Partners of the Americas

Budget Narrative

Introduction

In this section, Partners of the Americas (POA) provides a detailed explanation of the budget line items and the methods used to determine costs associated with implementing the proposed project strategy. POA's Finance and Administration (F&A) department is staffed with a talented group of professionals with years of experience related to financial administration and reporting. The finance department is made up of a Senior Finance & Administration Officer, a Field Finance Officer, an Account Payable Officer, one Senior Finance Consultant, a Controller, and a Chief Financial Officer (CFO) with over 20 years of experience in finance, accounting, auditing, and managing the financial reporting aspects of U.S. Government (USG) grants and contracts, and has significant experience overseeing cooperative agreements with USDOL. The F&A team works closely with project staff at POA's headquarters to monitor spending, ensure costs are allowable, and support project staff in country to implement the project in accordance with USG rules and regulations, local laws, as well as POA's internal policies.

Direct Labor

POA will follow U.S. and local labor laws for all employees identified in this proposal. Salaries are based on the established salary scale of the organization. Proposed salaries are also consistent with those paid to other personnel engaged in similar work within and outside of POA. Level of effort (LOE) budgeted is based on the scope of the program proposed. POA has applied a 3.5% yearly increase to account for inflation and for merit increases for all staff, consistent with POA policies. Following is a brief description of positions proposed.
