1. Purpose

To provide guidelines for the appropriate delegation of signature authority for payment authorizations and procurements for project funded financial transactions. This policy also addresses signature authority and approval authority with respect to executing cover sheets, and contracts or grants.

Indirect expenses can be approved by admin VPs for expenses that have been budgeted in the current year original budget or the forecast.

2. Effective Date

This policy/procedure is effective on Jan. 1, 2025.

3. Thresholds for Signatory Approvers

The following positions are authorized to sign payment requests, procurements, cover sheets, contracts, and grants up to the indicated thresholds below in USD.

Home Office Position	Threshold
President & CEO	No limit
Vice Presidents (VPs), Chief Financial Officer (CFO)	$1,000,000
Senior Directors I and II	$500,000
Operations Director & Directors I and II	$250,000
Associate Directors	$50,000*

Field Office Position*	Threshold
Country/Project Director/Chief of Party (PD/COP)	$100,000**
Deputy Project Director/Deputy Chief of Party (DPD/DCOP)	$50,000**

Approval requests should always be routed to the lowest level of signatory authority appropriate for the amount. Reference Annex A: Approval Matrix Cheat Sheet. Mandatory trainings will be required for all signatory approvers.

*Associate Directors will provide approvals where DPDs/DCOPs are not available or when thresholds are lowered below $50,000.

****Approval defaults to $100,000 for PD/COPs and $50,000 for DPD/DCOPs.** On case-by-case basis with approval from the Senior Vice President of Programs, the limit may be reduced downward to a minimum of $10,000 for PD/COPs an $5,000 for DPD/DCOPs. The limit provided to each field office position will be determined based on performance and compliance with POA policies. In such cases, a memo will be prepared (CC'd to the President & CEO, CFO, Sr.

1424 K Street NW Suite 700 Washington DC 20005 202.628.3300 www.partners.net

Directors, Contracts and Compliance), detailing the criteria and reasoning for adjustments, along with requirements necessary to adjust thresholds upwards.

3.1 Payment Authorizations

Permission is given and delegated by the President & CEO to approve payments, release payments from the bank and sign checks for payment. This approval attests to the appropriateness and allowability of the transaction within the POA and relates to project funded transactions.

3.2 Cover Sheet and Contract/Grant Authorizations

Prior to engaging in a contract or agreement on behalf of POA a cover sheet MUST be signed by the VP/HO Directors/COP/PD based on the appropriate approvers per the delegation above, the Contracts Team, and the Compliance Team. The President & CEO will sign cover sheets AND contracts larger than the VP's, CFO's delegation authority. Once the cover sheet has been signed by the VP/HO Director/COP/PD, it will be CC'd to the Contracts Team at contracts@partners.net for tracking, and potential FFATA reporting requirements.

The Compliance Team will review procurement documentation and contract details at compliance@partners.net. All staff should be completing the contract and cover sheet directly in PandaDoc.

When the coversheet is signed by the funding source approver, their signature only attests for the budget approval and appropriateness of the cost to the award. The individual signing the agreement is responsible for that contract or grant, not the cover sheet approver.

3.3 Procurement Authorizations

Procurements purchase requisition forms require technical authorization from programmatic teams based on the delegation of authority listed above (Thresholds for Signatory Approvers). On the purchase requisition form, the HO Director/COP/PD is responsible for reviewing the request and ensuring that the good or service is necessary for the project and that the expected award value is appropriate. The unit Vice President/CFO/Country Office Director and/or President & CEO provides authorizations for large purchases above the HO Director/COP/PD's approval threshold. The Compliance Team will be copied on the PRF and spot check to flag any potential issues (i.e. restricted commodities which may need prior approval and or waivers, wrong procurement method selected, wrong source selection selected, etc.).

Evaluation matrixes, negotiation memos, and source selection memos are to be signed by the appropriate authorized staff based on the dollar value of the procurement considering the "Thresholds for Signatory Approvers" above. Please note all sole source memos require approval from the Compliance Team as well. By signing the evaluation matrices, negotiation memos, and source selection memos, the approver is certifying that they have reviewed the procurement package and it is correctly documented, and that they agree with the final selected vendor.

1424 K Street NW Suite 700 Washington DC 20005 202.628.3300 www.partners.net

4. Payment Approval

4.1 Home Office Payment Approval

When payments are submitted in Bill.com, the platform will route the approvals based on the authorization of the individual submitting. The thresholds noted above will be the roles in Bill.com for payment approvals on behalf of the President & CEO as relates to the programmatic expenses. Respective Unit VPs will sign all administrative costs.

4.2 Field Office Payment Approval

All field office payment requests must be submitted in PandaDoc on the Payment Request Form. The programmatic approval will be provided by the appropriate approver based on the delegation above. The individual signing the payment request form as a technical approver is confirming the allowability and appropriateness of the cost for the program and the correct budget activity. The F&A Director approver signature is verifying and matching up the vendor invoice, supporting documentation, the procurement file, and the signed payment request.

5. Release of Payment Internal Controls

The below internal controls apply to all payments released from our bank accounts, PayPal, Airtm, or any other payment platform.

5.1 Home Office Release of Payment Internal Controls

Only the President & CEO and the CFO have the ability to release payments in Bill.com or the bank account.

5.2 Field Office Release of Payment Internal Controls

Only the Colombia Operations Director and the Finance Director in each office have the ability to release payments from local bank accounts. In the field office, a HO staff member will be added onto the bank account as a backup.
