

The following format is provided to help staff and managers report accurate and timely information (during and following) an emergency event.

☐ **When**

When did the crisis occur: the date and time.

☐ **Where**

Where did the crisis occur: the country, city and local area (be specific).

☐ **What**

What happened: report both known and speculated facts.

☐ **Why**

Why did it happen: report both known and speculated facts.

☐ **Who**

Who was involved: report names, who they work for and their department.

☐ **Support**

Indicate what needs to be done and what support is required.

☐ **Management**

Report who is taking charge of the event (at every level).

☐ **Risks**

Report what existing and new risks might be associated with the crisis event.

☐ **Impacts**

What impacts, current and future, are associated with the crisis event.
