Adding Paycom to a Mobile Device Home Screen

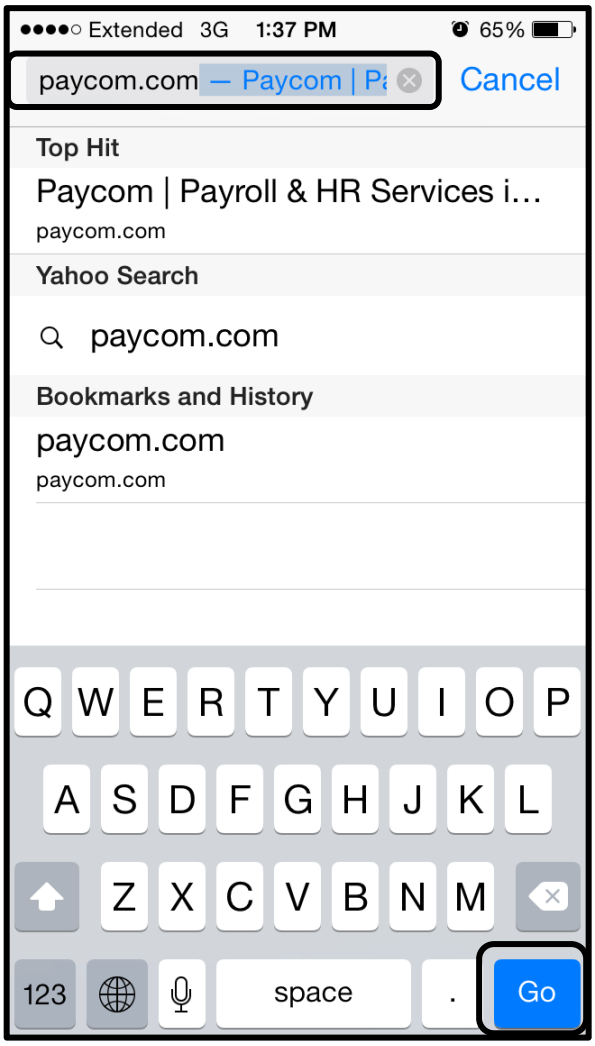
Paycom has a mobile-ready version for you and your employees. With responsive design that automatically adjusts to the screen size of any device, it is user-friendly and easy to access.

This manual provides detailed instructions on how to save the Paycom website to your device's home screen and use it as an app without having to download updates.

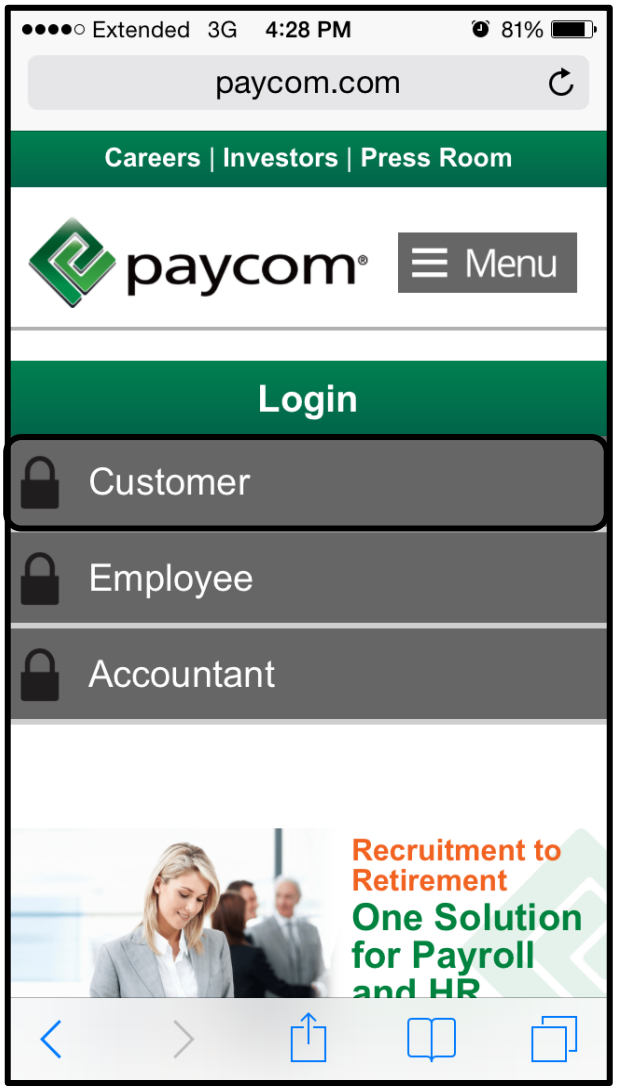
Apple iPhone®

Customer Login via iPhone®

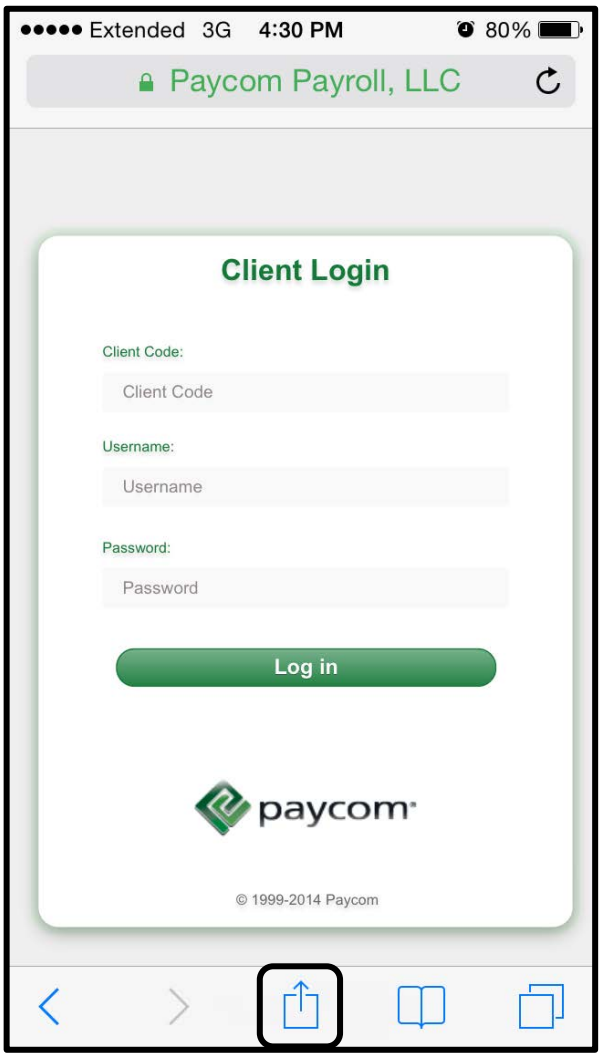
On your iPhone®, select your Internet browser icon. Enter Paycom.com or PaycomDFW.com into the search bar. Once you have entered the web address, select "Go."

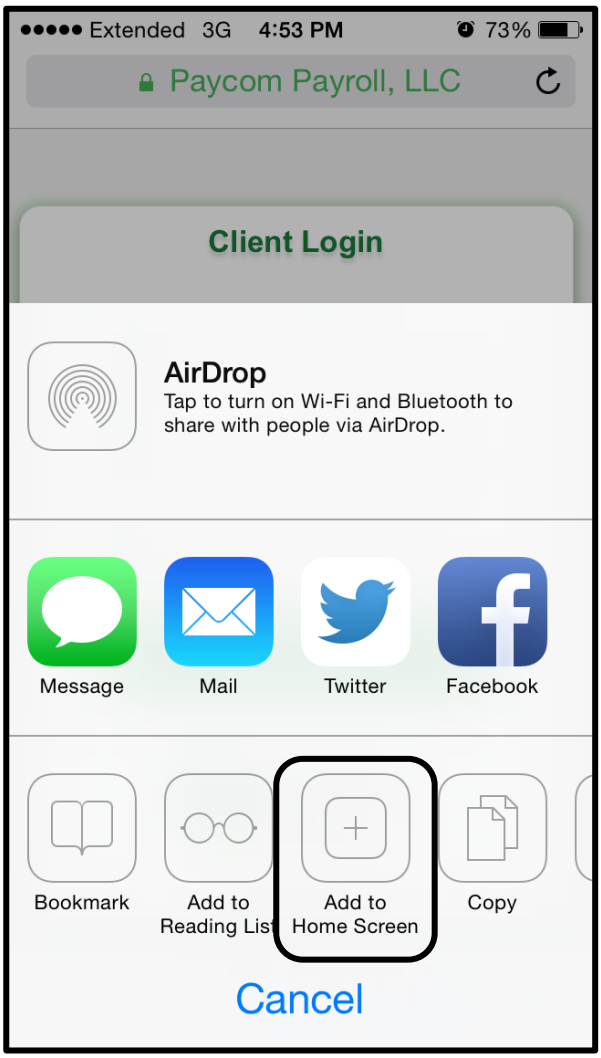


You will be directed to Paycom's website. Select "Login." Then click "Customer."

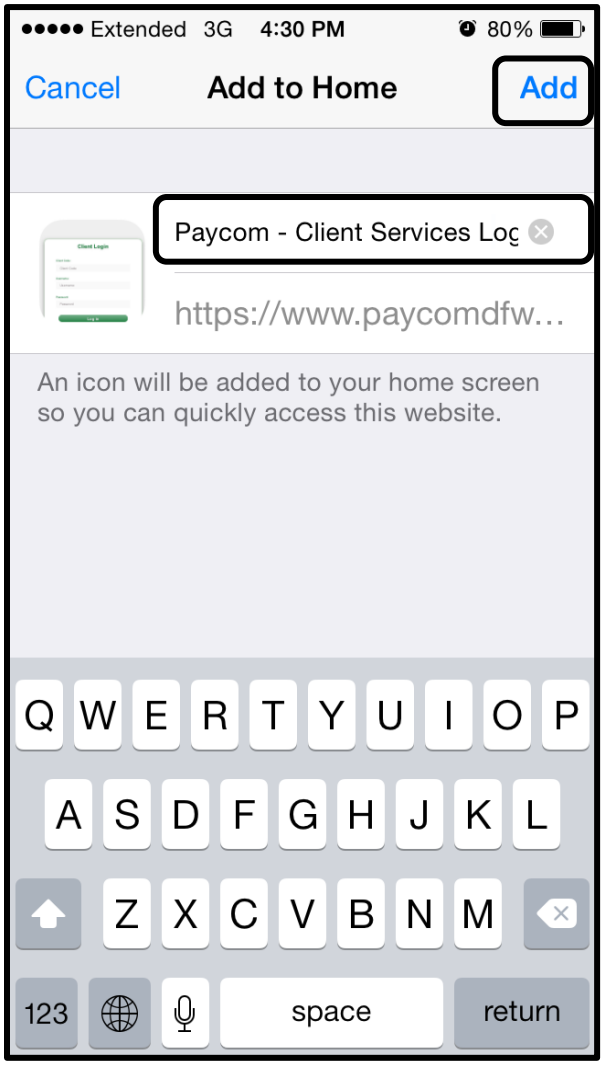


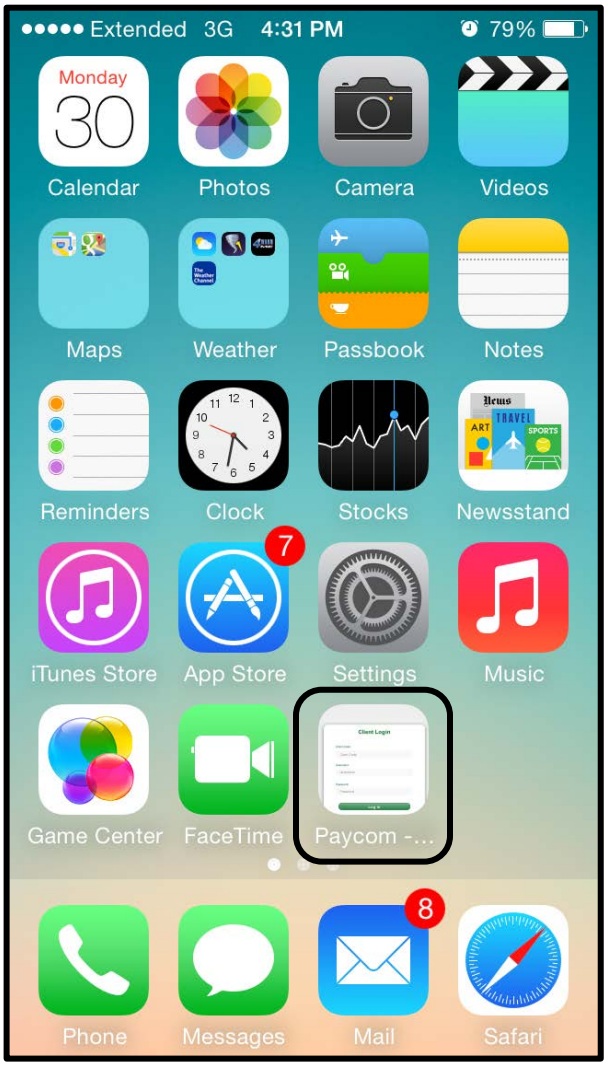
Now, at the bottom of your screen, select the icon. Select the option to “Add to Home Screen.”





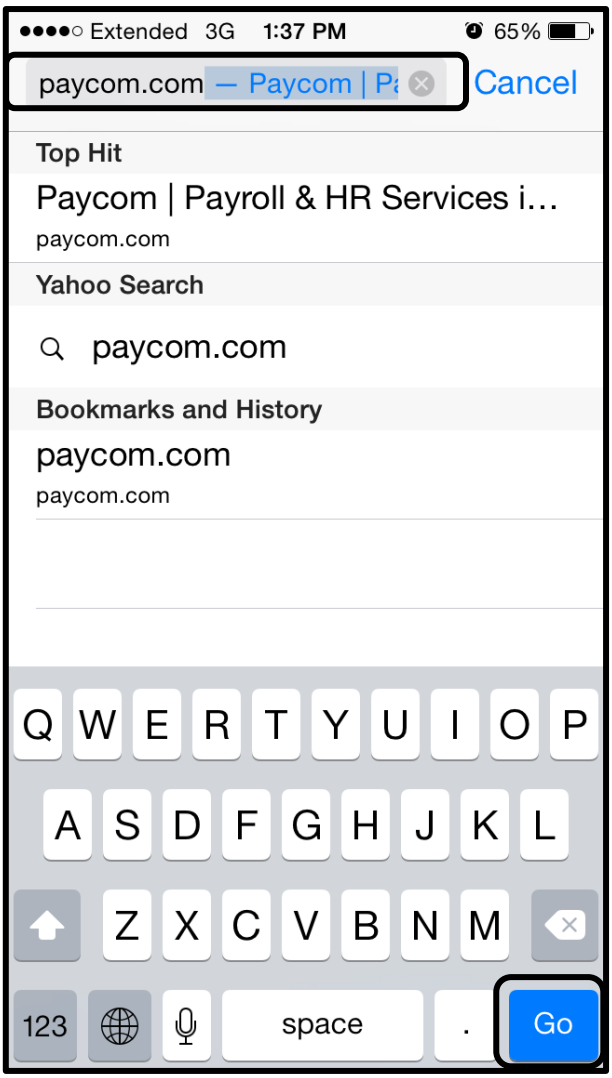
Next, enter the description you would like to appear on your phone's home screen and select "Add." The icon will then appear on your home screen. Click the icon to be taken directly to the Paycom website.



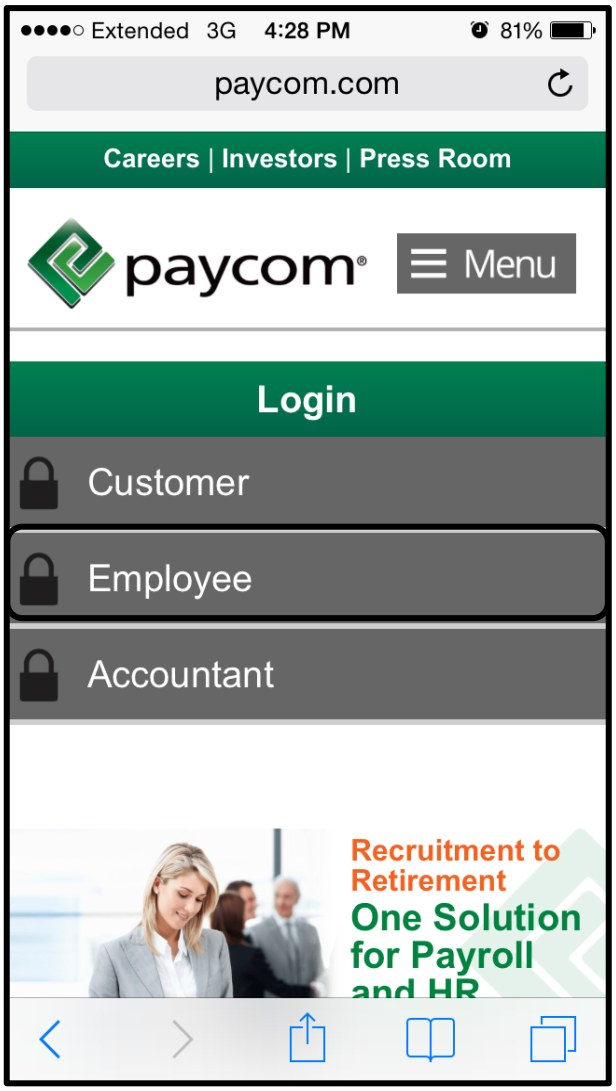


Employee Login via iPhone®

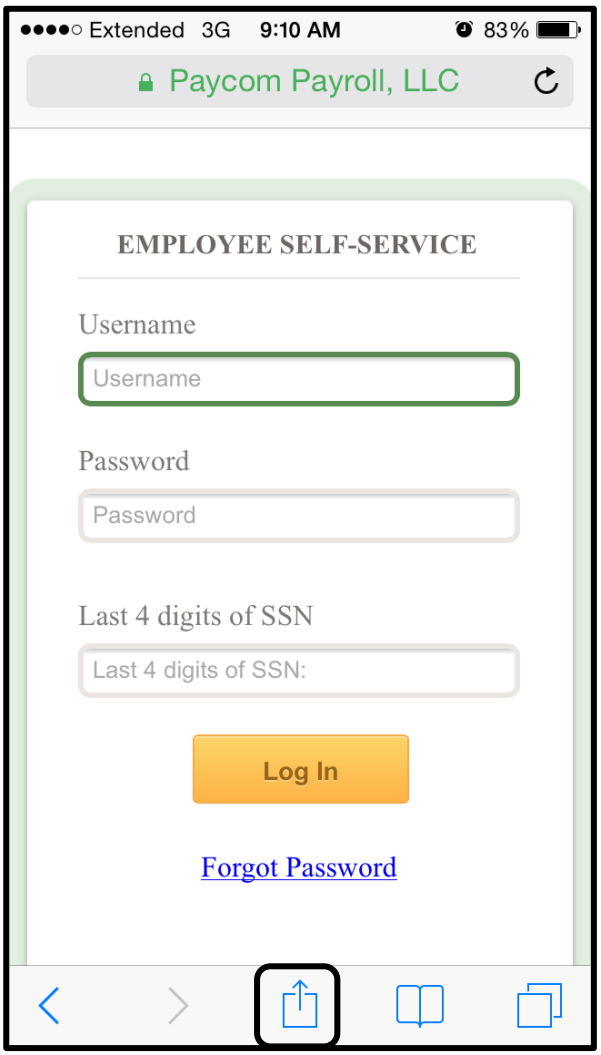
On your iPhone®, select your Internet browser icon. Enter Paycom.com or PaycomDFW.com into the search bar. Once you have entered the web address, select "Go."

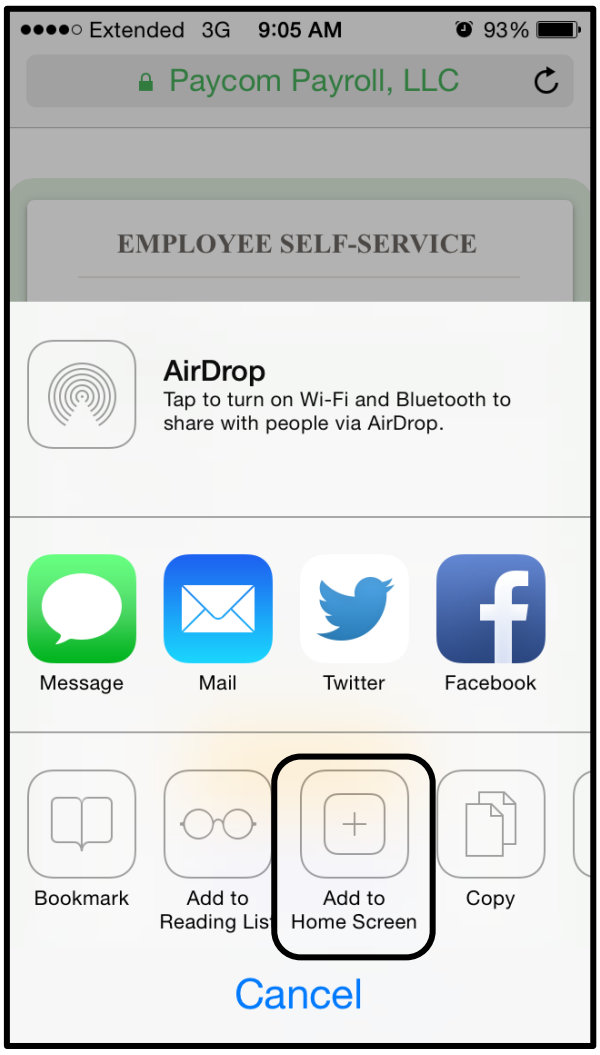


You will be directed to Paycom's website. Select "Login." Then click "Employee" to be directed to the Employee Self-Service login page.

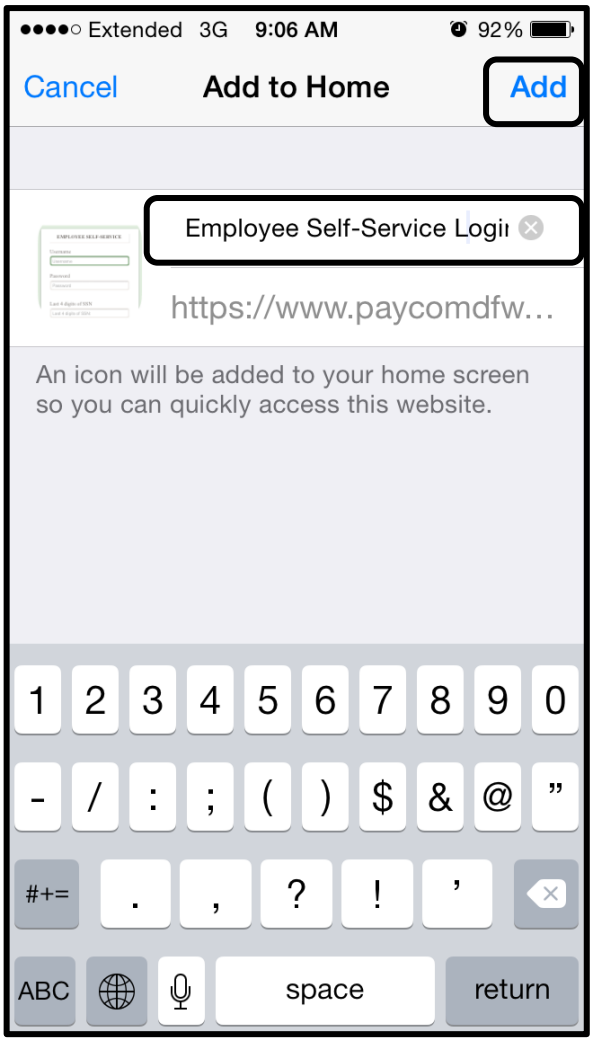


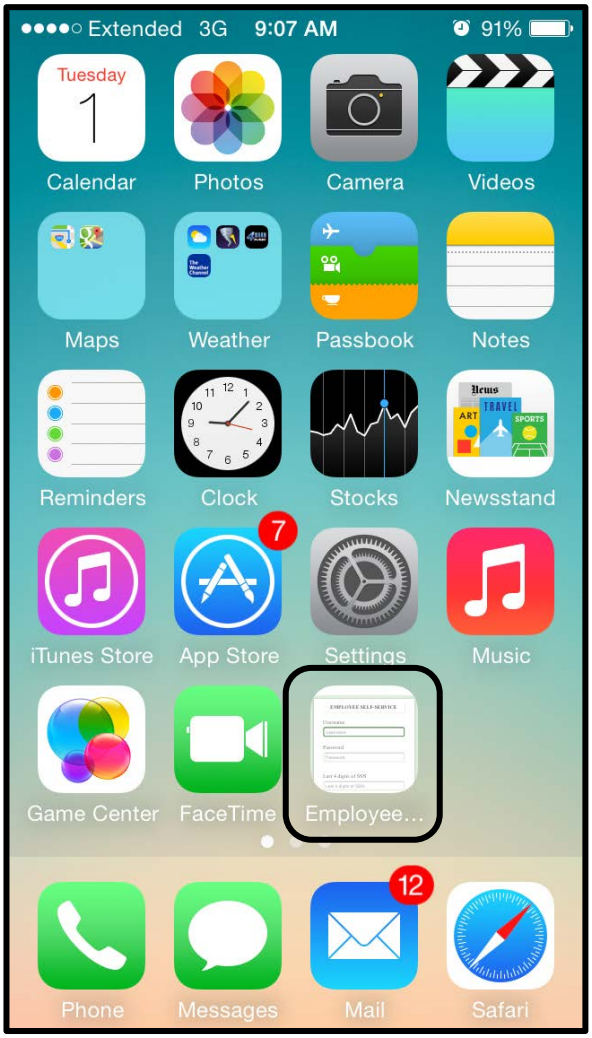
Now, at the bottom of your screen, select the icon. Select the option to “Add to Home Screen.”





Next, enter the description you would like to appear on your phone's home screen and select "Add." The icon will then appear on your home screen. Click the icon to be taken directly to the Paycom website.

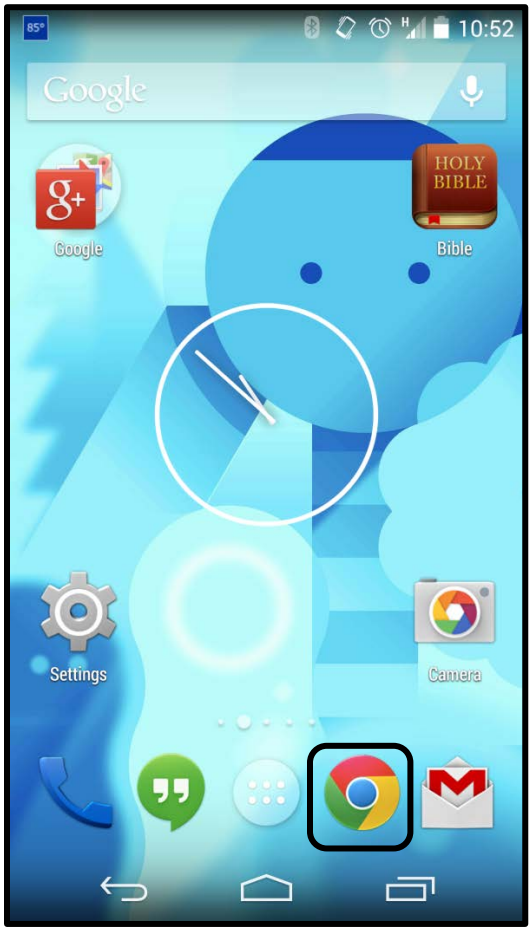


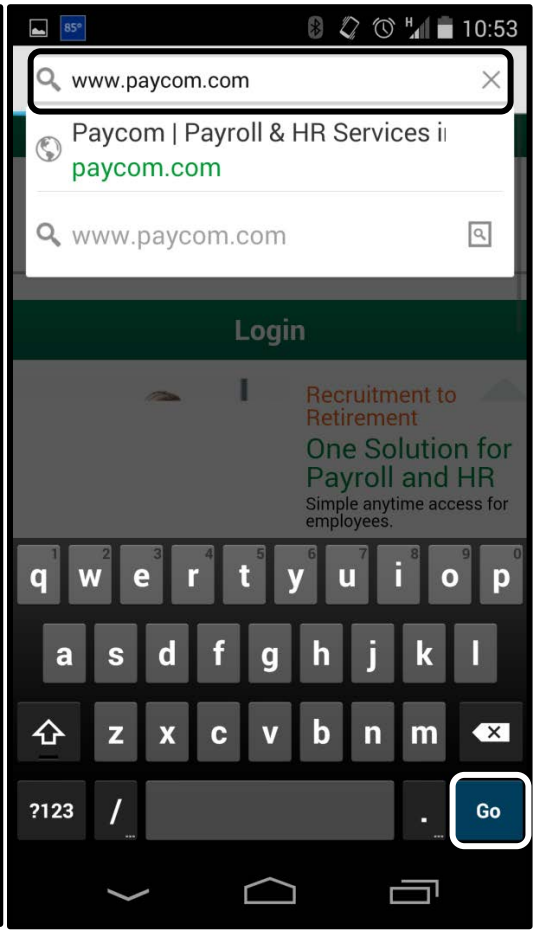


Android® Device

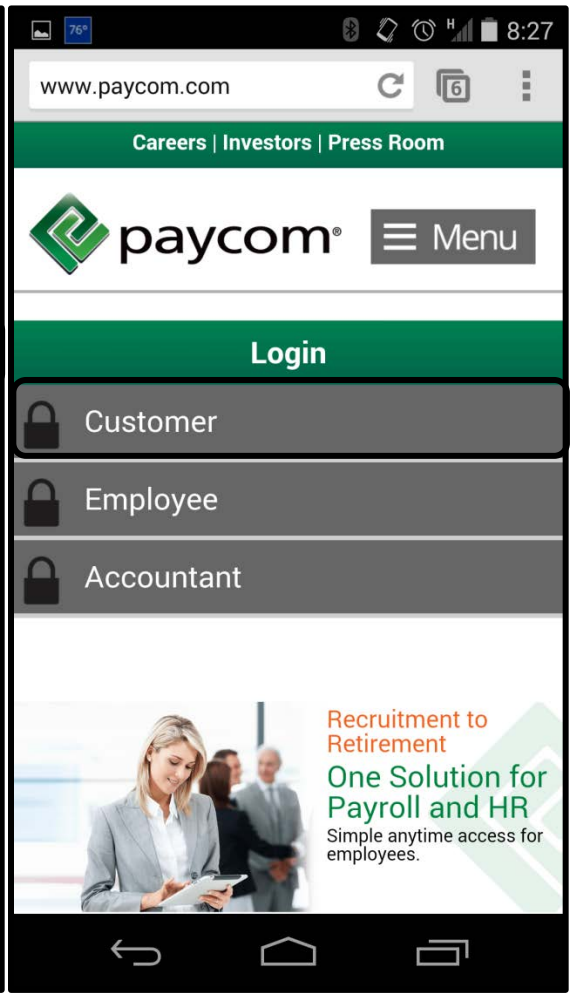
Customer Login via Android®

On your Android®, select your Internet browser icon. Enter Paycom.com or PaycomDFW.com into the search bar. Once you have entered the web address, select "Go."

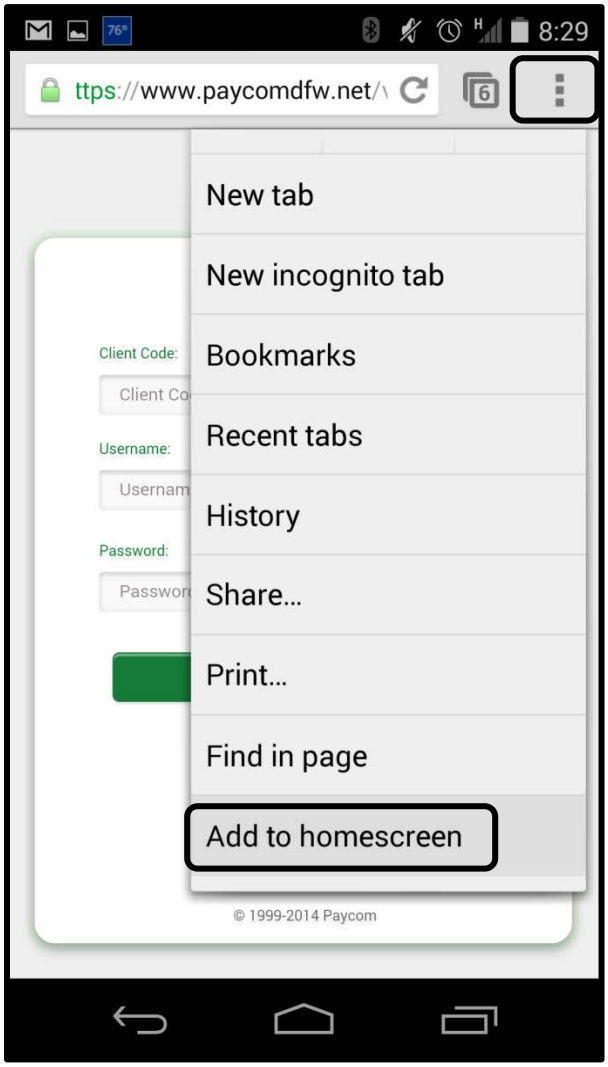


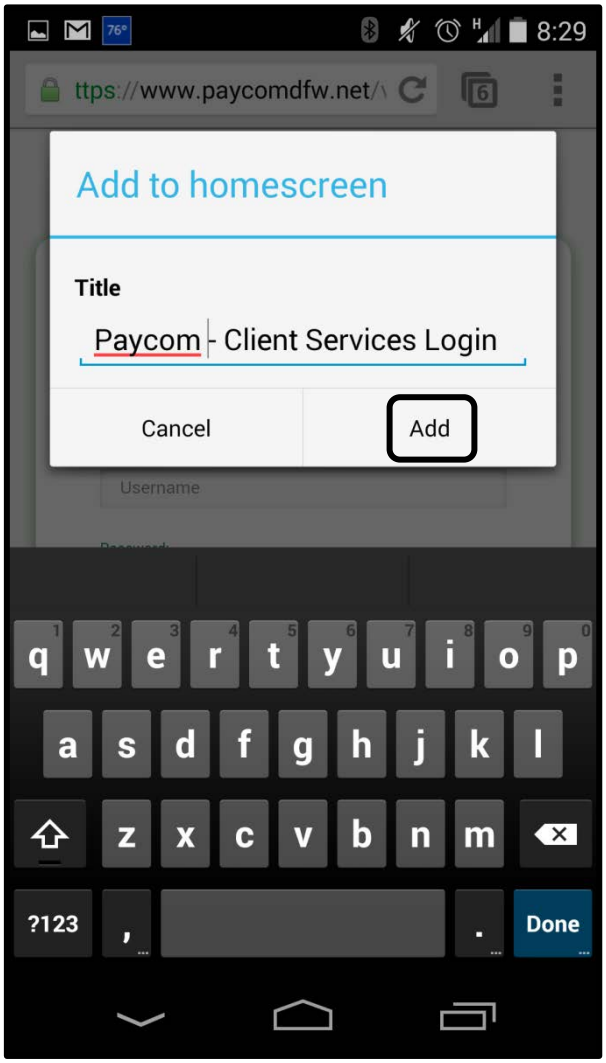


You will be directed to Paycom's website. Select "Login." Then click "Customer."

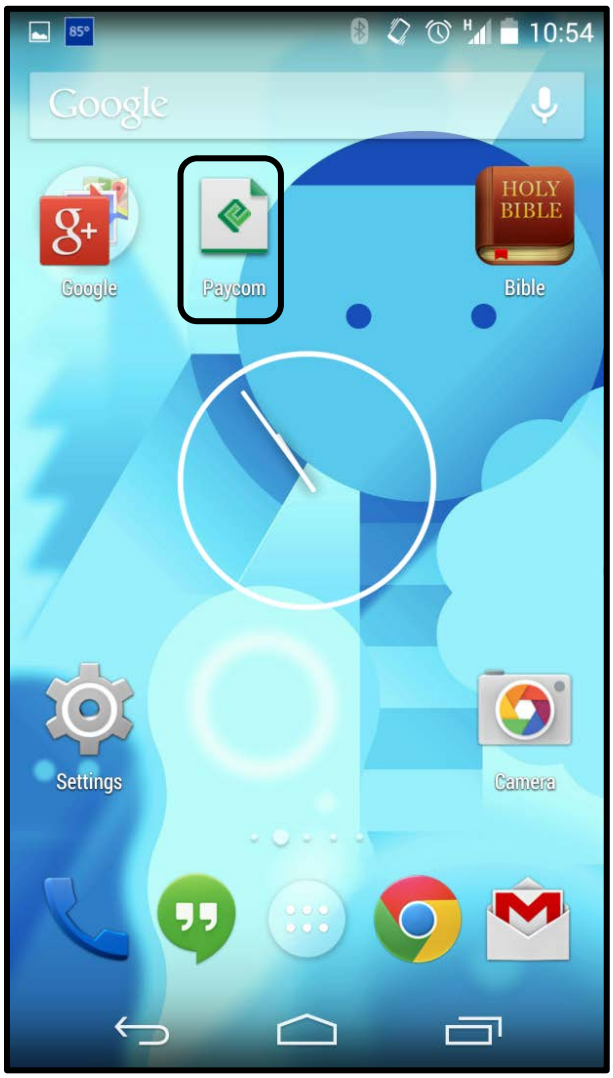


Now, at the top of your screen, select the ⋮ icon. Then select “Add to homescreen.” Next, enter the description you would like to appear on your phone’s home screen and select “Add.”



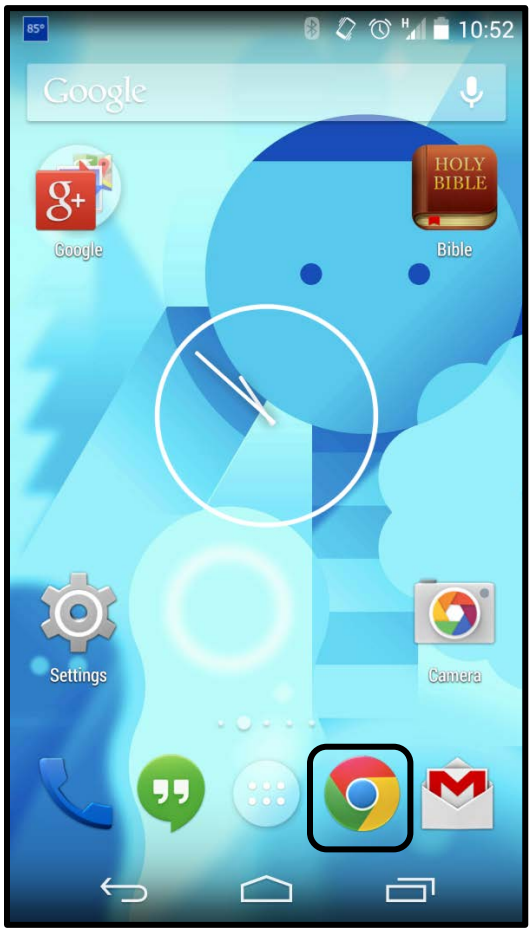


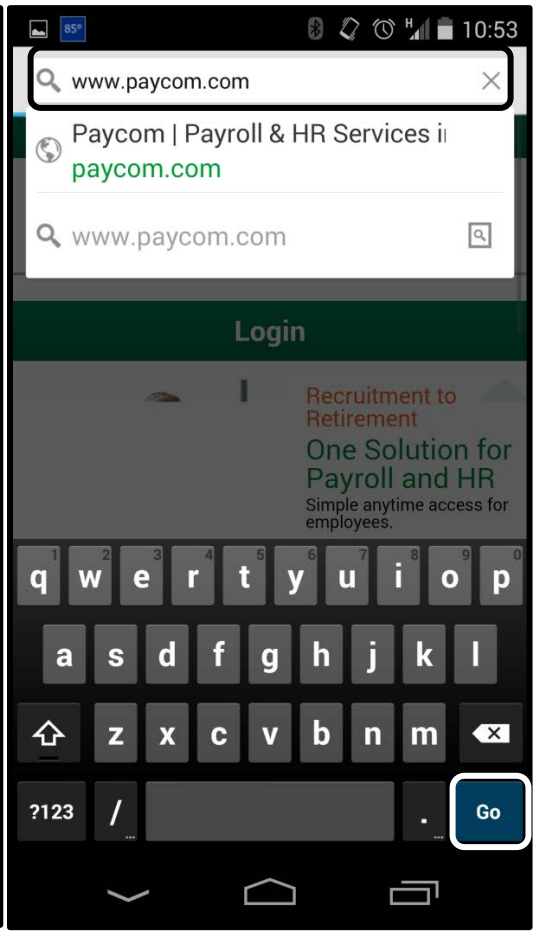
The icon will then appear on your home screen. Click the icon to be taken directly to the Paycom website.



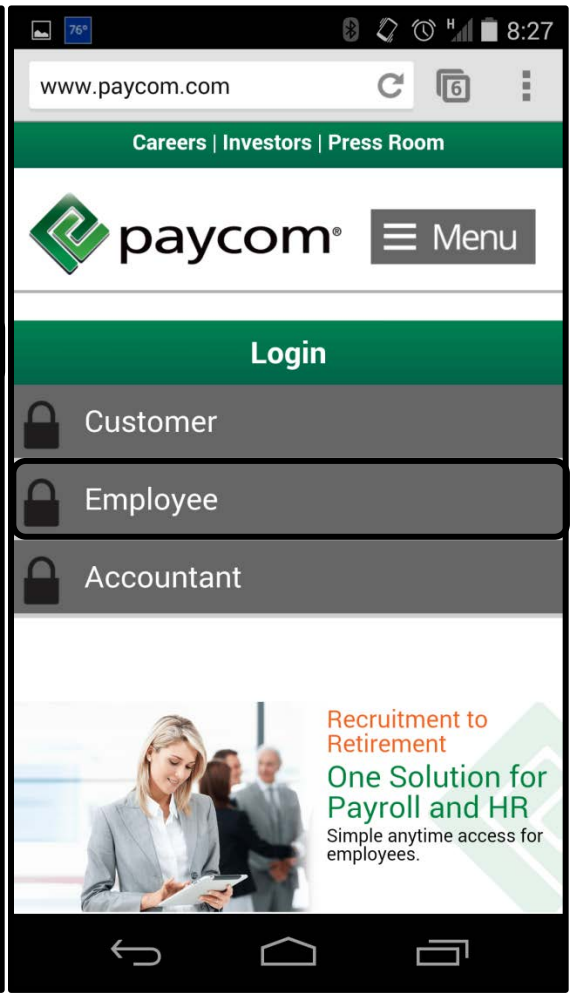
Employee Login via Android®

On your Android®, select your Internet browser icon. Enter Paycom.com or PaycomDFW.com into the search bar. Once you have entered the web address, select "Go."

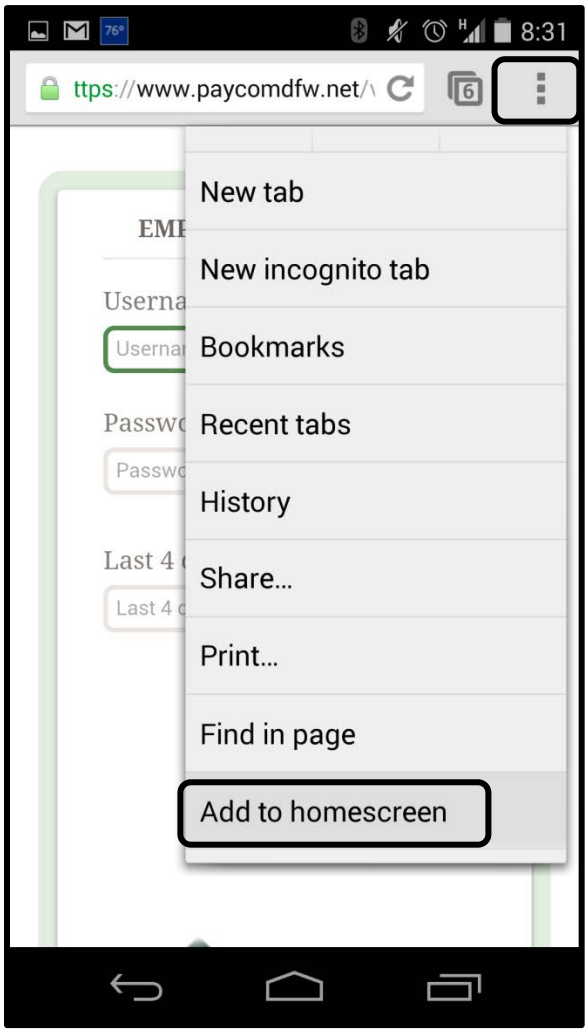


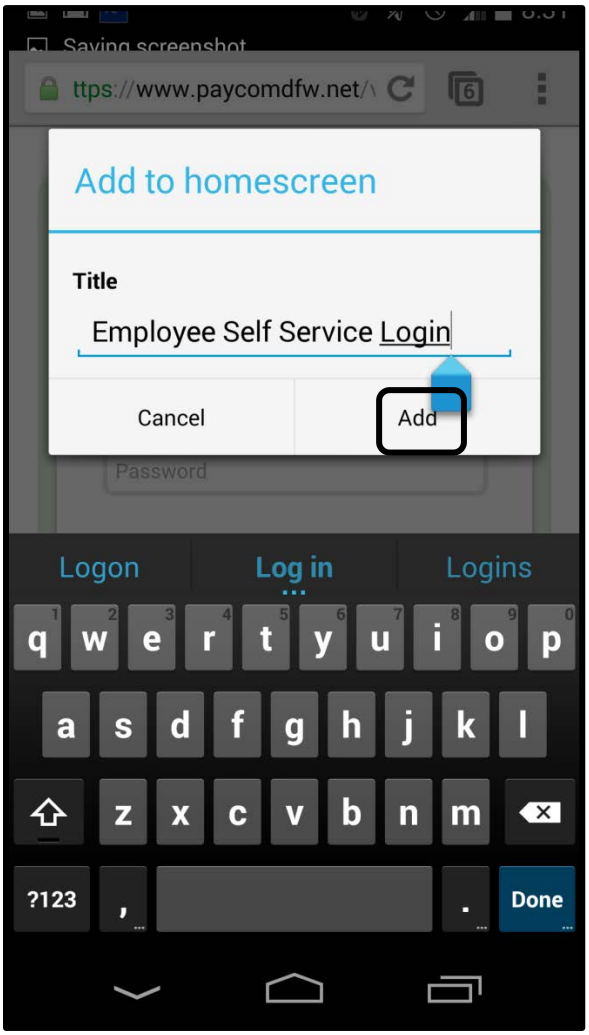


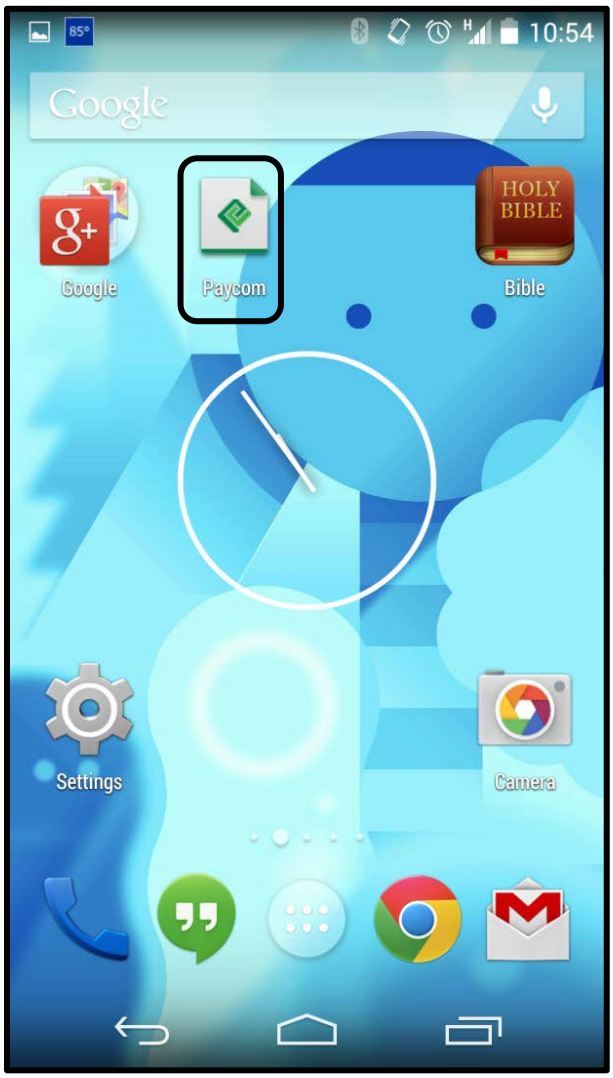
You will be directed to Paycom's website. Select "Login." Then click "Employee."



Now, at the top of your screen, select the ⋮ icon. Then select “Add to homescreen.” Next, enter the description you would like to appear on your phone’s home screen and select “Add.”







The icon will then appear on your home screen. Click the icon to be taken directly to the Paycom website.
