1. Purpose

To provide guidelines for the appropriate delegation of signature authority for payment authorization over project funded financial transactions. This policy also addresses signature authority and approval authority with respect to executing contracts or grants.

Indirect expenses can be approved by admin VPs for expenses that have been budgeted in the current year original budget or the forecast.

2. Effective Date

This policy/procedure is effective on January 01, 2023

3. Policy: Signatory Approvers

The following positions are authorized to sign payment requests, contracts, and grants up to the indicated thresholds.

Position	Threshold
VPs and POA Colombia Country Director	$500,000
Senior Directors I and II	$ 250,000
Directors I and II	$ 80,000
Associate Directors	$ 25,000

Permission is given and delegated by the President & CEO to approve payments and sign checks for payment. This approval attests to the appropriateness of the transaction within the POA and relates to project funded transactions. Prior to engaging in a contract or grant on behalf of POA a cover sheet MUST be signed by the appropriate VP. When the coversheet is signed by the VP, their signature only attests for the budget approval. The individual signing the agreement is responsible for that contract or grant, not the VP. (See flow chart for routing)

4. Approved Scenario

When payments are submitted in Bill.com, the platform will route the approvals based on the authorization of the individual submitting. The thresholds noted above will be the roles in Bill.com for payment approvals on behalf of the President & CEO as relates to the programmatic expenses.

5. Internal Controls

Only the President & CEO and the CFO have the ability to release payments in Bill.com .
