up to date. Job descriptions should reflect the actual work undertaken and should clearly outline the expectations of the worker employed in that position. A copy of the job description should be provided to each staff member when they commence work.

At times the employee supervisor should give feedback to their staff member based on a comparison of their work performance and the expectations in the job description. Partners recommends that this be in correlation with midterm or yearly performance reviews. Job descriptions should be used in the performance appraisal process to assess the employee's achievements and performance in accordance with the process established by the FO Director.

Should Partners Jamaica choose to alter the duties and responsibilities for a position, the job description should be subsequently altered. The decision to alter a job description must be made by the FO Director and employee's supervisor. If the resulting decision has budget implications, approval is also required from Partners HQ.

11.2 Performance Evaluations

The employee's supervisor will conduct a written performance evaluation on an annual basis. Initial performance evaluations will generally be performed after three months of employment upon the end of the probationary period. This evaluation will not be used as basis for salary increases. The evaluation will be written and will be based on available job descriptions, standards of performance, and such other factors which Partners Jamaica determines to be appropriate. Employees will have the opportunity to review, evaluate and discuss their performance as well as obtain feedback from Partners Jamaica. Standards for evaluation templates will be provided by Partners HQ and found in [Annex I](#).

11.3 Salary Adjustments

Salaries for all employees are reviewed no less than 12 months after the last salary review. Adjustments to salaries are merit-based changes deriving from the performance of an individual. In all instances, increases are dependent on the overall financial health of the organization, **all merit-based salary adjustment recommendations must be approved by Partners HQ**. The template for all salary increases is provided by Partners HQ and found in [Annex I](#).

11.4 Salary Advances

Salary advance are not provided under any circumstances.

11.5 Dress Code for Personnel

The image of Partners Jamaica is reflected in the presentation of each of its employees. Partners Jamaica dress code is business professional clothes from Monday to Thursday. Friday is informal and casual clothes may be worn. If employees have a field visit, it is recommended that they consider the location and to dress accordingly. All visits to the US Embassy or USAID require formal dress.

Each employee is expected to dress and groom appropriately for the job, presenting a clean and neat appearance. Attire should promote a businesslike, professional attitude and image in keeping with the employee's job and overall work environment. Any employee unsure about appropriate attire or grooming should consult with his or her supervisor. In setting standards for dress and grooming, supervisors will consider exceptions for any religious or similar considerations that are requested.

If an employee's dress or grooming does not comply with established standards, it will be discussed with the employee and the employee may be sent home for the remainder of the day (without pay) or to change clothes and return to work. If discussions fail to bring the desired result, the supervisor may initiate disciplinary action.

11.6 Communicating Absences or Delays

If an employee is delayed arriving to work or absent, he/she must notify his/her supervisor with as much advanced notice as possible. In the case of an unforeseen delay or absence, the employee will be required to call and notify his/her superior. If the delays or absences become too frequent or occur without notification, the supervisor must address a memo to the FO Director documenting such incidents. If the cumulative absences or delays in work are consecutive or unjustified Partners Jamaica reserves the right to take disciplinary action, up to and including termination. If an employee is absent due to illness beyond three (3) consecutive days, he/she must provide a doctor's note or medical certificate, otherwise the employee may be considered as resigning after the third consecutive day.

The FO Director of Partners Jamaica may terminate the employment agreement of any employee who is absent from his/her workstation two (2) consecutive days or six (6) half days in a period of one month without notice or justification is automatically considered as resigning from his/her position.

An employee who wishes to be delayed or absent for a valid personal or professional reason during working hours, must first seek and obtain the authorization of his/her immediate supervisor.

11.7 Dispute Resolution

Regrettably, conflict can occur in any work environment. To resolve the conflict in an expedient, yet fair manner, Partners Jamaica recommends the following process for conflict or dispute resolution.

1. Speak directly to the person you are having the dispute with. Many times, disputes arise due to misunderstandings and miscommunications.
2. If speaking to the individual does not work, please speak to your supervisor, FO Director, or any other member of Partners HQ. Then the supervisor, FO Director, or Partners HQ will arrange a meeting between those involved in the dispute, to determine a resolution.

3. If the above options are unable to resolve a workplace dispute, the parties may be referred to mediation by an outside third party. The resolution of the third-party mediator is binding on both parties of the dispute. Note if the mediation is between two employees, the mediation will not be paid for by Partners Jamaica.

11.8 Disciplinary Action

Violations of this policy may result in discipline up to and including termination of employment. Note: Nothing in this policy is meant to, nor should it be interpreted to, in any way limit your rights under any applicable federal, state, or local laws.

Partners Jamaica may decide in its sole and complete discretion to warn, discipline, suspend or discharge employees with or without progressive disciplinary actions. The appropriate action will depend on the severity of the problem, the employee's past performance or the needs of the business. The FO Director and Partners HQ will be responsible for taking appropriate action in a timely manner.

Unacceptable behavior, which does not lead to immediate dismissal, may be addressed with a verbal or written warning. Written warnings will include the reasons for the supervisor's dissatisfaction and any supporting evidence. Employees will have an opportunity to defend your actions and rebut the opinion of your supervisor at the time the warning is issued. Disciplinary actions may also include suspensions or other measures deemed appropriate to the circumstances.

All pertinent facts will be carefully reviewed, and the employee will be given a full opportunity to explain his or her conduct before any decision is reached. The FO Director will give a second opinion concerning the unacceptable behavior before dismissal occurs.

11.9 Reasons for Disciplinary Action

In establishing rules of conduct, Partners Jamaica has no intention of restricting the personal rights of any individual. Rather, we wish to define the guidelines that protect the rights of all employees and to ensure maximum understanding and cooperation. The following list of work rules is an illustration of the type of behavior that will not be tolerated by Partners

Jamaica. This list is not all-inclusive. Any employee who violates any of the work rules listed below may be subject to disciplinary action, up to and including termination of employment. The level of disciplinary action taken will be determined at management's discretion and judged by the severity of the violation:

- Failure to comply with Partners' Jamaica procedures, policies or practices.
- Submission of false, misleading or incomplete information to obtain employment.
- Failure to comply with Partners' Jamaica Proprietary Information and Confidentiality Policy.
- Theft or inappropriate removal or possession of Partners' Jamaica property.
- Falsification of timekeeping records.
- Negligence or improper conduct leading to damage of employer-owned or client-owned property.
- The use, influence, purchase or sale of illicit drugs, controlled dangerous substances (excluding lawful use of prescribed medication) or alcohol on Partners Jamaica's property or at a work site during working hours.
- Possession of weapons, explosives or firearms on company property.
- Committing violent acts or threats of violence.
- Committing acts of illegal discrimination or harassment.
- Insubordination, including refusal to perform assigned tasks or the performance of assigned tasks in an inappropriate manner.
- Violation of safety or health rules.
- Excessive absenteeism and/or tardiness without a proper excuse.
- Failure to meet performance standards.
- Failure to communicate and work well with others.

12. Risk Assessments & Contractor/Sub-recipient Monitoring

12.1 Risk Assessment Guidelines & Process

Partners Jamaica risk assessment validates that potential contractors/sub-recipients are viable, legitimate businesses and confirms that they have the financial capability and organizational resources to provide the required services. At the same time, it makes sure that contractor/ sub-recipients are not engaged in questionable ethical or legal activities.

Each time a new contract/agreement valued at USD \$5,000 or more is signed, Partners Jamaica will be required to send Partners HQ a completed Risk Assessment. The Risk Assessment template is found in [Annex I](#).

12.2 Frequency of Risk Assessment

For ongoing contractor/sub-recipient monitoring activities, a follow up Risk Assessment should be completed annually in January. The completed and updated annual Risk Assessments for all contract/agreements over USD \$5,000 must be sent to Partners HQ by January 31st.

13. Procurement

13.1 Procurement Process

In Jamaica, a full procurement is required for all goods and services valued at USD \$2,500 or more. It is required that an appropriate competitive process be utilized and fully documented (e.g., market research for commodities/off-the shelf items; three quotes for lower expected values; full and open competition/tender for higher expected values, etc.) At minimum, a proper procurement process requires:

- Specifications, scope of work or technical requirements for the goods or services to be purchased.

- A defined criterion for selecting a good or service provider (e.g., price, capacity to deliver on time, quality of output, past performance where applicable, etc.).
- Approval from the donor to make the purchase when required.
- Solicitations of three (3) quotes or request for proposals from a pool of qualified providers or candidates.
 - In the absence of three submitted quotes or proposals, then a clearly documented memo for justification demonstrating that efforts were taken to obtain three quotes or proposals must be prepared and submitted as part of the procurement documentation.
- A memo that clearly documents the approved bid/proposal and analysis that documents the “procurement story” behind how the preferred supplier was selected and how the evaluation criteria were utilized.

In rare circumstances a sole source transaction may be permitted. A sole source transaction is one that normally would require full procurement; however, given certain circumstance, the purchase will be approved without full and open competition. This approval can only be forthcoming in writing from the FO Director or Partners HQ. Partners Jamaica should only consider sole source procurements in cases where there is clear evidence that the work is “so specialized” in nature that there is only one entity that could complete it. When an Employee, Representative or Affiliate proposes sole source procurement, he/she must provide clear written justification documenting the process and efforts used for determining that there are no other qualified providers.

14. Travel Policies and Procedures

14.1 Policy Overview and Applicability

The objective of this policy is to manage a travel process fully compliant with the 2 CFR 200 and Partners Jamaica’s rules and regulations with guidance from U.S. Government procedures.

The financial goal of this policy is to increase accountability and efficiency of travel expenditures and to ensure compliance throughout the full process of USG regulations, 2 CFR 200, and other applicable laws, including timely clearance of all travel reports (expense reports, and per diem payments).

This policy applies to all Partners Jamaica travelers unless otherwise indicated below. Specific guidance at a country and project level may be prepared on a case-by-case basis and approved by the CFO or CEO. In no event, shall these country or project-specific policies be out of compliance with the procedures and cost/time values identified herein.

14.2 Requesting Travel Authorization

Staff and consultants considering a trip must discuss with their supervisor the need for the trip, activities to be conducted, funding for related costs, expectations, etc. For all travelers including staff, consultants, volunteers and others traveling under Partners Jamaica funding, a travel authorization (TA) must be prepared prior to travel and booking of flights, hotels, etc.

All field staff and local consultants are required to complete a travel authorization, using the standard template for Field Office staff travel, and receive approval from their respective supervisors. Prior to travel all staff will complete the [Travel Itinerary & Per Diem Request Form](#). This form will collect the following information:

- Traveler's Full Name on official government ID (e.g., Passport)
- Date Requested
- Purpose of the Trip/ Scope of Work to be Performed
- Dates of Travel
- Proposed Itinerary
- Per diem requested

Once the form is completed, it will be uploaded into the Replicon platform at: <https://login.replicon.com/>. Employees will create a new expense report in Replicon to request approval for the travel authorization and per diem payment. The form will be

uploaded into the Replicon database as supporting documentation for the per diem request. The employee will electronically submit the request for approval. The respective supervisor will then review the proposed travel itinerary and per diem request, and either approve or reject for modification electronically. Once a fully approved travel itinerary and per diem request are in Replicon, employee can proceed with remaining travel plans and bookings.

14.2.1 Itinerary Changes

The appropriate supervisor should approve the traveler's itinerary changes. After receiving approval from the supervisor, travelers can contact the appropriate agency to make the necessary changes. Most importantly, it is critical that the supervisor notifies the FO Finance Department, to ensure that the per diem amount or other changes can be made as necessary. In emergency circumstances, when a supervisor is not available or after hour changes must be made immediately, it is left to the discretion of the travelers. However, they are required to notify their supervisor once the change(s) have been made. Note that the supervisor reserves the right to not approve the change. In such instance, the traveler will be responsible for any difference in cost associated with the change. Disagreements will be resolved by the CFO at Partners HQ.

14.3 Traveler Definitions

Partners' travel policy is broken out based on three traveler types. All travelers are expected to comply with and follow the provisions in their respective categories as follows:

- US based/HQ
 - US based/HQ are all individuals with their principle desk location at HQ.
 - This includes but is not limited to:
 - HQ Staff
 - Consultants
 - Interns
 - Telecommuting employees, etc.
- Local Field Office staff

- Local field staff are those on payroll at Partners field offices, including the Country Director

Partners Jamaica's policy is to only to make payments after goods and services have been supplied and conditions for payment met, therefore NO advances will be made for staff going on work related travel.

14.5 Allowable and Unallowable Expenses (Applicable to All)

The following allowable and unallowable expenses apply to all Partners Jamaica travelers regardless of their relationship or the location of their base.

Partners Jamaica has a travel policy that provides a per diem for all Meals & Incidental Expenses (M&IE), while all other miscellaneous travel expenses, lodging, rental cars, personal vehicles, airfare and train costs are reimbursed based upon actual expenses incurred. Allowable expenses are also limited to the conditions established on grants and agreements with funding agencies sponsoring the trip.

Furthermore, only allowable expenses are reimbursable under the category other miscellaneous travel expenses, lodging, rental cars, personal vehicles, airfare and trains. No later than 30 days following the final day of a trip, an Expense Reimbursement Report should be prepared and submitted to the traveler's FO Finance Department. Partners Jamaica will not accept reimbursement requests made after 60 days unless approved by Senior Management at HQ. All travelers requesting an exception must make their requests in writing with a valid reason for the delay.

14.5.1 Lodging – Reimbursable Based

Lodging is defined as room charges and taxes. For reimbursement purposes, a receipt must be provided. These charges cannot include room service fees, upgrade fees, mini bar tabs,

entertainment fees, etc. All of these other expenditures must be paid by the traveler using their personal or per diem funds and excluded from their lodging bill.

Partners Jamaica will recognize and reimburse lodging costs based on actual expenses, but the USG ceiling rates shall be a guide to appropriate expenditures per country and must not be exceeded. Exceptions above the maximum rate can be approved by the CFO or CEO. A list of USG guidance is provided below:

- [General Services Administration](#) (GSA) establishes per diem rates for destinations within the lower 48 Continental United States (CONUS).
- The [Department of Defense](#) (DOD) establishes non-foreign rates which includes Alaska, Hawaii, and all U.S. Territories (Non-CONUS).
- The [State Department](#) establishes all foreign rates which are specific to major cities.

14.5.2 Rental Cars – Reimbursable Based

The cost of rental cars including rental car insurance is allowed only if the nature of the trip or the location of business to be visited is such, that use of field transport or local transportation is unavailable, impractical or unsafe, as determined by the traveler's supervisor. If deemed necessary and approved as part of the TA process, Partners Jamaica will recognize and reimburse rental car costs based on actual expenses. Prior to reimbursement, the FO Finance Department will need to check that the TA includes an explanation (specific uses) as to why a car rental was necessary.

Note, Partners Jamaica does not carry a blanket collision damage waiver policy nor is the traveler covered with liability insurance if collision with the rental vehicle were to occur. Partners Jamaica recommends the purchase of collision and liability insurance each time a car is rented.

14.5.3 Use of Personal Vehicle – Reimbursable Based

The use of a personal vehicle while on travel within Jamaica is permitted in lieu of airline transportation if approved by the supervisor. The traveler will be reimbursed for gas mileage in accordance with the IRS standard mileage rate. The current mileage reimbursement is

USD \$0.575 cent per mile driven for business purposes <https://www.irs.gov/newsroom/irs-issues-standard-mileage-rates-for-2020>.

14.5.4 Tolls, Parking, Etc. – Reimbursable Based

For business travel, if renting a car, using a personal vehicle or using a Partners Jamaica's program vehicle, Partners Jamaica will reimburse based on actual costs for all tolls, parking and other costs associated to the use of the vehicle. These types of expenditures are reimbursed based on actual charges incurred and a receipt must be provided for expenses over USD \$25.

14.5.5 Airfare and Trains – Reimbursable Based

Partners Jamaica will reimburse or purchase on behalf of all approved travelers all necessary airfare and train tickets. For reimbursement purposes, a receipt and boarding pass must be provided for all airfare and train tickets. Please note below the additional restrictions related to airfare purchases.

14.5.5.1 Seat Upgrades

Only coach class or promotional fares will be paid by Partners Jamaica. Business and first class are considered seat upgrades and must follow the below protocol; otherwise, this will not be covered by Partners Jamaica. While seat upgrades are not to be expected, there are some circumstances when the traveler could be authorized to travel Business class:

- When no space is available in coach-class accommodation and the flight must be taken;
- When use of business class is necessary to accommodate traveler disability or a special need; or
- When the cost is the same or the traveler pays for the difference in cost between coach and the upgrade.

With the exception of no-cost upgrades, or the traveler pays for the difference in cost without Partners Jamaica's funding, all seat upgrades will need to be approved in advance with the FO Director and must include a written justification as to why the upgrade is necessary.

14.5.5.2 Fly America Act

All US government-funded travel will comply with [the Fly America Act](#), which requires that all travel and shipments must be made on U.S. flag carriers to the extent services by such carriers is available. Use of a Fly America compliant carrier is required regardless of whether a foreign carrier can provide the service at a comparable or lower cost, or whether a foreign carrier is preferred due to convenience. The rules generally provide for a limited number of exceptions; however, a U.S. carrier must be used for any travel: 1) within the U.S., or 2) between the U.S. and the last destination point that is served by a U.S. carrier for that particular routing. Exceptions to the Fly America Act can only be approved by Partners CFO at HQ. The exceptions are as listed below:

1. If a U.S. flag air carrier offers nonstop or direct service (no aircraft change) from your origin to your destination, you must use the U.S. flag air carrier service unless such use would extend your travel time, including delay at origin, by 24 hours or more.
2. If a U.S. flag air carrier does not offer nonstop or direct service (no aircraft change) between your origin and your destination, you must use a U.S. flag air carrier on every portion of the route where it provides service unless, when compared to using a foreign air carrier, such use would:
 - Increase the number of aircraft changes you must make outside of the U.S. by 2 or more; or
 - Extend your travel time by at least 6 hours or more; or
 - Require a connecting time of 4 hours or more at an overseas interchange point.

For a flight to be in compliance with the Fly America Act, the code of a U.S. flag air carrier must be noted as part of the flight number on the airline ticket, flight coupon (boarding pass), or passenger receipt. Each airline has a two-letter alpha code. From this list, you will be able to compare airline codes on the ticket with those on the list and thereby be able to ascertain whether or not the flight is on a US Flag air carrier. In order to ensure that the flight is Fly America Act compliant all travel should be booked through the designated travel agent/agency.

Many of the U.S. flag air carriers are listed below:

- AirTran Airways (FL)
- Alaska Airlines (AS)
- American Airlines (AA)
- Continental Airlines (CO)
- Delta Airlines (DL)
- Frontier Airlines (F9)
- Hawaiian Airlines (HA)
- JetBlue Airways (B6)
- Midwest Express (YX)
- Southwest Airlines (WN)
- Spirit Airlines (NK)
- United Airlines (UA)
- US Airways (US)

14.5.6 Meals & Incidentals (M&IE) – Per Diem Based

Per diem means the amount of money that Partners Jamaica gives to the employee for an official trip out of his / her office to cover food and other expenses in accordance with current rates. Partners Jamaica includes the cost of all meals and incidentals under a flat rate per diem provided to the traveler and will NOT reimburse based on actual expenditures. Partial per diem will be provided when one or more of the meals is provided by someone other than the traveler.

For the appropriate amount of the per diem, please reference [Section 14.6 Per Diem for M&IE](#) to determine correct per diem based on the traveler type.

14.5.7 All Other Miscellaneous Travel Expenses (MTE) – Reimbursable Based

All other miscellaneous travel expenses (MTE) are additional expenses and paid as necessary and charged to the POA credit card or reimbursed based on the actual costs incurred. All MTE expenses over USD \$25 must be supported by receipts/stubs/invoices as part of the expense report in order to be reimbursed. MTE includes but is not limited to the following:

- All ground transportation fees (buses, taxis, etc.) between place of lodging or business and places off site to obtain meals, meetings, site visits, etc.
- Visas
- Room cleaning cost: Where an apartment is taken in lieu of hotel accommodations, the traveler may contract, however this must come from the incidental travel expense part of the per diem
- Immunizations and medications on travel

- Reproduction of materials
- Telephone calls and other communication costs that are reasonable and necessary for work-related communications
- Bank fees on exchanges currencies
- Purchase of clothing (in the event that baggage is lost, and clothing must be purchased in order to keep with meeting schedules)

14.5.8.2 Other Unallowable Expenses

Partners Jamaica's unallowable expenses include but are not limited to:

For a complete list of unallowable expenses for USG funds, please reference [2 CFR Part 200: Unallowable Costs \(Annex K\)](#) or [OMB Circular A-133](#), which includes any potential exceptions to the above unallowable expenses.

14.6 Per Diem for M&IE

Partners Jamaica has a travel policy that provides a per diem for all expenses related to meals and incidental expenses (M&IE). For the appropriate amount of per diem, please determine the traveler type. All travelers will fall into one of the three categories, as defined in [Section 14.3 Traveler Definitions](#).

14.6.1 M&IE Rates

All Partners Jamaica's M&IE per diem rates are based on a percentage of the government per diems allowed per city and/or country, as defined herein and below. Depending on the destination, travelers should utilize the General Service Administration rates for travel within the continental US, the Department of Defense rates for travel to Alaska, Hawaii, and other US territories, and the State Department for all foreign travel. The websites to obtain the rates are listed below:

- [General Services Administration](#) (GSA) establishes per diem rates for destinations within the lower 48 Continental United States (CONUS).
- The [Department of Defense](#) (DOD) establishes non-foreign rates which includes Alaska, Hawaii, and all U.S. Territories (Non-CONUS).
- The [State Department](#) establishes all foreign rates which are specific to major cities.

Per diems are driven based on the approved TA and include any travel outside of HQ or the respective Country Field Office with travel duration of four (4) hours or longer, regardless of the destination or transportation mode. Exceptions to this must be approved by the CEO or CFO.

14.6.2 M&IE Meal Breakdown

M&IE is intended to cover the costs of meals and incidentals during each day of work-related travel. For first and last days of travel (travel days), if the itinerary requires the traveler to start their travel day from their home-of-record (or work-related destination) before breakfast and return to their work-related destination (or home-of-record) after dinner, then the full per diem can be recorded and documented in the expense report. Specifically, if departure from home on first day of travel is before 6AM or arrival to home on last day of travel is after 7PM, then full per diem may be applied for a travel day. Otherwise, travel day rates will be determined as defined in [Section 14.6.4 Per Diem M&IE – Local Field Office Staff](#). The travel day rate utilized should be as follows: On first day of travel, utilize the destination city; on the last day of travel, utilize the departure city. For example, if the traveler leaves home-of-record and travels to San Diego on day one, and returns back home from San Diego on day three, during both travel days, the per diem should be calculated based on the San Diego rate.

If the daily M&IE rate excludes one or more of the meals, these are to be reduced at the following rates:

- Breakfast: 16% of daily calculated M&IE rate
- Lunch: 24% of daily calculated M&IE rate
- Dinner: 40% of daily calculated M&IE rate

Note that incidentals are calculated at 20% of the total daily rate and excluded from these meal rates; i.e., the sum of incidentals and the three meals is equal to 100% of the daily M&IE.

See examples in [Annex L](#).

14.6.3 M&IE Allowable Costs

The M&IE portion is intended to substantially cover the costs as described below.

1. The meals allowance portion is intended to include the cost of breakfast, lunch, and dinner while on travel, and is incorporated as part of the per diem.

2. Incidental travel expense portion is intended to include but are not limited to:
 - a. Fees and tips to waiters, porters, baggage handlers, bellhops, hotel servants, dining room stewards, and similar employees
 - b. Laundry, dry cleaning, and pressing of clothing
 - c. Room cleaning tips
 - d. All other incidental travel expenses as defined by Chapter 300, Part 300-3, in the Federal Travel Regulation (www.gsa.gov/ftr), under Per Diem Allowance.

US Based/HQ and local field office staff are not permitted to charge a corporate card for meals covered by their per diem, for themselves or any other individual receiving a Partners Jamaica's per diem. As all Partners Jamaica travelers receive some form of per diem, their costs should be paid for separately with per diem or personal funds. However, if the meal for the group is charged on a corporate card, this meal must be deducted from the daily per diem rate, at the rate defined above (in [Section 14.6.2 M&IE Meal Breakdown](#)) for the specified meal.

If US Based/HQ or local field office staff need to cover the cost for meal invitees (e.g. donors, etc.), they may use a corporate card to pay for the bill; however, they should deduct their meal and the meals of any other Partners Jamaica's per diem recipients from the bill and pay the remaining balance on the corporate card, if possible. Alternatively, they may choose to deduct the meal from the daily per diem rate received, as per the rate defined above for the specified meal. Similarly, when paying with personal credit card or cash (intending to be reimbursed), the US Based/HQ or local field office staff will only receive reimbursement for the portion of the bill that does not include meals for Partners Jamaica's per diem recipients. If for some reason the bill cannot be split, and there is no other option than to pay on a corporate card, the US Based/HQ or local field office staff member must split out the portion of the bill when coding their credit card statement between personal charges and actual business expenses. The US Based/HQ or local field office staff member will be liable to pay Partners Jamaica back for their part of the meal and for the meals of any other Partners

Jamaica per diem recipient charged to their Partners Jamaica's corporate credit card if they received an advance for per diem; otherwise, this should be deducted from the expense report when requesting travel per diem after the trip.

14.6.3.1 M&IE Weekend Travel

Should a traveler remain away from home on business over a weekend, the per diem will be allowed, assuming that the traveler is required to be away from home over the weekend for business purposes.

14.6.4 Per Diem M&IE – Local Field Office Staff

This portion of the per diem policy guidelines applies to all local field office staff, local consultants and all other local travelers based outside of the US. This policy includes the Country Director. For all full days on travel, **Local Field Office staff will receive 35% for all domestic travel and 50% for all international travel**, of the government per diem rate for the particular city (or region for travel where not all specific cities are listed).

On the first and last day of travel, in alignment with the USG guidelines, the maximum M&IE per diem will be based on **26.25% for domestic travel and 37.5% for international travel** of the government per diem rate for the particular city (or region for travel where not all specific cities are listed). See exceptions to this in [Section 14.6.2 M&IE Meal Breakdown](#) above.

If local field office staff are taking personal vacation time either before or after the Partners Jamaica business travel, they will not receive Partners Jamaica per diem those days. The local field office staff will receive the first and last travel day in accordance with the guidelines listed above, as these local field office staff local field office staff would have had to travel to or from the office or place of residency whether or not they were on personal travel after or prior to the trip.

14.6.5 Payment of Per Diems

Regardless of the traveler, per diems will only be paid upon the Finance Office's receipt of an approved TA. The approved TA and itinerary will be the supporting documentation and

authorization for the issuance of the per diem. No receipts will be required for per diem payment, except as defined in this policy.

All per diem payments should be made within 30 days from the end date of travel. Partners Jamaica will not accept per diem payment requests made after 60 days unless approved by Partners HQ. All travelers requesting an exception must make their requests for exceptions in writing (e.g. memorandum addressed to the FO Finance Office) with a valid reason for the delay.

It is the traveler's responsibility to utilize their per diem to cover all their meals and incidentals. Unless approved by the CEO, no additional M&IE will be provided. The traveler does not need to reimburse the organization if they do not spend all their daily M&IE.

14.6.5.1 Per Diem Payment for Local Field Office Staff

Local field office staff including the Country Director and all other local travelers outside of the US will be issued their per diem upon submission of the approved travel authorization via the Replicon platform. The per diem request with the attached travel authorization as the supporting documentation will need to be submitted by each employee in Replicon, and then approved by the appropriate supervisor in Replicon. Once completed, this information will be submitted to the FO Finance Department for direct payment into the employee's bank account within 30 days.

14.7 Reimbursement Requests (Non-Per Diem Items)

Allowable expenses that may be submitted for reimbursement as described above (lodging, rental cars, personal vehicles, airfare and trains) are all reasonable costs which are essential and directly related to the objectives of the grant and/or the main purpose of the trip.

14.7.1 Expense Reports for Reimbursement – Local Field Office Staff

No later than 30 days following the final day of a trip as necessary (in which purchases are not made on behalf of the traveler in advance), a reimbursement request should be prepared and submitted to the FO Finance Department. The method for requesting reimbursement for local field office staff will be done via the Replicon application. This report submitted in Replicon should include the following:

- A fully executed Travel Authorization/Travel Itinerary
- Replicon Expense Report which includes all proper documentation and copies of receipts attached for all items over USD \$25.
 - Please note that a bank or credit card statement is not sufficient documentation for a receipt. Where sufficient documentation has not been obtained, an affidavit will need to be filled out confirming the expenses were for business purposes and that the expenses did not include any alcohol. A copy of an appropriate affidavit is found in [Annex M](#).
- Provide evidence of the exchange rate during the period of travel (a hotel or bank receipt showing a conversion of currency may be a convenient way of satisfying this requirement.)
 - The following sites are also recommended to utilize for obtaining the exchange rate:
 - Oanda: <https://www1.oanda.com/currency/converter/>
 - XE: <https://www.xe.com/>

14.8 Personal Travel During Business Trips

If, for personal reasons, the traveler wishes to go to places other than those on the authorized Partners Jamaica itinerary, he/she may book and must pay for those reservations and additional costs. The traveler should also notify the FO Finance Department in writing that they are booking personal travel/personal portion of the trip. If the personal travel is booked on the same ticket as the Partners Jamaica authorized trip, the traveler will be responsible for covering their personal travel within 30 days of the booking. If the flight cost is a cheaper ticket price including personal days on the beginning or end of the trip, the traveler does not need to reimburse any money. Travelers are only responsible for paying the difference of the ticket price. For example, travel dates for business ticket cost equals \$500, travel dates including a personal portion of the trip equals \$600, the staff must reimburse Partners Jamaica the \$100 difference between business ticket cost and personal portion of the trip.

Appropriate documentation showing the additional costs must be kept on file for audit purposes.

14.9 Use of Partners Jamaica's Vehicles

It should be noted that only authorized employees of Partners Jamaica and Partners HQ are eligible to drive company vehicles. "Vehicles" are defined as cars, trucks, motorcycles or any other motorized vehicle owned by Partners Jamaica. Partners Jamaica provides vehicles for business use to allow employees to drive on designated business assignments. All employees using company vehicles must following the below requirements:

- Any driver of Partners Jamaica vehicles must ensure that the equipment does not experience any deterioration either by his/her direct negligence or by the fault of a third party. Therefore, the employee will personally ensure the proper physical maintenance of the vehicle he/she is responsible for by checking the daily cleanliness and routine parameters, which the employee will note before each use.
- Only authorized employees of Partners Jamaica are eligible to drive company vehicles.
- All authorized drivers must be 25 years or older.
- The keys should be held by authorized employees of Partners Jamaica who are eligible to drive company vehicles. When the vehicle is not in use or on business assignment, the keys should be returned to the FO Director.
- All individuals driving Partners Jamaica's vehicles, must always have a valid driver license on them while utilizing the company vehicle.
- Company vehicles are **only** to be used for business travel.
- On occasion supervisors must check the employee's driving record to ensure that the employee's record is clean and without motorized vehicle violations.
- Employees approved to drive on company business are required to inform their supervisor of any changes that may affect either their legal or physical ability to drive.

- Employees holding jobs requiring regular driving for business as an essential job function must, as a condition of employment, be able to meet the driver approval standards of this policy at all times.
- Employees should maintain the security of the vehicle and its contents, including not leaving personal items (including those of any passengers) in the vehicle at any time while unattended.
- Drivers must always drive safely and responsibly and follow all traffic regulations, including the speed limit and pay special attention to pedestrians and cyclists.
- Drivers must be mindful of the weather, and avoid driving during severe weather conditions, when feasible.
- Use of handheld cell phones (including texting) while behind the wheel of a moving vehicle being used on company business is strictly prohibited.
- Employees are responsible for any driving infractions or fines as a result of their driving.
- Nonemployees and nonbusiness passengers (i.e., family and friends) are prohibited from riding in company vehicles.
- Current registration and proof of insurance must be present in vehicle.
- Vehicle doors must be locked when in motion.
- Company vehicles shall always be secured when not in transit by being locked, keys removed, and alarms activated if so equipped.
- Employees must report any accident, theft or malicious damage involving a company vehicle to the FO Director and Partners HQ, regardless of the extent of damage or lack of injuries. Such reports must be made as soon as possible but no later than 6 hours after the incident unless employee is medically incapable of reporting.
- Employees are expected to cooperate fully with authorities in the event of an accident. However, employees should make no voluntary statement other than in reply to questions of investigating officers.
- Smoking is prohibited in all company vehicles.

- Seatbelts must always be worn by all passengers in the vehicle.
- Employees are not permitted, under any circumstances, to operate a company vehicle with any physical or mental impairment that causes the employee to be unable to drive safely. Furthermore, employees shall not operate any company vehicle while using or consuming alcohol, illegal drugs or prescription medications that may affect their ability to drive.
- The company driver is responsible for ensuring all necessary precautions are always taken to prevent damage and theft of the company vehicle and/or its contents. Whenever an employee leaves a company vehicle, the following must be done:
 - Roll up all windows
 - Lock all doors
 - Do not leave merchandise and equipment in open view inside a car, which may tempt a break-in. Remove all valuable items or lock them inside the trunk and out of sight when the vehicle is left unattended.
- Employees must take precautions to safeguard the vehicle and its contents. To the extent possible, employees must select off street parking, secure parking garages, or a lighted area close to a business or hotel entrance where normal police surveillance or security protection exists. If an employee is keeping a vehicle overnight in Kingston and a secure location is not possible, then the employee must return the vehicle to Partners Jamaica's office location.

Any violation of the above requirements will result in disciplinary action, up to and including termination.

14.9.1 Vehicle Driving Restrictions

Any employee who has a "major violation" in the last five years will not be eligible to drive company vehicles, unless special authorization is given by Partners HQ. Major violations include but are not limited to:

- Driving under the influence of drugs/alcohol;
- Failure to report an accident;

- Reckless driving;
- Making a false accident report;
- Driving while license is suspended or revoked; or
- Attempting to evade a police officer.

14.9.2 Vehicle Travel Restrictions

Vehicles within cities must consider the current security situations in the country. It is recommended to check with the FO Director for the restrictions in place and adhered to U.S. Embassy restrictions for travel including restrictions on departure times.

14.9.3 Vehicle Logs

Before each use, employees must complete a basic vehicle check before and update the log. Drivers must confirm that the following parts and components are in good working order: brakes, steering mechanism, horn, windshield wipers/washers, rear-vision mirrors, lights, and tires. Vehicles found to be in an unsafe condition may not be operated for until properly repaired.

After the basic check is completed, employees will need to report any damages and/or issues with the vehicle on the approved tracking sheet. A mileage log must be maintained for each vehicle, identifying the date and purpose of each trip and the beginning and ending odometer readings. Upon finalizing the use of the vehicle at the end of each day, the employee will need to update the log and report any damages and/or issues with the vehicle. If an employee fails to update the mileage log and perform the vehicle check, they may face disciplinary action.

14.9.4 Reporting Vehicle Accidents

In case of an accident, the employee should take the following steps:

- If anyone is hurt, call for medical assistance;
- Contact the FO Director and Partners HQ immediately;
- Report the incident immediately to the local police and obtain a copy of the police report;
- Get the below information if possible:
 - Nature and extent of the damage to vehicles and other property;

- Name and address of the legal owner of the other vehicle or vehicles, if any.
- Name, address, driver's license number, and date of birth of the driver of the other vehicle or vehicles, if any;
- License number, make and model of the other vehicle or vehicles, if any;
- Name of the insurance company of any other driver or drivers, policy number and expiration date, and policy holder's name and address;
- Time, place and date of the accident;
- Names and addresses of anyone injured and description of injuries; and
- Names and addresses of any passengers and other witnesses.
- Exchange vehicle identification, insurance company name and policy numbers with the other driver (if applicable);
- Do not admit negligence or liability. Give no information except as required by law enforcement officers;
- Do not attempt settlement, regardless of how minor;
- Take a photograph of the scene of accident;
- Complete the employee accident report found in [Annex G](#).

After the accident, the employee should follow legal guidelines for exchanging information with other drivers and report the accident to local police. Employees cannot guarantee payment to other parties without Partners Jamaica's authorization.

The employee will be responsible for completing the Employee Accident Report Form found in [Annex G](#). Such reports must be made as soon as possible but no later than 6 hours after the incident unless employee is medically incapable of reporting. All photos, police reports, employee accident reports, and other information relating to the incident must be retained and a copy sent to Partners HQ. The FO Director will work with Partners HQ to contact the insurance provider and file claim, as necessary.

14.9.5 Vehicle Repairs

For all vehicle repairs, employees must review the warranty on the vehicle when applicable. The warranty must be reviewed to ensure that the repairs are not covered under the existing warranty and/or that the repairs are done at the necessary shop which are authorized outlets for service. Additionally, the driver must check that the original parts of the vehicle are not replaced used parts, a dishonest practice quite common for radiators, batteries, lamps etc. in some places.

14.9.5.1 Normal Vehicle Maintenance

The driver will respect the normal maintenance schedule of the vehicle, usually based on the mileage of the car or the number of months of use if it occurs before. The objective is to maintain company vehicles in a safe and operating condition by using the most economical, reliable, and up-to-date procedures and technologies available, all in accordance with the original manufacturer's recommendations. Employees who are having vehicles serviced for normal maintenance, should follow all necessary procurement standards and recommended maintenance timelines.

14.9.5.2 Major Vehicle Repairs

Major vehicle repairs are those valued at USD \$500 and above. For all major repairs, the employee will be required to obtain three (3) quotes from a pool of qualified service providers. The FO Director in coordinator with Partners HQ will review the quotes and select the best provider. The overall process and selection of the provider will be documented in accordance with the normal procurement standards in [Section 13](#). If the major repair pertains to an accident report and an insurance claim is filed, then Partners HQ in coordination with the FO Director will work with the insurance agent to cover the cost less any deductible.

14.9.6 Vehicle Insurance and Registration

Under Partners HQ's vehicle insurance policy, it provides protection to authorized drivers of company vehicles while on official business. The insurance policy covers collision, fire, theft and liability and includes a deductible. If the accident is due to driver negligence, the

insurance claim may be denied, and Partners Jamaica will be responsible for all costs associated with the incident.

All Partners Jamaica's vehicle must be registered in Jamaica with the appropriate authorities. Any vehicle that is not properly registered cannot be used for business, until the registration is updated. Copies of current vehicle registration information must always be retained in the glovebox of the vehicle, and a second copy filed with the FO Finance Manager.

Instructions

- The table at the top of the page shows how each question is score 0-10 for Risk Assessment.
Each question will have a maximum of 10 points for high risk and 0 for low risk.
 - A score between 0-3 shows a low risk for that particular question
 - A score between 4-6 shows a Medium risk for that particular question
 - A score between 7-10 shows a high risk for that particular question
- The total sum of all the questions will determine the overall score for that section (section 1, 2, 3 or 4). The total score in each section and where that number is by analyzing the graphs/boxes (on the right) will determine the level of risk. It is important to notice that each section will have different scores (graphs/boxes on the right) depending on how many questions are being asked.

Examples for calculating per diem for HQ staff, note Field Staff have different percentages, however, the calculation is the same.

Notes:

- [General Services Administration](#) (GSA) establishes per diem rates for destinations within the lower 48 Continental United States (CONUS).
- The [Department of Defense](#) (DOD) establishes non-foreign rates which includes Alaska, Hawaii, and all U.S. Territories (Non-CONUS).
- The [State Department](#) establishes all foreign rates which are specific to major cities.
- Meal breakdown can be calculated in the following chart (note, for travel funded by USG programs, this table MUST be used): www.gsa.gov/travel/plan-book/per-diem-rates/mie-breakdown

i) Normal example with no exceptions

Traveler A, a staff from the HQ office, leaves for a trip to New York City on Monday morning in April. The flight is scheduled to leave at 9AM. The traveler returns back to home-of-record on Thursday by noon.

The M&IE rate is \$76, as per the GSA website.

The Partners' approved rate is 90% = \$68.4

The per diem received will be:

Monday = $\$68.4 \times 75\% = \51.80

Tuesday = \$68.40

Wednesday = \$68.40

Thursday = $\$68.4 \times 75\% = \51.80

Total per diem = $\$51.80 + \$68.40 + \$68.40 + \$51.80 = \$240.40$

ii) Departing from home early; arriving home late

Traveler B, a staff from the HQ office, leaves for a trip to Bogota, Colombia on Monday morning in April. The flight is scheduled to leave at 8:00AM. In order to catch the flight, Traveler B must leave the home-of-record at 5:30 AM in order to be at the airport two hours prior to departure. The traveler returns back to home-of-record on Thursday at 10PM.

The M&IE rate is \$105, as per the State Department website.

The Partners' approved rate is 90% = \$94.50

The per diem received will be:

Monday = \$94.50 (this is a travel day; however, since Traveler B is leaving the home-of-record before 6AM, as per [Section 14.5.2 M&IE Meal Breakdown](#), full per diem is applied)

Tuesday = \$94.50

Wednesday = \$94.50

Thursday = \$94.50 (this is a travel day; however, since Traveler B is arriving to the home-of-record after 7PM, as per [Section 14.5.2 M&IE Meal Breakdown](#), full per diem is applied)

Total per diem = \$94.50 + \$94.50 + \$94.50 + \$94.50 = \$378

iii) Some meals covered by other sources

Traveler C, a staff from HQ, attends a conference in Panama City, leaving on flight on Monday at 11AM, attending the conference on Tuesday – Thursday, and returning on Friday morning, arriving to home-of-record after 9PM. During the conference, meals are provided for breakfast and lunch.

The Panama City M&IE rate is \$99, as per the State Department website.

The Partners' approved rate is 90% = \$89.10

Meal breakdown is as follows, as per [Section 14.5.2](#):

Breakfast @ the \$89.10 = \$13; Lunch = \$22; Dinner = \$36; Incidentals = \$18 (numbers rounded to nearest dollar)

The per diem received will be:

Monday = \$89.10 * 75% = \$66.83 (Panama City is the destination city and the rate to utilize on this first travel day)

Tuesday = \$36 + \$18 = \$54 (Dinner plus incidentals)

Wednesday = \$36 + \$18 = \$54 (Dinner plus incidentals)

Thursday = \$36 + \$18 = \$54 (Dinner plus incidentals)

Friday = \$89.10 (this is a travel day; however, since Traveler C is arriving to the home-of-record after 7PM, as per [Section 14.5.2 M&IE Meal Breakdown](#), full per diem is applied; also, Panama City is the city of departure; hence, this rate is utilized)

Total per diem = \$66.83 + 54 + 54 + 54 + 89.10 = \$317.93
