

SUSPECT PEOPLE REPORT FORM

Suspicious people might include you seeing the same person in different places repeatedly, a person loitering in a place for an unusual period of time, or people watching or acting in an unusual manner. People asking probing and unusual questions should also be considered suspicious and these people should be immediately reported.

- ❖ Only if appropriate and safe to do so consider taking a photograph of a suspicious person using your phone.

When seeking to describe a suspicious person use the A to H system:

A-H System		Reported Information
A	The A stands for their approximate AGE. Where needed bracketing can also be used – stating that the person is between 25 to 30 years of age.	
B	The B stands for their BUILD, such as skinny, obese, stocky or muscular.	
C	The C stands for their CLOTHING, including what the person was wearing; was it smart, casual or scruffy. Describe the colors, brands and any styles or emblems. Also, describe any bags, suitcases or backpacks the person was carrying.	
D	The D stands for DISTINGUISHING MARKS, including any noticeable marks such as scars, tattoos, or injuries.	
E	The E stands for their ETHNICITY; are they noticeably Caucasian, Arabic, Asian, or Black?	
F	The F stands for their FACE; is it round, long, thin or chubby? Was the person wearing spectacles, did they have a beard or moustache, or were they clean shaven?	
G2	The G stands for their GAIT, and GENDER. How was the person walking, was the person upright or slouched over, did the person walk with a limp? And, was the person a man or a woman?	
H2	The H stands for their HAIR and HIEGHT. Was the hair long short, thick or thin, and what the hair color of the person is? For height, you can use other objects, such as cars or lampposts, to gauge their height from a distance.
