Hello Ladies

I had a conversation with Sheila on Friday to discuss the sales tax issue in Guatemala. The issue is that USAID DC wants all purchases to be sales tax-free. The issue is that Partners cannot get a sales tax exemption in Guatemala.

Option 1 is to follow the mission in Guatemala to have all invoices made out to "USAID Guatemala" and use their sales tax exemption for all purchases. Option 2 is to pay sales tax and have all invoices made out to Partners.

Hi Debs how are you?

12:10 PM

So, how should we proceed?

Carmen Peña 12:10 PM

Why can't we get it? are we the only ones or is it like Mexico that there is no agreement from gov-gov that doesnt allow us to get it?

12:13 PM

Because we are not a church. They do not give them to NGOs. Pascale told Sheila PCI followed the advice of USAID Guatemala.

Carmen Peña 12:19 PM

What does the mission say about this?

12:19 PM

the mission in Guatemala is to have all invoices made out to "USAID Guatemala"

Carmen Peña 12:20 PM

I believe that if this is the missions preference and they are OK with doing it this way we don't have much option because option 2 will create a liability that these taxes are unallowable

Then we have to do that

12:23 PM

Thank you!
