SETUP REFERENCE GUIDE

The Approver

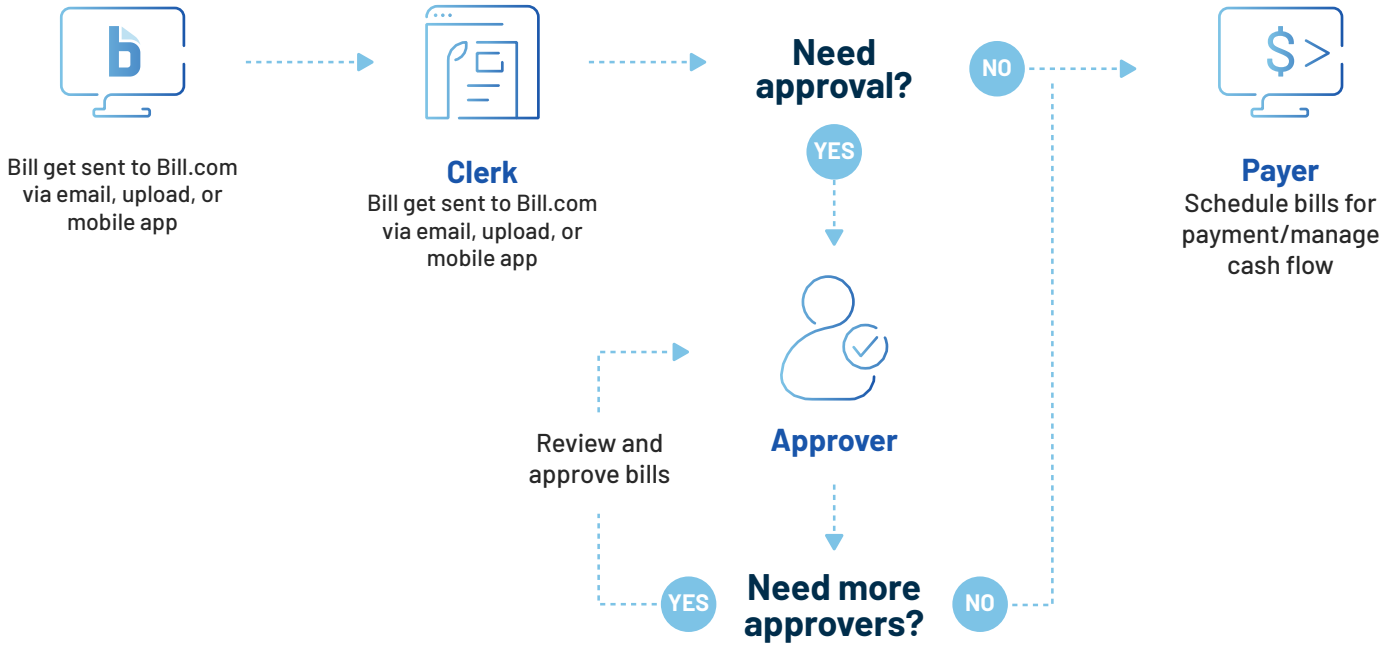
Introduction

Welcome to Bill.com. We make it simple to connect and do business. Now you can streamline and automate the bill payment process.

Responsibilities of the Approver Role

Review and approve bills and vendor credits.

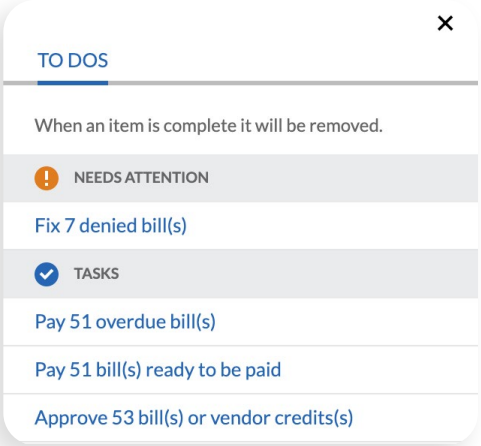
Where the Approver fits in the accounts payable workflow



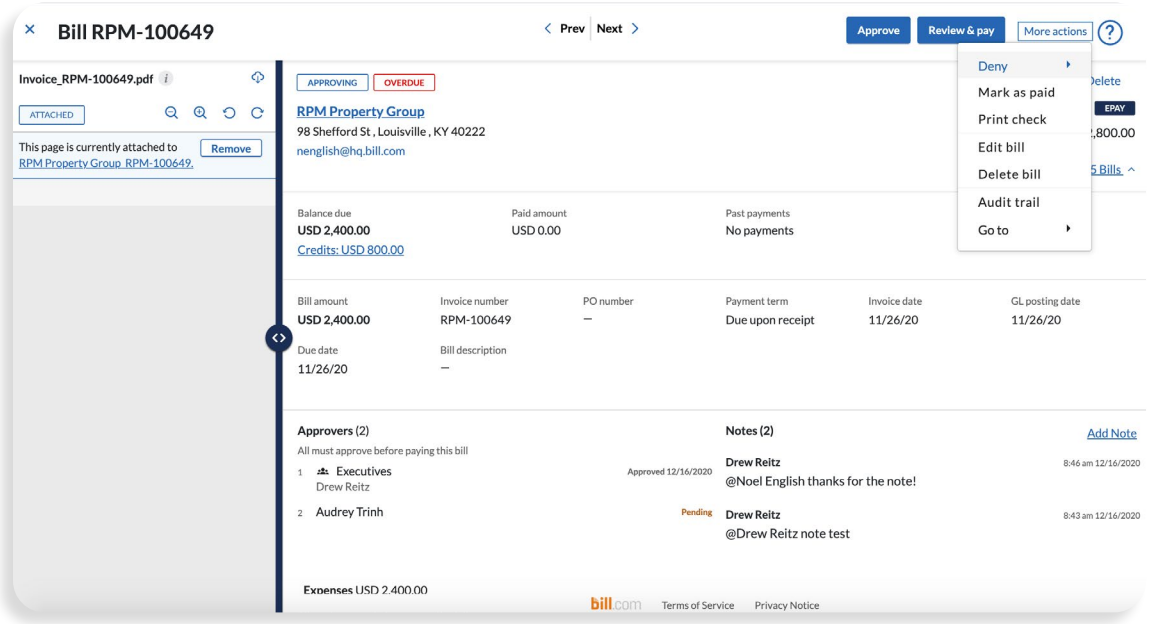
Approving bills

To Do List

When you log in, your **To Do List** will show bills that are ready for you to approve. Click the link in the To Do List to review the bills.



Reviewing and approving bills



To approve or deny an individual bill:

1. Select the bill by clicking on the **Bill Approvals Screen**
2. On the **Approval** page, select **Approve**, or **More Actions** to **Deny**

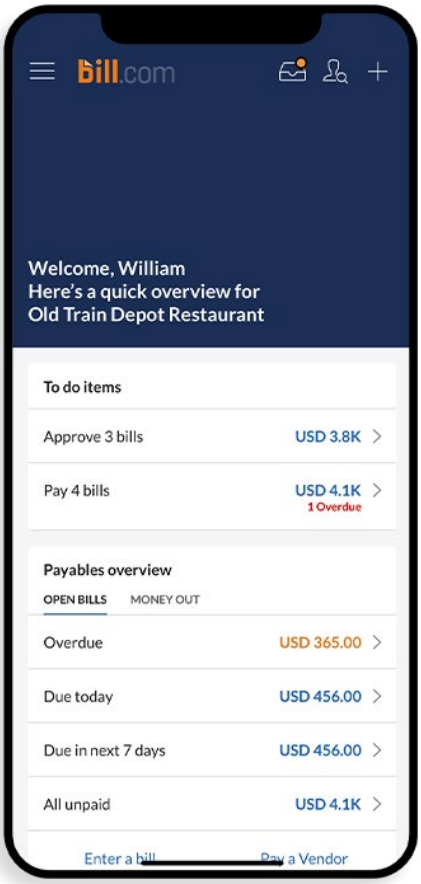
To approve several bills at once:

1. In the **Select** column, select the checkbox for each bill you wish to approve
2. Click **Approve**

Reviewing and approving bills with your mobile device

Mobile apps for Apple and Android devices

1. Download the free Bill.com app in the app store
2. Log in
3. On your Dashboard, will see any bills needing approval under "To do items"
4. Click the link under "To do items" to view the bills to approve



Approving bills

Quick approval: Simply swipe a bill on the list to the right.

For more details about the bill:

1. Tap a bill on the list to view details
2. Click Approve at the bottom of the bill

Denying bills

Quick deny: Simply swipe a bill on the list to the left and add a note explaining the denial reason.

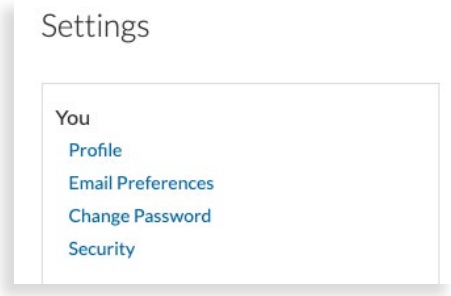
For more details about the bill:

1. Tap a bill on the list to view details
2. Click the 3 dots at the bottom of the bill
3. Add a note explaining why you denied the bill

Setting your personal email notification preferences

You can choose how often you would like to receive email reminders and alerts.

1. Select **Settings**
2. In the **You** section, select **Email Preferences**



3. Select the edit icon then select/deselect your preferences
4. **Save** your changes
