ANNEX E -Non-Discrimination/Affirmative Action

Partners of the Americas is an equal opportunity employer. Partners does not discriminate regardless of actual or perceived race, creed, color, sex (including pregnancy, childbirth and other pregnancy-related conditions), religion, national origin, citizenship, sexual orientation, personal appearance, gender identity or expression, physical or mental handicap or disability, age (18 or over), marital status (including parenthood), family responsibilities, matriculation, genetic information, political affiliation, veteran status or any other areas of discrimination prohibited by applicable law. This policy applies to all terms, conditions, and privileges of employment including hiring, training and staff development, promotion and compensation.

Partners promotes diversity and equal opportunity in the workplace in accordance with all applicable Federal and local law requirements.

Employees with questions or concerns about any type of discrimination in the workplace are encouraged to contact their supervisor. If you believe that you have been the victim of any type of discrimination or are aware of such conduct, you must promptly notify your supervisor or a Senior Manager of Partners. Employees may raise concerns and make reports without fear of reprisal. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including termination of employment.

Persons with Disabilities

As part of its commitment to a diverse workforce, Partners does not discriminate in its hiring or employment practices against qualified individuals with disabilities who can perform the essential job functions with or without reasonable accommodation. In compliance with the Americans with Disabilities Act, Partners adheres to the following guidelines:

- The application process is used solely to determine whether a candidate's qualifications and abilities reasonably match job requirements. Therefore, applicants are not queried about their physical condition or medical history (except where it appears that essential job functions could not be performed without accommodations, in which case only appropriate inquiries relating to functional limitations are made).
- Partners will make reasonable accommodations to enable a qualified individual with a disability to perform essential job functions, unless doing so will create an undue hardship.
- Employees who need a reasonable accommodation should inform their supervisor or a Senior Manager of Partners as soon as possible and Partners will engage in an interactive process with the employee to evaluate potential accommodations.

By signing below, I certify that I have read and understood the statement written above.
