3) PURPOSE AND OBJECTIVES OF AWARD:

a. Purpose:
Partners of the Americas (hereinafter referred to as the Recipient), is hereby provided a federal award, the purpose of which is to support FY 2023 Traditional Public Private Partnerships (TPPP) program.

This TPPP supports social and economic development in Latin America and the Caribbean. The Recipient will fund approximately 30 travel grants and five small project assistance subawards, and will convene at least one regional peer learning event in the Western Hemisphere. The Recipient will focus on the following objectives: support inclusive economic growth; promote diverse, equitable, and inclusive engagement; promote understanding of media literacy and counter misinformation; and expand engagement with U.S. and foreign alumni. These activities directly support the Department's strategic goals, with a focus on bolstering democratic principles, strengthening the rule of law, and encouraging strong civil society institutions.

The Recipient shall carry out this award in accordance with its proposal dated January 26, 2023, and any revisions to which both parties agree to in writing. The Recipient's proposal and any subsequent negotiated revisions are hereby incorporated by reference.

Specifically, the Recipient's responsibilities include, but are not limited to, the responsibilities identified in the Project Objectives, Goals, and Implementation (POGI) and Notice of Funding Opportunity (NOFO) number SFOP0009274. The POGI and NOFO are hereby incorporated by reference and made an integral part of this Agreement. A copy of POGI and NOFO may be downloaded from SAMS Domestic or obtained by written request to the Grants Officer.

b. Objectives and Expected Outcomes: The Recipient agrees to perform the program and meet the specific objectives below:

Objective 1: Support inclusive economic growth.

Objective 2: Promote diverse, equitable, and inclusive engagement.

Objective 3: Promote understanding of media literacy and counter misinformation.

Objective 4: Expand engagement with U.S. and foreign alumni.

As stipulated in this FY 2023 Grant, the Recipient will utilize the Monitoring Data for ECA (MODE) Framework. As part of MODE, the Recipient submitted a performance monitoring plan (PMP) describing the proposed indicators to be captured that demonstrate progress toward achieving the objectives of the program. The PMP includes the programmatic objectives and indicators as listed in the letter of solicitation. The Recipient may have also provided additional objectives and indicators that are specific to the program to further measure the relevant outputs, outcomes, and impact over the course of the award. The indicators from the submitted PMP will be entered into the

SAMS Domestic Result Performance Monitoring (RPM) module by the ECA MELI Unit, and reviewed and approved as final by the Recipient. The RPM module enables users to report performance monitoring data in the same system where you currently manage federal assistance actions. The data stored in the RPM module will provide ECA with a bureau-wide, uniform reporting tool that is already linked with other elements of the awards and provides supplemental information to the Performance Progress Reports (see Section 12 below). A copy of the required indicators may be downloaded from the RPM module or obtained by written request to the Grants Officer Representative.

The Recipient agrees to carry out the objectives of this project and measure the indicators in the PMP and in accordance with the project work plan detailed in its proposal.
