3. Policy: Signatory Approvers

This document defines the approval process for the following types of COVER SHEETS and AGREEMENTS:

- Contracts with independent consultants
- Contracts or agreements with organizations, governments, corporations, foundations
- Purchase orders for goods or services or other type of service agreements

- Any AGREEMENT that requires a change to the AGREEMENT template, or which does not have a template (not including program-funded vendor service agreements and work orders), is excluded

The following scenarios are approved for Signatory Approvers

- Event contracts/vendor AGREEMENTS and COVER SHEETS that are not funded from unrestricted / admin, including service agreements and work orders provided by the vendor
- AGREEMENTS and COVER SHEETS that do NOT impact office, communications or project technology systems (e.g., websites, email, social media, financial tools)

Note that an agreement may not be split into two or more agreements that are less than or equal to $100,000. Any modifications should be clearly justified as a required change due to extenuating circumstances beyond control of the parties involved with the initial AGREEMENT signature.

6. Cover Sheet Approval Procedure

COVER SHEETS for all AGREEMENTS and CONTRACTS above $100,000 will continue to be signed by Unit Managers (SLT level), the CFO and the President & CEO prior to signing the AGREEMENTS.

COVER SHEETS for all program funded AGREEMENTS and CONTRACTS with the total value of $100,000 and less will be signed by the Unit Managers (SLT level) and the CFO, unless noted in Section 4 as an exception requiring President & CEO approval.

COVER SHEETS for all the AGREEMENTS and CONTRACTS funded from the indirect budget will be signed by the CFO and the President & CEO regardless of the amount.

COVER SHEETS shall be processed as follows:

- Sent by COB Wednesday to be signed by the CFO
- Sent to CEO by COB Friday for signature
- Authorization should be sent back to the Unit Managers (SLT level) by the following Wednesday if required President & CEO approval, if not the authorization will be sent back by COB Friday, immediately following CFO signature.

7. Submission of Cover Sheets and Agreements in PandaDoc

All COVER SHEETS and AGREEMENTS should be submitted in PandaDoc. To access Partners templates, employee will need to login using their Unit's login. All Partners templates can be found under the TEMPLATES tab in PandaDoc.

If not using Partners contractual templates, employees can upload their own document for approval by clicking "Create" and under Editor 2.0 "Upload".

All templates have both the AGREEMENT and COVER SHEET combined. COVER SHEETS are marked for "Internal Use Only". This will facilitate only one "flow" for both processes.

- Note, please be mindful of notes and comments on the COVER SHEET as they will be viewable to all parties on the PandaDoc document. These comments will show up in a white chat bubble.
- Similarly, all comments shared as "public" will be viewed by all recipients. These comments will show up in a white chat bubble.
- For private internal comments, you will need to select "private" comment and @name or email of the individual. These comments will show up in a yellow chat bubble.

In certain scenarios as described above, the role of Unit VP/Director will be signing both the COVER SHEET and AGREEMENT. As the approval flow in PandaDoc is pre-set, the document will automatically route to the Unit VP/Director first, then CFO, etc. The Unit VP/Director will be able to sign both the COVER SHEET and AGREEMENT immediately as the document will not route to the third--party recipient until the CFO approves.

If preferred, COVER SHEETS can still be submitted separately without the full AGREEMENT by going to "Templates" --> "COVER SHEETS". If the COVER SHEET is approved separately from the AGREEMENT, the employee will need to upload the fully executed COVER SHEET at the bottom of the AGREEMENT. Employees can delete the COVER SHEET page in the template at the bottom of the AGREEMENT if done separately.

8. Requirements for All Documents in PandaDoc

- When sending a document always click "Send via Email," never click "Share via Link." The link will not be shared and will be disabled.
- All signatories must follow the links sent to their private emails and/or login to their private PandaDoc account to sign documents. If signature on the certification page appears as "unverified," it will not be approved.
- Do not use the "attachments," always "upload" the documents.
