Budget Narrative

A. INTRODUCTION

Partners of the Americas (POA) is pleased to present the U.S. Department of Labor funded Project to Improve Adherence to International Labor Standards in the Agricultural Sector in Ecuador with a total cost of $4,740,000 over a 48-month period.

POA will target populations in the regions of El Oro and Cotopaxi with the aim to improve Ecuador's adherence to international labor standards, specifically related to child labor, forced labor, and the promotion of labor rights, within the banana and cut flower value chains.

Budget Structure

The budget herein presents realistic, reasonable, and justifiable costs of goods and services required for the efficient operation and management of the proposed project. The budget categories conform to the United States Department of Labor (USDOL) budgeting structures and are explained in further detail in ensuing sections. All costs are based on a combination of POA´s experience with similar programs, and historical costs.

POA provides a detailed explanation of the budget line items and the methods used to determine costs associated with implementing the proposed project strategy. POA has established sound financial management and internal control systems ensuring expenditures are reasonable, allowable, and classified in accordance with generally accepted accounting principles (GAAP). POA uses cloud-based accounting software and is subject to an annual A-133 audit. The Finance and Administration (F&A) department is staffed with a talented group of professionals with over 40 years of combined experience in the fields of finance and accounting, auditing and, managing the financial reporting for federal grants, contracts, and overseeing cooperative agreements with USDOL. The finance department is comprised of a Director of Grants and Contract Compliance, a Budget Analyst, an Account Payable Officer, a Deputy Controller, a Controller, and a Chief Financial Officer (CFO). The F&A team works closely with project staff at POA's headquarters (HQ) and foreign field office staff to monitor spending, ensure that all costs are reasonable and allowable, and support project staff in country to implement the project in accordance with United States Government (USG) rules and regulations (particularly 2 CFR 200), local laws, as well as POA's internal policies. Our F&A department also reviews spending with Project Directors monthly and assists with the oversight of contractors, end-of-project reporting, and other aspects of project monitoring.

B. MAJOR ASSUMPTIONS

Budget Scope: This budget presents costs for a 48-month program.

Staffing: In preparing the budget, POA has minimized administrative and support costs for managing the project to the extent possible to maximize the funds available for project activities, while still ensuring overall award compliance and capacity building for implementing partners.

Salaries: POA follows United States (US) and local labor laws to determine salary and fringe benefits for all employees identified in this proposal. Salaries are based on comparable organizations and projects, information gathered in-country, market analysis, and other data. Proposed salaries are also consistent with those paid to other personnel engaged in similar work within and outside of POA. All US-based staff salaries conform to POA´s personnel compensation policies. Local staff salaries are determined based on local labor guidelines and market conditions. For budgeting purposes, salaries are escalated at an average annual rate of 5%; actual merit increases are based on performance.

Inflation: We have applied an inflation rate for local travel, transportation, and other direct costs of 3% for US based and 4% for local costs respectively. Inflation is not applied to indirect costs.

Per Diem Rates: All international per diem rates used in this budget are based on current US Department of State Standardized Regulations (DSSR) for foreign areas and reduced by 10% for International travelers. Local per diem is based on a 50% reduction of USG local per diem rates as modified by POA that more accurately reflects actual costs for lodging, meals, and incidental expenses in Ecuador. POA ensures that the local per diem rates do not exceed the DSSR rates.

Allocated Costs: POA employs a robust and cost-effective strategy to determine cost allocation in accordance with USG cost principles, local laws, and internal policies. Our proposed budget for this project was developed by conducting thorough price analyses to identify reasonable, realistic, and fair market values for all projected expenses. Our budget estimates were also calculated based on experience in implementing effective and cost-efficient USG-funded programs. Indirect Costs have been applied in accordance with POA's most recent Negotiated Indirect Cost Rate Agreement (NICRA) agreement approved by our cognizant agency, United States Agency for International Development (USAID).

C. DETAILED BUDGET NOTES

I. Personnel

The following is a brief description of positions proposed. In preparing the budget, POA has minimized administrative and support costs for managing the project to the extent possible to maximize the funds available for project activities to focus heavily on building capacity of the workers, networks, civil society organizations (CSOs), and local implementing partners while still ensuring overall award compliance.

A. Key Personnel

Project Director (100% LOE) – Alexis Naranjo: POA is proposing a level of effort (LOE) of 100% and an annual salary of $72,000 ($6,000/month) for Mr. Naranjo to serve as the Project Director (PD) based on his expertise and salary history. Mr. Naranjo will lead the implementation, overseeing all technical, administrative, and financial components of the project. He will provide the strategic vision and leadership for the program, supervise program staff, and maintain a clear delineation of roles and responsibilities between the team partners, while responding to changing conditions in the areas of operation. He will establish good relationships with the project's stakeholders and oversee report preparation and M&E. The total estimated cost over the life of the award is **$310,329.**

Monitoring and Evaluation (M&E) Officer (100%) - Mrs. Mónica Rentería: POA is proposing a LOE of 100% and an annual salary of $40,000 ($3,333/month) for Mrs. Rentería based on her expertise and salary history. Mrs. Rentería will report directly to the PD and work in close coordination with him to design, develop, and apply M&E tools, integrating best practices and expertise in the field. She will implement the necessary tools to identify the project's impact, including PMP, a specialized database, and midterm and final evaluations. She will ensure data collection meets USDOL reporting requirements and maintain open communication and knowledge sharing with USDOL M&E staff. The total estimated cost is **$172,405**.

Other Professional Personnel

Public Sector Liaison (100%) – Luis Almagor: POA is proposing a LOE of 100% and an annual salary of $35,000 ($2,917/month) for Mr. Almagor based on his expertise and salary history. Mr. Almagor will report directly to the PD and work in close coordination with him. He will oversee strategic engagement with public officials from the Ministry of Labor (MOL), the Ministry of Agriculture (MOA), *Consejos*, *Juntas*, and other national and cantonal level institutions that will participate in project implementation. He will work to build partnerships and alliances among institutions for the coordination of efforts to promote effective identification and registration of labor violations. The total estimated cost is **$131,975**.

Communications Specialist (100%) - Emilia Bayas: POA is proposing a LOE of 100% and an annual salary of $23,748 ($1,979/month) for a Communications Specialist based on her expertise and salary history. The Communications Specialist will report directly to the PD and work in close coordination with him to create an effective communications strategy for the project. She will oversee the development and implementation of the project's communications strategy and communication campaigns in coordination with government authorities, producer associations, worker organizations and other key project stakeholders to promote acceptable conditions of work in the agricultural sector. They will include the design of various awareness-raising materials, the dissemination of the project's best practices and lessons learned, the management of the project's

social media platforms, the dissemination of project updates with key stakeholders, and the development and execution of communications campaigns. The total estimated cost is **$89,547**.

Occupational Safety and Health Specialist (100%) – César Ávila: POA is proposing a LOE of 100% and an annual salary of $35,000 ($2,917/month) for an Occupational Safety and Health Specialist based on expertise and salary history. He will be responsible for the design and implementation of awareness raising and capacity building activities regarding OSH in both the banana and flower sectors. This will include the delivery of trainings to workers, inspectors, agricultural extensionists, public officials, community organizations, and other key stakeholders on identifying and reporting OSH risks and violations, and the implementation of effective policies and practices that guarantee safe and healthy workplaces. The total estimated cost is **$131,975**.

VI. Contractual (Subawards and Contracts)

Subawards to Local Implementing Partners:

POA will issue a sub-award to INDES that will act as a core implementing partner for all project activities focused on the flower sector. A detailed budget and budget narrative for INDES are outlined below. **$640,290.**

Fixed-Price Awards to Resource Partners are estimated at the following:

- ***Corporación de Floricultores del Sur* -** has established partnerships with indigenous organizations connected to the floriculture sector that will participate in project activities, such as *Movimiento Indígena de Cotopaxi*, *Union de Organizaciones Campesinas*, and *Corporacion de Organizaciones Campesinas Cusubamba*. The fixed-price grant to facilitate these activities is estimated at $10,000 in Year 1, $20,000 annually in Years 2-3, and $10,000 in Year 4 for a total award of **$60,000** over the life of the project.

- **The Latin American and Caribbean Network of Fair-Trade Small Producers and Workers (CLAC)-** CLAC will act as a strategic alliance for the project by convening small banana producers from their partner associations to engage in training and capacity building activities on social and labor compliance. CLAC's fixed-price grant to facilitate these activities is estimated at **$**15,000 annually in Years 2 & 3, and $10,000 in Year 4 for a total award of **$40,000** over the life of the project.

- ***Asociación Sindical de Trabajadores Agrícolas, Bananeros, y Campesinos*** (**ASTAC) –** ASTAC is a Trade Union Association of Agricultural, Banana and Peasant Workers working in the province of El Oro. ASTAC will be engaged to support awareness-building and training to prevent, recognize, and resolve labor violations. ASTAC's fixed-price grant to facilitate these activities is estimated at $7,500 in Year 2, $10,000 in Year 3, and $17,500 in year 4 for a total award of **$35,000** over the life of the project.

- **ASOPROTRABAN –** ASOPROTRABAN is a small producer association located in the province of El Oro that will work with to deliver trainings to their affiliated small producers on child labor, forced labor and occupational safety and health, and other awareness raising efforts on topics related to labor rights. ASOPROTRABAN's fixed-price grant to facilitate these activities is estimated at $7,500 in Year 2, $10,000 in Year 3, and $17,500 in year 4 for a total award of **$35,000** over the life of the project.

- **BANABIO -** BANABIO is a small and medium banana producer association and exporter located in the town of Machala in the province of El Oro. BANABIO will raise awareness on child labor, forced labor and occupational safety and health, and other topics related to labor rights. Under BANABIO, the project will also work with its smaller affiliated producer associations, such as *Asociación de Producción Agropecuaria de Productores Bananeros Progresistas de El Oro* (ASOPROABANOR), *Asociación de Producción Agrícola Orgánica Pasaje* (ASOPAOP) and *Asociación de Producción Agrícola Green Quality* (ASOPROAGREEN)**.** BANABIO's fixed-price grant to carry out these activities is estimated at $15,000 annually in Years 2-3, and $10,000 in Year 4 for a total award of **$40,000** over the life of the project.

The total budgeted for contractual is $144,056 in Year 1, $259,737 in Year 2, $282,479 in Year 3, and $164,017 in Year 4 for a grand total of ***$850,290.***

VII. Other Direct Costs

Project Office in Quito

POA´s Ecuador office exists to implement our donor programs. Therefore, the costs of operating this office are a direct cost. Thus, it is essential that all country office expenses be directly charged to donor and or POA provided resources. This direct charging has support from Federal and non-federal sources. For example, The Uniform Guidance 2 CFR 200.413 allows the direct charging of field office operating costs.

All expenses incurred at field offices (defined as offices outside of the primary country office; satellite, provincial, district, state level offices) are to be direct charged:

Banking and cash handling fees: Banking and cash handling fees are estimated to cost $50/month for 12 months in Year 1 through Year 4, for a total cost of **$2,548.**

Courier fees/services: Courier fees/services for all project related activities are estimated to cost $70/year for all four years of the project, for a total cost of **$297.**

Recruitment/Procurement Advertising: Based on prior program experience, recruitment/procurement advertising costs are estimated at $263/position for 4 positions for a total of **$1,050**.

Communications Costs (Internet, Hotspot, Phone, Data) for Quito: Based on prior experience, POA is estimating $150/month for communication costs for the project office in Quito. The cost is intended to cover remote work while traveling in the field as necessary for data, phone, internet, and other communication costs. POA is budgeting for three (9) months in Year 1, 12 months for Year 2 through Year 4, for a total cost of **$7,194.**

Office Space in Quito: Based on market quotes in Quito, POA is estimating $1,500/month for an office lease. This lease includes furniture, utilities, internet, and a coffee station. POA estimates nine (9) months in Year 1, 12 months for Year 2 through Year 3, and 10 months in Year 4, for a total cost of **$71,936.**

Property and Liability Insurance: POA estimates property and liability insurance fees at $250/year, for all four years of the project. The total estimated is **$1,062.**

Legal fees for Quito: POA is estimating legal fees at $2,200/year, for all four years of the project. The total estimated is **$9,342.**

Accounting and Payroll Processing for Ecuador: Based on market quotes, POA is estimating accounting and payroll processing fee at $350/month. POA is budgeting for 12 months in Year 1 through Year 4. POA has added the cost for payroll processing as POA will outsource the payroll and accounting service in project to ensure local compliance. The total cost is **$17,835.**

HR Platform for Timekeeping and Expense Reporting: POA is budgeting for timekeeping, accruals, and expense reporting platform at a rate of $150/month for 12 months in Year 1 through Year 4. The total budget is **$7,644.**

Zoom license: POA is budgeting for a zoom license at a rate of $1,120/year in Year 1 through Year 4. The total budget is **$4,756.**

Security Provider: Security Provider for Quito is estimated to cost $333/month for Years 1 through Year 4, for a total cost of **$16,986.**

Media Engagement: POA has set aside $5,000 in Year 1, $20,000 in Year 2, $15,000 in Year 3, and $10,000 in Year 4 for a total of **$50,000** for the creation of visual assets (professional photography and videography) that will help communicate the issues surrounding child labor, forced labor, and the promotion of labor rights, within the banana and cut flower value chains in the context of these agricultural sectors in El Oro and Cotopaxi.

The total budgeted for office expenses is $35,140 in Year 1, $55,402 in Year 2, $51,818 in Year 3, and $48,290 in Year 4 for a grand total of ***$190,650.***

Program Activities

Associated with the program activities are related cost elements for participants' travel ($4/day), lunch and coffee breaks ($16/day), consultant daily rates ($300/day) materials and supplies ($25-$1,000/workshop), and printing ($15-50/activity). The unit costs are based upon an average unit cost incurred in the proposed training sites (Cotopaxi/El Oro/Quito) in Ecuador.

The activities sections of the budget link directly to the activities worksheet "Activities Detail." The activity costs in the detailed budget are presented as high-level summary, and the activities sheet is included to provide a detailed breakdown for each proposed activity.

Listed below are the total activities and amounts each year supporting program and training events for Direct Program Activities, Trainings, Meetings, and/or Workshop Costs to carry out this project's objectives. Each year includes a 4% escalation rate for inflation as previously noted in the assumption section above.

Outcome 1: Increased capacity of government officials to enforce labor laws specifically related to child labor, forced labor, occupational safety and health and other labor rights in the agricultural sector.

1.1 Assess Labor Law Enforcement Institutions, Processes, and Services: A local consultant to conduct assessments is included in the first year at a daily rate of $300 for 18 days. This activity is estimated at $5,400 in Year 1, $0 in Years 2-4, for a grand total of **$5,400.**

OTHER DIRECT COSTS

INDES Project Office
INDES Office space is budgeted at an allocation of $300/month (including all utilities, Wi-Fi, coffee, etc.) for project staff over the project's life for **$12,363**.

Program Activities
Associated with the program activities are related cost elements for participants' travel ($4/day), lunch and coffee breaks ($16/day), consultant daily rates ($300/day) materials and supplies ($25-$1,000/workshop), and printing ($15-50/activity). The unit costs are based upon an average unit cost incurred in the proposed training sites (Cotopaxi/El Oro/Quito) in Ecuador.

The activities sections of the budget link directly to the activities worksheet "Activities Detail." The activity costs in the detailed budget are presented as high-level summary, and the activities sheet is included to provide a detailed breakdown for each proposed activity.

Listed below are the total activities and amounts each year supporting program and training events for Direct Program Activities, Trainings, Meetings, and/or Workshop Costs to carry out this project's objectives. Each year includes a 4% escalation rate for inflation as previously noted in the assumption section above.
