

## Facility Risk Assessment Form

|                  |  |
|------------------|--|
| Facility Name:   |  |
| City:            |  |
| Street:          |  |
| Assessor:        |  |
| Email:           |  |
| Dated:           |  |
| Fit for Purpose: |  |

A Risk Assessment was conducted to identify security threats and vulnerabilities and to determine if the facility is: [1] Fit for purpose, [2] Fit for purpose following the implementation of recommendations, or [3] Not fit for purpose.

Recommendations to practically remedy vulnerabilities and risks are set out in this assessment and employ the principle *As Low As Reasonably Practicable*.

**Risks are rated as:** [L] for Low, [M] for Medium, [H] for High, and [E] for Extreme.

| Risk Area | L | M | H | E | Risk Area | L | M | H | E |
|-----------|---|---|---|---|-----------|---|---|---|---|
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |
|           |   |   |   |   |           |   |   |   |   |

**Examples include:** Active shooter and armed aggressor attacks, bomb threats, burglaries, civil disorder, criminal attacks, facility fires, floods, forest or bush fires, gang threats, severe weather conditions, workplace violence, terrorism and insurgency, espionage, and industrial or transport accidents.

## Risk Summary

**Considerations include:** [1] Location based risks, [2] Organizational profile risks, [3] Proximity risks, [4] Seasonal or activity-based risks, and [5] Risks by association.

## Observations and Recommendations

The following observations and recommendations are offered:

## General Area Risks: In Detail

The following outlines the general area risks in detail:

# Facility Risks: In Detail

The following outlines the facility risks in detail:

| PERIMETER ACCESS CONTROLS | PERIMETER SECURITY |
|---------------------------|--------------------|
|                           |                    |
| GROUNDS SECURITY          | BUILDING ACCESS    |
|                           |                    |
