Hi Danielle,

Can we change the deadline to June 21st? We are currently working on month end closing for May and since we just received this, we need some time to review the documents in the shared document to give you a reasonable estimate.

Let us know.

Thanks,
Sara Jebena

Subject: Finance Policy Updates for Federal Contracts

Hi Debbie & Sara,

I'm following up on our prior conversation regarding the finance related policies we need to create or update as part of getting ready for federal contracts. I've saved a copy of the presentation, resources and draft policies I have in this folder: _Finance Policies for Contracts. We can use these resources and drafts as a base, and customize to POA. I've already started working on 2 of the updated policies needed (inventory management and record retention), which I've indicated on the folders. I'll finalize those two and have you both review. There are a few other policies I had started drafts of, and you can find those in the folder for you to continue editing. Other policies we will need to create entirely, but I've tried to save similar policies we can copy for POA.

Could you please let us know a reasonable timeline by COB June 16th to deliver these policies?

I'll be helping you throughout the process, so let me know any questions you have.

Thanks,

Danielle Martin
